

application has been accepted for processing, it will also be available for inspection at the offices of the Board of Governors. Interested persons may express their views in writing to the Reserve Bank or to the offices of the Board of Governors. Any comment on an application that requests a hearing must include a statement of why a written presentation would not suffice in lieu of a hearing, identifying specifically any questions of fact that are in dispute and summarizing the evidence that would be presented at a hearing.

Unless otherwise noted, comments regarding each of these applications must be received not later than March 23, 1995.

A. Federal Reserve Bank of Atlanta (Zane R. Kelley, Vice President) 104 Marietta Street, N.W., Atlanta, Georgia 30303:

1. *FBD Holding Company*, Dalton, Georgia; to become a bank holding company by acquiring 100 percent of the voting shares of First Bank of Dalton (in organization), Dalton, Georgia.

B. Federal Reserve Bank of Kansas City (John E. Yorke, Senior Vice President) 925 Grand Avenue, Kansas City, Missouri 64198:

1. *Commerce Bancshares, Inc., and its wholly owned subsidiary, CBI-Illinois*, both of Kansas City, Missouri; to acquire 100 percent of the voting shares of Chillicothe State Bancorp, Inc., Chillicothe, Illinois, and thereby indirectly acquire Chillicothe State Bank, Chillicothe, Illinois.

Board of Governors of the Federal Reserve System, February 21, 1995.

Jennifer J. Johnson,

Deputy Secretary of the Board.

BILLING CODE 6210-01-F

Phillip Ray Key, et al.; Change in Bank Control Notices; Acquisitions of Shares of Banks or Bank Holding Companies

The notificants listed below have applied under the Change in Bank Control Act (12 U.S.C. 1817(j)) and § 225.41 of the Board's Regulation Y (12 CFR 225.41) to acquire a bank or bank holding company. The factors that are considered in acting on the notices are set forth in paragraph 7 of the Act (12 U.S.C. 1817(j)(7)).

The notices are available for immediate inspection at the Federal Reserve Bank indicated. Once the notices have been accepted for processing, they will also be available for inspection at the offices of the Board of Governors. Interested persons may

express their views in writing to the Reserve Bank indicated for that notice or to the offices of the Board of Governors. Comments must be received not later than March 13, 1995.

A. Federal Reserve Bank of Kansas City (John E. Yorke, Senior Vice President) 925 Grand Avenue, Kansas City, Missouri 64198:

1. *Phillip Ray and Connie Lea Key*, both of Sulphur, Oklahoma; to acquire an additional 58.55 percent, for a total of 80.85 percent, of the voting shares of Sulphur Community Bancshares, Inc., Sulphur, Oklahoma, and thereby indirectly acquire Sulphur Community Bank, Sulphur, Oklahoma.

Board of Governors of the Federal Reserve System, February 21, 1995.

Jennifer J. Johnson,

Deputy Secretary of the Board.

[FR Doc. 95-4710 Filed 2-24-95; 8:45 am]

BILLING CODE 6210-01-F

Union Bank of Switzerland; Acquisition of Company Engaged in Permissible Nonbanking Activities

The organization listed in this notice has applied under § 225.23(a)(2) or (f) of the Board's Regulation Y (12 CFR 225.23(a)(2) or (f)) for the Board's approval under section 4(c)(8) of the Bank Holding Company Act (12 U.S.C. 1843(c)(8)) and § 225.21(a) of Regulation Y (12 CFR 225.21(a)) to acquire or control voting securities or assets of a company engaged in a nonbanking activity that is listed in § 225.25 of Regulation Y as closely related to banking and permissible for bank holding companies. Unless otherwise noted, such activities will be conducted throughout the United States.

The application is available for immediate inspection at the Federal Reserve Bank indicated. Once the application has been accepted for processing, it will also be available for inspection at the offices of the Board of Governors. Interested persons may express their views in writing on the question whether consummation of the proposal can "reasonably be expected to produce benefits to the public, such as greater convenience, increased competition, or gains in efficiency, that outweigh possible adverse effects, such as undue concentration of resources, decreased or unfair competition, conflicts of interests, or unsound banking practices." Any request for a hearing on this question must be accompanied by a statement of the reasons a written presentation would not suffice in lieu of a hearing, identifying specifically any questions of fact that are in dispute, summarizing the

evidence that would be presented at a hearing, and indicating how the party commenting would be aggrieved by approval of the proposal.

Comments regarding the application must be received at the Reserve Bank indicated or the offices of the Board of Governors not later than March 13, 1995.

A. Federal Reserve Bank of New York (William L. Rutledge, Senior Vice President) 33 Liberty Street, New York, New York 10045:

1. *Union Bank of Switzerland*, Zurich, Switzerland; to acquire Government Pricing Information System, Inc., New York, New York, and thereby engage in providing to others data processing and data transmission services, facilities (including data processing and data transmission hardware, software, documentation or operating personnel), data bases, or access to such services, facilities, or data bases, pursuant to § 225.25(b)(7) of the Board's Regulation Y.

Board of Governors of the Federal Reserve System, February 21, 1995.

Jennifer J. Johnson,

Deputy Secretary of the Board.

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Office of the Secretary

Findings of Scientific Misconduct

AGENCY: Office of the Secretary, HHS.

ACTION: Notice.

