

Final Results of Redetermination

On June 14, 1994, the CIT affirmed our redetermination (Slip Op. 94-99). In accordance with that affirmation, we are amending the final determination of sales at less than fair value and antidumping duty order. In accordance with section 736 of the Act, the Department will direct Customs to require, on entries of WSSP from Korea entered, or withdrawn, from warehouse for consumption on or after the date of this notice, at the same time as importers would normally deposit estimated duties, the following cash deposits:

Manufacturer/producer/exporter	Margin percentage
Pusan Steel Pipe Co., Ltd.	2.67
Sammi Metal Products Co., Ltd.	7.92
All Others	7.00

If entries of WSSP from Korea entered on or after June 25, 1994, the effective date of the CIT's decision, are liquidated without review pursuant to 19 CFR 353.22(e), the Department will direct Customs to liquidate such entries in accordance with these rates.

This notice constitutes the amended final determination and antidumping duty order with respect to welded stainless steel pipe from the Republic of Korea. Interested parties may contact the Central Records Unit, Room B-099 of the Main Commerce Building, for copies of an updated list of antidumping duty orders currently in effect.

This amended final determination and order is published in accordance with sections 735(a) and 736(a) of the Act and 19 CFR 353.20(a)(4) and 353.21.

Dated: February 16, 1995.

Notice of Postponement of Preliminary Antidumping Duty Determination: Manganese Metal From the People's Republic of China

AGENCY: Import Administration, International Trade Administration, Commerce.

EFFECTIVE DATE: February 23, 1995.

FOR FURTHER INFORMATION CONTACT:

Cameron Werker (202-482-3874), Office of Antidumping Investigations, Import Administration, International Trade Administration, U.S. Department of

Commerce, 14th Street and Constitution Avenue NW, Washington, D.C. 20230.

POSTPONEMENT OF PRELIMINARY DETERMINATION:

On November 28, 1994, the Department of Commerce ("the Department") initiated the antidumping duty investigation of manganese metal from the People's Republic of China (PRC) (59 FR 61869, December 2, 1994). The notice of initiation incorrectly reported the date of the preliminary determination as April 27, 1995. The correct date is April 17, 1995.

On December 27, 1994, the U.S. International Trade Commission determined that there is a reasonable indication that a U.S. domestic industry is threatened with material injury by reason of imports of manganese metal from the PRC (60 FR 146-147, January 3, 1995).

Information available to the Department indicates that there may be many producers/exporters of the subject merchandise. Further, although requested, the PRC government has not yet identified those PRC exporters that sold manganese metal to the United States during the period of investigation. The Department is still attempting to identify these PRC companies. This process of identifying all PRC producers/exporters of the subject merchandise during the POI requires that we determine that this investigation is extraordinarily complicated and that additional time is necessary to make the preliminary determination. Furthermore, the respondent parties in this investigation have thus far cooperated with the requests of the Department. Therefore, pursuant to section 733(c)(1)(B) of the Tariff Act of 1930, as amended (the Act), we are postponing our preliminary determination in this investigation until no later than June 6, 1995.

This notice is published pursuant to section 733(c)(2) of the Act, as amended, and 19 CFR 353.15(d).

Dated: February 15, 1995.

Deputy Assistant Secretary for Investigations.

SUPPLEMENTARY INFORMATION: Chapter 19 of the North American Free-Trade Agreement ("Agreement") establishes a mechanism to replace domestic judicial review of final determinations in antidumping and countervailing duty cases involving imports from a NAFTA country with review by independent binational panels. When a Request for Panel Review is filed, a panel is established to act in place of national courts to review expeditiously the final determination to determine whether it conforms with the antidumping or countervailing duty law of the country that made the determination.

Under Article 1904 of the Agreement, which came into force on January 1, 1994, the Government of the United States, the Government of Canada and the Government of Mexico established *Rules of Procedure for Article 1904 Binational Panel Reviews* ("Rules"). These Rules were published in the **Federal Register** on February 23, 1994 (59 FR 8686).

A first Request for Panel Review was filed with the U.S. Section of the NAFTA Secretariat, pursuant to Article 1904 of the Agreement, on February 8, 1995, requesting panel review of the final antidumping duty administrative review described above.

The Rules provide that:
