Tennessee Gas Pipeline Co.; Notice of Filing

February 17, 1995.

Take notice that on February 6, 1995, Tennessee Gas Pipeline Company (Tennessee) submits Substitute Tenth Revised Sheet No. 30 of its FERC Gas Tariff, Fifth Revised Volume No. 1 to be effective January 1, 1995. On November 30, 1994, Tennessee filed Tenth Revised Sheet No. 30 to reflect a revision to its Transportation Cost Rate Adjustment. Subsequently, Tennessee made a compliance filing on December 15, 1994, in Docket No. RP94-425, restating its GSR surcharge effective November 1, 1994. In that filing Tennessee should have included an additional sheet No. 30 to be effective January 1, 1995 which would supersede the November 30th sheet and effectuate the reduced GSR surcharge. Tennessee is hereby effectuating the change to the reduced GSR surcharge.

Tennessee states that copies of the filing are available for inspection at its principal place of business in the Tenneco Building, Houston, Texas, and have been mailed to affected parties.

Any person desiring to protest said filing should file a protest with the Federal Energy Regulatory Commission, 825 North Capitol Street, N.E.,

Washington, D.C. 20426, in accordance with Rule 211 of the Commission's Rules of Practice and Procedure (18 CFR 385.211). All such protests should be filed before February 27 1995. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Copies of the filing are on file with the Commission and are available for public inspection.