SUMMARY: Notice is hereby given that the Office of Research Integrity (ORI) has made final findings of scientific misconduct in the following case:

Vivian N. Tanner, Cleveland Clinic Foundation: The Division of Research Investigations of the Office of Research Integrity (ORI) conducted an investigation into possible scientific misconduct on the part of Vivian N. Tanner while she was a clinic coordinator for the Collaborative Ocular Melanoma Study (COMS) at the Cleveland Clinic Foundation (CCF). ORI concluded that Ms. Tanner committed scientific misconduct by falsifying and fabricating clinical trial data on research data forms related to a multicenter study on the treatment of choroidal melanoma, a rare form of eye cancer. Due to these falsifications and fabrications, inaccurate clinical data were entered into the clinical trial database. These acts were committed over a period of several years, were material, and, therefore, were

potentially detrimental to the study. The CCF COMS project has received U.S. Public Health Service support from 1985 to the present through subcontract funds from a National Eye Institute cooperative agreement award to the COMS Coordinating Center, The Wilmer Ophthalmological Institute, The Johns Hopkins Medical Institutions, Baltimore, Maryland. Because the COMS is an ongoing study, no publications were affected by the falsified or fabricated data, and no clinical treatment has been based on the results of the study.

FOR FURTHER INFORMATION CONTACT:
Director, Division of Research Investigations, Office of Research Integrity, 301-443-5330.

Lyle W. Bivens,

Director, Office of Research Integrity.

BILLING CODE 4160-17-P

Centers for Disease Control and Prevention

[Announcement Number 524]

Injury Control Research Program Project Grants

Introduction

The Centers for Disease Control and Prevention (CDC) announces the availability of fiscal year (FY) 1995 funds for Injury Control Research Program Project Grants (RPPGs). The Public Health Service (PHS) is committed to achieving the health promotion and disease prevention objectives of "Healthy People 2000," a PHS-led national activity to reduce morbidity and mortality and improve the quality of life. This announcement is related to the priority areas of Violent and Abusive Behavior and Unintentional Injuries. For ordering a copy of "Healthy People 2000," see the Section Where to Obtain Additional Information.

Authority

This program is authorized under Sections 301 and 391-394 of the Public Health Service Act (42 U.S.C. 241 and 280b-280b-3). Program regulations are set forth in 42 CFR part 52.

Smoke-Free Workplace

PHS strongly encourages all grant recipients to provide a smoke-free workplace and to promote the nonuse of all tobacco products, and Public Law 103-227, the Pro-Children Act of 1994, prohibits smoking in certain facilities that receive Federal funds in which education, library, day care, health care,

and early childhood development services are provided to children.

Eligible Applicants

Eligible applicants include all nonprofit and for-profit organizations. Thus, universities, colleges, research institutions, hospitals, other public and private organizations, State and local health departments, and small, minority and/or women-owned businesses are eligible for these grants. Applicants from non-academic institutions should provide evidence of a collaborative relationship with an academic institution. Special consideration may be given to applicants that emphasize the training of women and minorities. Current recipients of CDC injury control research program project grants are eligible to apply.

Availability of Funds

Approximately \$1,000,000 is available in FY 1995 to fund one new and two re-competing RPPG awards. At least one of these three awards will be for a successfully competing RPPG focusing on youth violence. New and re-competing awards will be made for a 12-month budget period within a project period of up to three years. The amount of funding available may vary and is subject to change. Beginning award dates for each submission are shown in the "Receipt and Review Schedule" section of this announcement. Continuation awards within the project period will be made on the basis of satisfactory progress and the availability of funds.

RPPG awards will not exceed \$400,000 per year (total direct and indirect costs) with a project period not to exceed three years. Subject to program needs and the availability of funds, supplemental awards to expand/enhance existing projects may be made. Supplemental awards may range from up to \$100,000 to up to \$200,000 per year (total direct and indirect costs). The range of supplemental funds is dependent upon the degree of comprehensiveness of the RPPG in addressing: research and training or research, training, and demonstration as determined by the Injury Research Grants Review Committee (IRGRC).

Incremental levels for supplemental awards (subject to program needs and the availability of funds) for successfully competing or re-competing RPPGs will be determined as follows:

RPPG addresses research and training—

Up to \$100,000

RPPG addresses research, training, and demonstration—Up to \$200,000

Purpose

The purposes of this program are:

A. To support injury prevention and control research on priority issues as delineated in: "Healthy People 2000," "Injury Control in the 1990's: A National Plan for Action," "Injury in America," "Injury Prevention: Meeting the Challenge," and "Cost of Injury: A Report to the Congress." Information on these reports may be obtained from the individuals listed in the section.

Where to Obtain Additional Information

B. To support RPPGs as part of CDC's national extramural investment in injury control research and training, intervention development, and evaluation;

C. To integrate collectively, in the context of a national program, the disciplines of engineering, epidemiology, medicine, biostatistics, public health, law and criminal justice, and behavioral and social sciences in order to prevent and control injuries more effectively;

D. To identify and evaluate current and new interventions for the prevention and control of injuries;

E. To bring the knowledge and expertise of RPPGs to bear on the development and improvement of effective public- and private-sector programs for injury prevention and control; and

F. To facilitate injury control efforts supported by various governmental agencies within a geographic region.

Program Requirements

Essential Requirements for RPPGs:

A. Applicants must demonstrate and apply expertise (defined as: conducting ongoing high quality injury research and publication in peer reviewed scientific and technical journals(s) in the phases (prevention, acute care, or rehabilitation) or disciplines (e.g., biomechanics and epidemiology) of injury control which the research program addresses.

B. Applicants must document ongoing injury-related research projects or control activities currently supported by other sources of funding.

C. Applicants must provide a director (Principal Investigator) who has specific authority and responsibility to carry out the project. The director should report to an appropriate institutional official (e.g., dean of a school, vice president of a university, or commissioner of health). The director must have no less than 30% effort devoted solely to this project with an anticipated range of 30% to 50%.
