

[I.D. 022195A]

North Pacific Fishery Management Council; Team Meetings

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of public meetings.

SUMMARY: A joint meeting of the Bering Sea/Aleutian Islands groundfish and crab plan teams will be held between 8:30 a.m. and 5:00 p.m., March 21-22, 1995, in Rooms A and B, Building 9, Alaska Fisheries Science Center, 7600 Sand Point Way NE, Seattle, WA. The teams will discuss the sources of crab mortality and habitat considerations relative to development of a rebuilding plan for depressed crab stocks. The meeting is open to the public.

FOR FURTHER INFORMATION CONTACT: David Witherell, North Pacific Fishery Management Council, P.O. Box 103136, Anchorage, AK 99510; telephone: (907) 271-2809.

SUPPLEMENTARY INFORMATION: These meetings are physically accessible to people with disabilities. Requests for sign language interpretation or other auxiliary aids should be directed to Helen Allen on (907) 271-2809, at least 5 days prior to the meeting date.

Dated: February 22, 1995.

David S. Crestin,

Acting Director, Office of Fisheries Conservation and Management, National Marine Fisheries Service.

BILLING CODE 3510-22-F

[I.D. 021495D]

Pacific Coast Groundfish Fishery; Experimental Fishing Permits

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Receipt of experimental fishing permit applications; request for comments.

SUMMARY: NMFS has received applications from the states of Washington, Oregon, and California for experimental fishing permits (EFPs) for vessels participating in bycatch observation programs. The purpose of the observation programs is to enumerate the bycatch of non-target species in the groundfish fishery. If granted, the EFPs would allow designated vessels operating in the groundfish fishery in the exclusive economic zone off the coasts of

Washington, Oregon, and California to delay sorting, until offloading, of prohibited species and groundfish catch in excess of trip limits. The California program would allow participating vessels with observers to retain Pacific whiting in excess of the nearshore trip limit in the Eureka subarea. These activities would otherwise be prohibited by Federal regulations.

DATES: Comments must be received by February 27, 1995.

ADDRESSES: Comments should be addressed to and copies of the EFP applications are available from William Stelle, Jr., Regional Director, Northwest Region, National Marine Fisheries Service, 7600 Sand Point Way NE., BIN-C15700, Seattle, WA 98115-0070; or Hilda Diaz-Soltero, Director, Southwest Region, National Marine Fisheries Service, 501 W. Ocean Blvd., Suite 4200,

Long Beach, CA 90802-4213.

FOR FURTHER INFORMATION CONTACT: William L. Robinson at 206-526-6140, or Rodney R. McInnis at 310-980-4030.

SUPPLEMENTARY INFORMATION: This action is authorized by the Pacific Coast Groundfish Management Plan and implementing regulations (50 CFR 663), which specify that EFPs may be issued to authorize fishing that would otherwise be prohibited by the FMP and regulations. The procedures for issuing EFPs are found at 50 CFR 663.10.

At the October 1994 meeting of the Pacific Fishery Management Council (Council), three EFP applications were received from the States of Oregon, California, and Washington (WOC) for vessels participating in observation programs.

The first application is from the State of Washington and is for the continuation of the observation program in which information is collected on the bycatch of salmon and other prohibited species in Pacific whiting harvests delivered to shoreside processing plants. This application differs from previous years in that there would be no observer coverage; all observer coverage would occur onshore after the catch is landed.

Under the second EFP application, submitted by California Department of Fish and Game, the focus is on shore-based whiting operations inside the 100 fathom contour in the Eureka subarea (from 43°00'00" N. lat. to 40°30'00" N. lat.), where large-scale whiting operations are currently prohibited in order to minimize the impacts on salmon (50 CFR 663.23(b)(3)(iii)). The California EFP application is for the collection of data on the relative incidental catch rates of salmon inside

and outside 100 fathoms in the Eureka subarea. The applicant requests that vessels be allowed to fish for and retain Pacific whiting in excess of the nearshore 10,000-lb (4,536 kg) trip limit if an observer is on board at all times, even when the vessel operates outside the area.

The third EFP application, submitted by Oregon Department of Fish and Wildlife would allow the landing of unsorted catches taken in accordance with the proposed Oregon Trawl Commission data collection program that is planned to begin in 1995. The intent is to obtain representative bycatch and discard rates for groundfish and prohibited species. Observers would gather biological data on species' age, length, weight, sex, maturity, viability and mortality rates. The Oregon program would be similar to the whiting observer program that has been in effect for three seasons. Groundfish regulations at 50 CFR 663.7(b) stipulate that prohibited species must be returned to sea as soon as practicable with a minimum of injury when caught and brought aboard. Groundfish trip limits restrict the amount of certain groundfish species that may be landed by a vessel (50 CFR 663.7(f)).

