### Notice of Issuance of Decisions and Orders by the Office of Hearings and Appeals During the Week of October 3 Through October 7, 1994

During the week of October 3 through October 7, 1994 the decisions and orders summarized below were issued with respect to appeals and applications for exception or other relief filed with the Office of Hearings and Appeals of the Department of Energy. The following summary also contains a list of submissions that were dismissed by the Office of Hearings and Appeals.

#### Appeals

##### *E.O. Smelser, 10/4/94, LFA-0420*

E.O. Smelser filed an Appeal from a denial by the Bartlesville Project Office of a Request for Information which he submitted under the Freedom of Information Act (the FOIA). In considering the Appeal, the DOE found that the requested documents were not "agency records" and so were not subject to the FOIA. Accordingly, the Appeal was denied. In reaching this decision, the DOE considered that although the agency had access to the

records, it did not possess the records when the request was made. Furthermore, the grant assistance agreement between the DOE and the grantee did not assign ownership of the records to the DOE.

##### *John P. Connelly, 10/7/94, LFA-0419*

John P. Connelly (Connelly) filed an Appeal from a determination issued to him by the Office of the Inspector General (OIG). The determination partially denied a Request for Information which Connelly submitted under the Freedom of Information and Privacy Acts. Connelly requested documents relating to employment announcements made by OIG for the position of Criminal Investigator at various DOE facilities, along with all records created by a former Assistant Inspector General regarding the specified announcements. In its determination, the OIG provided Connelly with various documents responsive to his Freedom of Information Act request. Connelly, in his Appeal, argued that (1) further responsive documents existed, (2) the documents that were provided to him were not provided to him in any logical order, and (3) OIG failed to make a search pursuant to the Privacy Act. In considering the Appeal, the DOE found

that (1) the records responsive to his request were not contained in a system of records that was subject to the Privacy Act, (2) OIG had no obligation under the FOIA to provide responsive records in a particular order, and (3) an adequate search had been conducted in response to the request. Accordingly, Connelly's Appeal was denied.

##### *Physicians for Social Responsibility, Inc., 10/6/94, LFA-0426*

Physicians for Social Responsibility, Inc. (PSRI) filed an Appeal from a determination issued to it on August 26, 1994, by the Chief of the Freedom of Information and Privacy Acts Branch of the Reference and Information Management Division. In that determination, the Chief stated that responsive documents could not be found pursuant to a Freedom of Information Act request. Specifically, the Chief denied a request for documents relating to a study allegedly done involving the Integral Fast Reactor. PSRI's request and subsequent appeal concerned the identical documents involved in another case. In that case, the DOE had confirmed the possible existence of documents responsive to the appellant's request and remanded the case for a search of the DOE Oak Ridge Operations Office and the DOE
