

will decide which, if any, of the proposed projects will be implemented. I will document the decision and reasons for the decision in the Record of Decision. That decision will be subject to Forest Service Appeal Regulations.

Dated: February 10, 1995.

Robert L. Schrenk,

Forest Supervisor.

BILLING CODE 3410-11-M

DEPARTMENT OF COMMERCE

Foreign-Trade Zones Board

[Docket 33-93]

Foreign-Trade Zone 92—Gulfport/Biloxi, MS; Application for Subzone; Chevron U.S.A. Products Company (Oil Refinery), Pascagoula, MS; Amendment of Application

Notice is hereby given that the application of the Gulfport/Biloxi Foreign-Trade Zone, Inc., grantee of FTZ 92, requesting special-purpose subzone status for the oil refinery of Chevron U.S.A. Products Company (Chevron), in Pascagoula, Mississippi (58 FR 41710, 8/5/93) has been amended to expand the scope of authority for activity to be conducted under zone procedures.

The original application indicated that Chevron would accept approval subject to the standard oil refinery restrictions (privileged foreign status on incoming foreign merchandise and full duties on fuel consumed). The amendment requests authority for the option to elect nonprivileged foreign status (NPF option) on foreign-sourced inputs used in the production of petrochemical feedstocks and refinery by-products, including the following: benzene, toluene, xylene, liquified petroleum gas, propane, butane, ethane, ethylene, propylene, butylene, butadiene, petroleum coke, asphalt, sulfur, sulfuric acid, distillates, fuel oils, kerosene.

The application remains otherwise unchanged.

The comment period is reopened until March 23, 1995.

Dated: February 10, 1995.

John J. Da Ponte, Jr.,

Executive Secretary.

BILLING CODE 3510-DS-P

International Trade Administration

[A-351-825, A-533-810, A-588-833]

Antidumping Duty Orders: Stainless Steel Bar from Brazil, India and Japan

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

EFFECTIVE DATE: February 21, 1995.

FOR FURTHER INFORMATION CONTACT: Irene Darzenta or James Terpstra, Office of Antidumping Investigations, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, N.W., Washington, D.C. 20230; telephone: (202) 482-3320 or (202) 482-6965, respectively.

Scope of Orders

The product covered by these orders is stainless steel bar (SSB). SSB means articles of stainless steel in straight lengths that have been either hot-rolled, forged, turned, cold-drawn, cold-rolled or otherwise cold-finished, or ground, having a uniform solid cross section along their whole length in the shape of circles, segments of circles, ovals, rectangles (including squares), triangles, hexagons, octagons or other convex polygons. SSB includes cold-finished SSBs that are turned or ground in straight lengths, whether produced from hot-rolled bar or from straightened and cut rod or wire, and reinforcing bars that have indentations, ribs, grooves, or other deformations produced during the rolling process.

Except as specified above, the term does not include stainless steel semi-finished products, cut length flat-rolled products (*i.e.*, cut length rolled products which if less than 4.75 mm in thickness have a width measuring at least 10 times the thickness, or if 4.75 mm or more in thickness having a width which exceeds 150 mm and measures at least twice the thickness), wire (*i.e.*, cold-formed products in coils, of any uniform solid cross section along their whole length, which do not conform to the definition of flat-rolled products), and angles, shapes and sections.

The SSB subject to these orders is currently classifiable under subheadings 7222.10.0005, 7222.10.0050, 7222.20.0005, 7222.20.0045, 7222.20.0075, and 7222.30.0000 of the Harmonized Tariff Schedule of the United States (HTSUS). Although the HTSUS subheadings are provided for convenience and customs purposes, our written description of the scope of these orders is dispositive.

Antidumping Duty Orders

In accordance with section 735(a) of the Tariff Act of 1930, as amended ("the Act"), on December 19, 1994, the Department of Commerce ("the Department") made its final determinations that SSB from Brazil, India and Japan was being sold at less than fair value (59 FR 66914, 66915, 66930 (Brazil, India and Japan, respectively) December 28, 1994). On February 10, 1995, the International Trade Commission notified the Department of its final determinations, pursuant to section 735(b)(1)(A)(i) of the Act, that an industry in the United States is materially injured by reason of imports of the subject merchandise.

