BILLING CODE 3510-22-F

BILLING CODE 3510-22-F

## COMMITTEE FOR THE IMPLEMENTATION OF TEXTILE AGREEMENTS

### Announcement of Time and Location of Hearing on Integration of the Textile and Clothing Sectors Into the World Trade Organization

February 16, 1995.

**AGENCY:** Committee for the  
Implementation of Textile Agreements  
(CITA).

**ACTION:** Notice of the time and location  
of the public hearing on integration.

**FOR FURTHER INFORMATION CONTACT:**  
Julie Carducci, Office of Textiles and  
Apparel, U.S. Department of Commerce,  
(202) 482-3588.

#### SUPPLEMENTARY INFORMATION:

**Authority:** Executive Order 11651 of March  
3, 1972, as amended; section 204 of the  
Agricultural Act of 1956, as amended (7  
U.S.C. 1854).

The Uruguay Round Agreement on  
Textiles and Clothing (ATC), approved  
by Congress as part of the Uruguay  
Round Agreements Act, provides for the  
integration of the textiles and clothing  
sectors into the World Trade  
Organization.

On January 30, 1995, the Committee  
for the Implementation of Textile  
Agreements (CITA) published a Federal  
Register notice (60 FR 5625) announcing  
the proposed list of products for  
integration in the second and third  
phases of the integration. CITA  
requested interested parties to submit  
comments on the proposed list, and  
announced a hearing to address any  
significant issues related to the second  
and third phases of the integration. The  
notice informed interested parties of the  
deadlines, given below, for participating  
in the hearing and submitting written  
testimony.

The hearing will be held from 10 a.m.  
to 1 p.m. on March 20, 1995 in the Main  
Hearing Room at the International Trade  
Commission, 500 E Street, SW.,  
Washington, DC. Parties wishing to  
participate in the hearing should contact  
Julie Carducci, (202) 482-3588; fax (202)  
482-0858, no later than February 23,  
1995 to arrange for their appearance.  
The time available for individual  
presentations will be based on the

number of participants attending the  
hearing. Note there will be reasonable  
time limits on parties' participation in  
the hearing.

Written testimony and other  
comments to be presented at the hearing  
must be submitted to the Chairman of  
CITA on or before March 2, 1995.  
Submissions in triplicate may be  
addressed to the Chairman, Committee  
for the Implementation of Textile  
Agreements, room 3001, U.S.  
Department of Commerce, 14th and  
Constitution Avenue NW., Washington,  
DC 20230.

All information submitted in response  
to this notice will be available for public  
inspection at the same address.  
Protection of proprietary or business  
confidential information from  
disclosure is limited to the requirements  
of the Freedom of Information Act (5  
U.S.C. 552). Therefore, if a participant  
deems it necessary to submit  
information intended to be business  
confidential, the information must be  
designated as such and accompanied by  
a non-confidential version. Information  
designated business confidential will be  
protected from disclosure only to the  
extent required by law.

**Rita D. Hayes,**

*Chairman, Committee for the Implementation  
of Textile Agreements.*

BILLING CODE 3510-DR-M

## CORPORATION FOR NATIONAL AND COMMUNITY SERVICE

### Civilian Community Corps Advisory Board Meeting

**AGENCY:** Corporation for National  
Community Service.

**ACTION:** Notice of meeting.

**SUMMARY:** The Corporation for National  
and Community Service, gives notice  
under Public Law 92-463 (Federal  
Advisory Committee Act), that it will  
hold a meeting of the Civilian  
Community Corps (CCC) Advisory  
Board. The board advises the Director of  
the CCC concerning the administration  
of the program and assists in the  
development and administration of the  
Corps. This meeting of the Board will  
discuss the progress to date and future  
direction of the program. The meeting  
will be open to the public up to the  
seating capacity of the room.

**DATES:** March 7, 1995, 6:00pm-9:00pm;  
March 8, 1995, 9:00 am-5:00pm.

**ADDRESSES:** Crystal City Doubletree  
Hotel, Arlington, VA.

**FOR FURTHER INFORMATION CONTACT:** To  
assure adequate accommodation,

contact Ms. Carla Sims, Protocol Officer,  
CCC at 1201 New York Avenue, NW.,  
Washington, DC 20525; (202) 606-5000  
ext. 179 or (202) 606-5000 (TDD) prior  
to March 7, 1995.

