

International Trade Tribunal (CITT) respecting Certain Solder Joint Pressure Pipe Fittings and Solder Joint Drainage, Waste and Vent Pipe Fittings, made of Cast Copper Alloy, Wrought Copper Alloy or Wrought Copper, Originating in or Exported from the United States of America (Secretariat File No. CDA-93-1904-11) affirmed the determination of the CITT. A copy of the complete panel decision is available from the NAFTA Secretariat.

FOR FURTHER INFORMATION CONTACT: James R. Holbein, United States Secretary, NAFTA Secretariat, Suite 2061, 14th and Constitution Avenue, Washington, DC 20230, (202) 482-5438.

SUPPLEMENTARY INFORMATION: Chapter 19 of the United States-Canada Free-Trade Agreement ("Agreement") establishes a mechanism to replace domestic judicial review of final determinations in antidumping and countervailing duty cases involving imports from the other country with review by independent binational panels. When a Request for Panel Review is filed, a panel is established to act in place of national courts to review expeditiously the final determination to determine whether it conforms with the antidumping or countervailing duty law of the country that made the determination.

Under Article 1904 of the Agreement, which came into force on January 1, 1989, the Government of the United States and the Government of Canada established Rules of Procedure for Article 1904 Binational Panel Reviews ("Rules"). The Rules were published in the Federal Register on December 30, 1988 (53 FR 53212). The Rules were amended by Amendments to the Rules of Procedures for Article 1904 Binational Panel Reviews, published in the Federal Register on December 27, 1989 (54 FR 53165). A consolidated version of the amended Rules was published in the Federal Register on June 15, 1992 (57 FR 26698). The Rules were further amended and published in the Federal Register on February 8, 1994 (59 FR 5892). The panel review in this matter was conducted in accordance with the Rules, as amended.

PANEL DECISION: In the February 13, 1995 decision, the Binational Panel affirmed the investigating authority's determination respecting Certain Solder Joint Pressure Pipe Fittings and Solder Joint Drainage, Waste and Vent Pipe Fittings, made of Cast Copper Alloy, Wrought Copper Alloy or Wrought Copper, Originating in or Exported from the United States of America made by the Canadian International Trade Tribunal.

A Notice of Final Panel Action will be issued on the eleventh (11) day following the issuance of the decision (February 24, 1995).

Dated: February 21, 1995.
James R. Holbein,
United States Secretary, NAFTA Secretariat.

[Docket No. 950210047-5047-01; I.D. 011195B]

RIN 0648-XX08

Atlantic Monkfish Fishery; Control Date

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of control date for entry into the Atlantic monkfish fishery.

SUMMARY: This notice announces that anyone entering the Atlantic monkfish fishery after February 27, 1995 (control date), will not be assured of future access to the Atlantic monkfish resource in Federal waters if a management regime is developed and implemented under the Magnuson Fishery Conservation and Management Act (Magnuson Act) that limits the number of participants in the fishery. This announcement is intended to promote awareness of potential eligibility criteria for future access to the Atlantic monkfish resource and to discourage new entries into this fishery based on economic speculation, while the New England and Mid-Atlantic Fishery Management Councils (Councils) contemplate whether and how access to the Atlantic monkfish fishery should be controlled. The potential eligibility criteria may be based on historical participation, defined as any number of trips having any documented amount of monkfish landings. This announcement, therefore, gives the public notice that they should locate and preserve records that substantiate and verify their participation in the monkfish fishery.
EFFECTIVE DATE: February 27, 1995.