Therefore, all unliquidated entries of SSB from Brazil, India and Japan entered, or withdrawn from warehouse, for consumption on or after August 4, 1994, which is the date on which the Department published its notices of preliminary determination in the **Federal Register**, are liable for the assessment of antidumping duties.

In accordance with section 736(a)(1) of the Act, the Department will direct Customs officers to assess, upon further advice by the administering authority, antidumping duties equal to the amount by which the foreign market value of the merchandise exceeds the United States price for all relevant entries of SSB from Brazil, India and Japan. Customs officers must require, at the same time as importers would normally deposit estimated duties on this merchandise, a cash deposit equal to the estimated weighted-average antidumping duty margins as noted below. The "All Others" rate applies to all exporters of subject merchandise not specifically listed below.

The *ad valorem* weighted-average dumping margins are as follows:

Manufacturer/Producer/Exporter	Margin percentage (percent)
Brazil:	
Acos Villares, S.A.	19.43
All Others	19.43
India:	
Grand Foundry, Ltd.	3.87
Mukand, Ltd.	21.02
All Others	12.45
Japan:	
Aichi Steel Works, Ltd	61.47
Daido Steel Co., Ltd	61.47
Sanyo Special Steel Co., Ltd	61.47
All Others	61.47

This notice constitutes the antidumping duty orders with respect to SSB from Brazil, India and Japan, pursuant to section 736(a) of the Act. Interested parties may contact the

Central Records Unit, Room B-099 of the Main Commerce Building, for copies of an updated list of antidumping orders currently in effect.

These orders are published in accordance with section 736(a) of the Act and 19 CFR 353.21.

Dated: February 13, 1995.

Susan G. Esserman,

Assistant Secretary for Import Administration.

BILLING CODE 3510-DS-P

Applications for Duty-Free Entry of Scientific Instruments

Pursuant to Section 6(c) of the Educational, Scientific and Cultural Materials Importation Act of 1966 (Pub. L. 89-651; 80 Stat. 897; 15 CFR part 301), we invite comments on the question of whether instruments of equivalent scientific value, for the purposes for which the instruments shown below are intended to be used, are being manufactured in the United States.

Comments must comply with 15 CFR 301.5(a)(3) and (4) of the regulations and be filed within 20 days with the Statutory Import Programs Staff, U.S. Department of Commerce, Washington, D.C. 20230. Applications may be examined between 8:30 A.M. and 5:00 P.M. in Room 4211, U.S. Department of Commerce, 14th Street and Constitution Avenue, N.W., Washington, D.C.

Docket Number: 95-003. **Applicant:** The Pennsylvania State University, Materials Research Laboratory, University Park, PA 16802-801. **Instrument:** Automatic Grinding, Mixing Stirring and Kneading Machines. **Manufacturer:** Nitto Kagaku Co., Ltd., Japan. **Intended Use:** The instrument will be used to grind and mix raw powders such as BaO TiO₂, and PbO, which will then be used in the processing of ceramic samples. It will ensure homogeneous mixing in half the time since it has dual arms. **Application Accepted by Commissioner of Customs:** January 18, 1995.

Docket Number: 95-004. **Applicant:** Purdue University, West Lafayette, IN 47907. **Instrument:** Electron Microscope, Model CM200. **Manufacturer:** Philips, The Netherlands. **Intended Use:** The instrument will be used for investigations that encompass structural studies of viruses and membranes to better understand processes of viral assembly, attachment, uncoating and replication and energy transduction through membranes. Experiments will include low irradiation transmission electron frozen-hydrated biological

macromolecules and on-line image analysis and processing of images recorded on slow-scan, charge-coupled device. In addition, the instrument will be used for educational purposes in the biology courses BIOL 695N, 695M, 698, and 699. **Application Accepted by Commissioner of Customs:** January 19, 1995.