**Donald L. Scott,**

*Director, NCCC.*

[FR Doc. 95-4462 Filed 2-22-95; 8:45 am]

BILLING CODE 6050-28-M

## DEPARTMENT OF DEFENSE

### Department of the Navy

#### Correction to Notice of Public Hearings for the Draft Environmental Impact Statement for the Disposal and Reuse Naval Hospital Long Beach, Long Beach, CA

Correction is hereby made to  
paragraph seven, first sentence of the  
Notice of Public Hearing for the Draft  
Environmental Impact Statement (DEIS)  
for the disposal and reuse of Naval  
Hospital Long Beach, California that  
appeared in the **Federal Register** on  
February 14, 1995 (60 FR 8345). The  
sentence should read: "In the interest of  
available time, each speaker will be  
asked to limit their oral comments to  
three minutes".

Dated: February 16, 1995.

**M.D. Schetzlsle,**

*Lt., JAGC, USNR, Alternate Federal Register  
Liaison Officer.*

[FR Doc. 95-4423 Filed 2-22-95; 8:45 am]

BILLING CODE 3810-FF-P

### CNO Executive Panel; Closed Meeting

Pursuant to the provisions of the  
Federal Advisory Committee Act (5  
U.S.C. App. 2), notice is hereby given  
that the Chief of Naval Operations  
(CNO) Executive Panel will meet on  
March 16, 1995, from 9:00 a.m. to 4:00  
p.m. The meeting will be held at 4401  
Ford Avenue, Alexandria, Virginia. This  
session will be closed to the public.

The purpose of this meeting is to  
conduct discussions on strategies for an  
uncertain future to include current  
intelligence, wargaming, and current  
Navy Staff hedging strategies. These  
matters constitute classified information  
that is specifically authorized by  
Executive order to be kept secret in the  
interest of national defense and are, in  
fact, properly classified pursuant to  
such Executive order. Accordingly, the  
Secretary of the Navy has determined in  
writing that the public interest requires  
that all sessions of the meeting be closed  
to the public because they will be  
concerned with matters listed in section  
552b(c)(1) of title 5, United States Code.

For further information concerning this meeting, contact: Timothy J. Galpin, Assistant for CNO Executive Panel Management, 4401 Ford Avenue, Suite 601, Alexandria, VA 22302-0268, Phone: (703) 756-1205.

Dated: February 16, 1995.

**L. R. McNees,**

*LCDR, JAGC, USN, Federal Register Liaison Officer.*

## DEPARTMENT OF ENERGY

### Finding of No Significant Impact Proposed Remedial Action at Two Uranium Processing Sites Near Slick Rock, CO

**AGENCY:** Department of Energy.

**ACTION:** Finding of no significant impact.

**SUMMARY:** The U.S. Department of Energy (DOE) has prepared an environmental assessment (EA) (DOE/EA-0339) of the proposed remedial action at two uranium processing sites near Slick Rock in San Miguel County, Colorado. These sites contain radioactively contaminated materials that would be removed and stabilized at a remote location. Based on the information and analyses in the EA, the DOE has determined that the proposed action does not constitute a major Federal action significantly affecting the quality of the human environment within the meaning of the National Environmental Policy Act (NEPA) of 1969 (42 U.S.C. 4321 *et seq.*), as amended. Therefore, preparation of an environmental impact statement is not required, and the DOE is issuing this Finding of No Significant Impact (FONSI).

**ADDRESSES:** Single copies of the ea are available from: Charles Cormier, Uranium Mill Tailings Remedial Action Acting Project Manager, U.S. Department of Energy, Uranium Mill Tailings Remedial Action Project Office, 2155 Louisiana NE, Suite 4000, Albuquerque, New Mexico 87110 (505) 845-4628.

