Forest Service

Ski Fee System Advisory Committee

AGENCY: Forest Service, USDA.

ACTION: Notice; request for nominations.

SUMMARY: The Forest Service seeks nominations for the Ski Fee System Advisory Committee established by the Secretary of Agriculture. The purpose of the committee is to advise the Secretary on development of a new ski area permit fee system to be administered by the Forest Service on National Forest System lands.

DATES: Nominations must be received in writing by March 27, 1995.

ADDRESSES: Send nominations to the Director, Recreations, Heritage, and Wilderness Resources Staff (4 CEN AUD; 2300), Forest Service, USDA, P.O. Box 96090, Washington, DC 20090-6090 or FAX to (202) 205-1145.

FOR FURTHER INFORMATION CONTACT: Questions about this committee and nominations should be addressed to Lyle Laverty, Director, Recreation, Heritage, and Wilderness Resources Staff, Forest Service, (202) 205-1706.

SUPPLEMENTARY INFORMATION: The Forest Service is responsible for developing and administering a permit fee system based on fair market value for the use of National Forest System lands by ski areas. The current graduated rate fee system, in effect since 1972, has been the subject of several appeals and litigation. Further, studies by the General Accounting Office and the

Office of Inspector General have concluded this system does not ensure the agency receives a fee from ski areas under special use permits that represents fair market value.

The Secretary of Agriculture has established the Ski Fee System Advisory Committee (the Committee) to provide advice from a diversity of interests on: The development of a new ski area permit fee system based on fair market value; the methodologies selected and employed by the Forest Service in developing this new system; implementation options the agency might consider; and other matters relating to the new ski area permit fee system as deemed necessary by the Secretary (60 FR 9321, February 17, 1995).

The Secretary has directed the Forest Service to request and coordinate nominations for this committee. The Secretary will appoint the members of the Committee. Nominations should be sent to the address listed earlier in this notice. All appointments to the Committee will follow equal opportunity practices consistent with USDA politics. To ensure that the recommendations of the Committee have taken into account the needs of the diverse groups served by the Department and the Forest Service, membership will include, to the extent practicable, individuals with demonstrated ability to represent minorities, women, and persons with disabilities. To achieve a balance of views, members will represent the ski industry, ski area users, nationally or regionally recognized environmental or resource conservation groups, and employees of State and Federal agencies with jurisdiction over matters related to skiing, public land management, recreational access to public lands, fish and wildlife conservation, or environmental protection. Also, individuals selected for membership will have expertise through their education or practical experience in ski area permit administration, recreation business management, economic sciences, natural management, or similar disciplines.

Dated: February 21, 1995.

David G. Unger,

Associate Chief.