Docket Number: 95-005. **Applicant:** Lamont-Doherty Earth Observatory of Columbia University, Route 9W, Palisades, NY 10964-000. **Instrument:** Mass Spectrometer, Model VG 5400. **Manufacturer:** Fisons Instruments, United Kingdom. **Intended Use:** The instrument will be used for analysis of He isotope, tritium and Ne concentrations and ³He/⁴He ratios of water samples from natural systems (oceans, groundwater, lakes). The objective of these studies is the investigation of flow patterns and mean residence time of aquatic systems. During this research, graduate students will be trained in the methods of noble gas analysis. **Application Accepted by Commissioner of Customs:** January 25, 1995.

Docket Number: 95-006. **Applicant:** Northwestern University, 1847 Sheridan Road, Evanston, IL 60208-150. **Instrument:** Mass Spectrometer, Model OPTIMA. **Manufacturer:** Fisons Instruments, United Kingdom. **Intended Use:** The instrument will be used to prepare gaseous samples and measure isotope ratios of low atomic weight chemical elements in gaseous chemical compounds. Studies of environmental and/or geological samples of solids, liquids, gases; for example, minerals, waters, petroleum, and microfossil shell and organic materials from sedimentary and aqueous environments will be conducted. In addition, the instrument will be used for training purposes in various graduate, advance undergraduate and sophomore to senior level courses which involve introductions in stable isotope geochemistry. **Application Accepted by Commissioner of Customs:** January 26, 1995.

Docket Number: 95-007. **Applicant:** Ohio State University, Department of Physics, 174 West 18th Avenue, Columbus, OH 43210. **Instrument:** Frequency Synthesizer. **Manufacturer:** KVARTZ Measuring Instruments & Systems, CIS. **Intended Use:** The instrument will be used to study low pressure gases including HNO₃, HOOH, H₂O, H₂S, SO₂ and CH₃F with two basic objectives: (1) to understand molecular structure and the dynamics of collisions between molecules and (2) to determine molecular spectroscopic parameters so that they can be used in remote sensing

experiments of molecules in the atmosphere. **Application Accepted by Commissioner of Customs:** January 30, 1995.

Pamela Woods,

Acting Director, Statutory Import Programs Staff.

BILLING CODE 3510-DS-F

Minority Business Development Agency

Business Development Center Applications: Baton Rouge, LA

AGENCY: Minority Business Development Agency, Commerce.

ACTION: Notice.

SUMMARY: In accordance with Executive Order 11625 and 15 U.S.C. 1512, the Minority Business Development Agency (MBDA) is soliciting competitive applications to operate its Baton Rouge Minority Business Development Center (MBDC).

The purpose of the MBDC Program is to provide business development services to the minority business community to help establish and maintain viable minority businesses. To this end, MBDA funds organizations to identify and coordinate public and private sector resources on behalf of minority individuals and firms; to offer a full range of client services to minority entrepreneurs; and to serve as a conduit of information and assistance regarding minority business. The MBDC will provide service in the Baton Rouge, Louisiana Metropolitan Area. The award number of the MBDC will be 06-0-95010-1.

DATES: The closing date for applications is March 20, 1995. Applications must be received in the MBDA Headquarters' Executive Secretariat on or before March 20, 1995. A pre-application conference will be held on March 1, 1995, at 10:00 a.m., at the Dallas Regional Office, 1100 Commerce Street, Room 7B23, Dallas, Texas 75242, (214) 767-8001.

ADDRESSES: U.S. Department of Commerce, Minority Business Development Agency, Executive Secretariat, 14th and Constitution Avenue, N.W., Room 5073, Washington, D.C. 20230, (202) 482-3763.

FOR FURTHER INFORMATION CONTACT: Demetrice Jenkins at (214) 767-8001.

SUPPLEMENTARY INFORMATION: Contingent upon the availability of Federal funds, the cost of performance for the first budget period (13 months) from August 1, 1995 to August 31, 1996,