**FOR FURTHER INFORMATION ON THE NEPA PROCESS, CONTACT:** Carol M. Borgstrom, Director, Office of NEPA Oversight, EH-25 U.S. Department of Energy, 1000 Independence Avenue, SW., Washington, D.C. 20585 (202) 586-4600 or 1-800-472-2756.

## SUPPLEMENTARY INFORMATION:

### Background

The Uranium Mill Tailings Radiation Control Act (UMTRCA) of 1978, Public Law (PL) 95-604, authorized the DOE to perform remedial action at two uranium processing sites near Slick Rock, Colorado, to reduce the potential health effects from the radioactive materials at the sites and at vicinity properties associated with the processing sites. The U.S. Environmental Protection Agency (EPA) promulgated standards for the UMTRCA in Title 40, Code of Federal Regulations, Part 192 (40 CFR Part 192). These standards contain measures to control the contaminated materials and to protect groundwater quality. Remedial action at the Slick Rock sites must be performed in accordance with these standards and with the concurrence of the U.S. Nuclear Regulatory Commission (NRC) and the state of Colorado.

### Site Descriptions

The Slick Rock uranium processing sites consist of the Union Carbide and North Continent sites. The Union Carbide processing site is approximately 2 road miles northwest of the unincorporated town of Slick Rock in San Miguel County, Colorado. The North Continent processing site is approximately 1 road mile east of the Union Carbide site. Both sites are on the west bank of the Dolores River in the floodplain, and the nearest residence to either site is approximately 0.3 air mile. Both the Union Carbide and North Continent sites are privately owned. Almost all the land surrounding the processing sites is administered by the Bureau of Land Management (BLM) and is used for livestock grazing. County Roads S8, S9, and 10R traverse the area of the processing sites and connect with State Highway 141 approximately 0.75 road mile south of the North Continent site.

Contaminated materials at the Union Carbide and North Continent processing sites cover approximately 55 and 12 acres, respectively. There are also 17 acres of contaminated materials across the Dolores River from the Union Carbide site. The contaminated materials consist of the uranium mill tailings from the uranium ore processing operations, soils beneath the tailings, and windblown and waterborne contamination from the tailings. The total volume of contaminated materials at both processing sites is estimated to be 618,300 cubic yards. In addition, approximately 2500 cubic yards of contaminated materials at four nearby

properties (vicinity properties) are associated with the processing sites.

The proposed Burro Canyon disposal site is approximately 5 road miles east of the Slick Rock processing sites via County Roads S8 and 10R and State Highway 141. The site is above the 1000-year floodplain of the Dolores River. The disposal site is on land administered by the BLM and used primarily for livestock grazing. The town of Slick Rock is approximately 2 air miles southwest of the disposal site.

### Proposed Action

The proposed remedial action is relocation of the contaminated materials from the Slick Rock processing sites to the Burro Canyon disposal site. At the disposal site, the contaminated materials would be stabilized in a partially below grade disposal cell and covered with approximately 5 feet of earth and rock. The disposal cell would cover approximately 12 acres and the final disposal site would cover approximately 57 acres. The final disposal site would be permanently transferred from the BLM to the DOE, and any future use of the disposal site would be precluded. Approximately 178 acres at the Burro Canyon site would be used for the disposal cell, final disposal site, and temporary construction facilities. Soil excavated at the disposal site would be used to construct the disposal cell; any remaining soil would be left at the disposal site, graded, and reseeded. Ground water at the disposal site would be protected by the claystones and mudstones in the geological formations below the disposal site. These natural foundation materials would inhibit any downward migration of contaminated water from the contaminated materials. The disposal cell cover system would inhibit infiltration of rainfall and runoff through the disposal cell.

After remedial action, the Slick Rock processing sites would be backfilled with clean fill material, recontoured to promote surface drainage, and revegetated. The processing sites would then be released for any uses consistent with existing land use controls. The DOE will evaluate the need for ground water compliance at the processing sites during the Uranium Mill Tailings Remedial Action (UMTRA) Ground Water Project.

The proposed remedial action includes the application of supplemental standards to approximately 17 acres of BLM-administered land across the Dolores River from the Union Carbide processing site. This area contains riparian habitat, and there is no access