The EFPs, if granted, would authorize vessels participating in the observation program to land unsorted Pacific whiting at designated shoreside processing plants where the incidence of salmon and other bycatch species can be monitored, on the condition that the prohibited species and groundfish trip limit overages are turned over to the state of landing for disposition. The states anticipate that about 30 vessels may participate in the experimental fisheries from March 1, 1995, to December 31, 1995. Under the EFPs, unsorted Pacific whiting catch could be delivered to shoreside processing plants in Newport, Hammond, Charleston, and Warrenton, OR; Crescent City, CA; and Westport and Ilwaco, WA. State port samplers would monitor the offloading of unsorted Pacific whiting, collect biological information on salmon and other bycatch, and arrange for the disposal of salmon. Prohibited species taken could not be sold; disposal options, to be determined by the states, would include donation to charitable organizations or reduction to fish meal.

If 71,360 metric tons (mt) of Pacific whiting were landed under the EFPs, it is estimated that about 414 salmon would be caught incidentally, based on the observed salmon bycatch rate of 0.0058 salmon per mt of whiting observed in 1994 (the salmon bycatch rate was 0.0110 in 1993). The continuing shoreside monitoring

program is being pursued by the states at the request of the Council. Similar EFPs were issued to 21 vessels in 1993 and 31 vessels in 1994 (58 FR 64296, December 6, 1993).

The Director, Northwest Region, NMFS, Regional Director has made a preliminary determination that the applications contain all of the required information and constitute a valid experimental program appropriate for further consideration.

At the October meeting of the Council, the Regional Director consulted with the Council and the directors of the state fishery management agencies concerning the applications for permits. The Council recommended that all three EFP applications be approved with terms and conditions similar to those applied to the EFPs in 1994. The decision on whether to issue EFPs and determinations on appropriate permit conditions will be based on a number of considerations, including the Council's recommendation and comments received from the public.

Authority: 16 U.S.C. 1801 *et seq.*

Dated: February 22, 1995.

David S. Crestin,

Acting Director, Office of Fisheries Conservation and Management, National Marine Fisheries Service.

BILLING CODE 3510-22-F

National Telecommunications and Information Administration

Spectrum Planning and Policy Advisory Committee (SPAC); Meeting

AGENCY: National Telecommunications and Information Administration, DOC.

ACTION: Notice of Meeting, Spectrum Planning and Policy Advisory Committee (SPAC).

SUMMARY: In accordance with the provisions of the Federal Advisory Committee Act, 5 U.S.C. Appendix, notice is hereby given that the Spectrum Planning and Policy Advisory Committee (SPAC) will meet on March 24, 1995 from 9:30 a.m. to 4:30 p.m. in Room 1605 at the United States Department of Commerce, 14th Street and Constitution Avenue, N.W., Washington, D.C.

The Committee was established on July 19, 1965 as the Frequency Management Advisory Council (FMAC). The name was changed in April, 1991, and in July, 1993, to reflect the increased scope of its mission. The objective of the Committee is to advise the Secretary of Commerce on radio frequency spectrum planning matters

and means by which the effectiveness of Federal Government frequency management may be enhanced. The Committee consists of nineteen members, fifteen from the private sector, and four from the Federal Government, whose knowledge of telecommunications is balanced in the functional areas of manufacturing, analysis and planning, operations, research, academia and international negotiations.

The principal agenda items for the meeting will be:

(1) National Spectrum Projections and Trends Report;

(2) NTIA Automated Spectrum Monitoring System;

(3) APCO Projects 25 and 31;

(4) FLEWUG Activity Report;

(5) CITEL Activities/Proposals;

(6) ITU Plenipot Update.

The meeting will be open to public observations. Public entrance to the building is on 14th Street between Pennsylvania Avenue and Constitution Avenue. A period will be set aside for oral comments or questions by the public which do not exceed 10 minutes each per member of the public. More extensive questions or comments should be submitted in writing before March 4, 1995. Other public statements regarding Committee affairs may be submitted at any time before or after the meeting. Approximately 20 seats will be available for the public on a first-come, first-served basis.

This meeting is physically accessible to people with disabilities. Requests for sign language interpretation or other auxiliary aids should be directed to the Federal Information Relay Service (FIRS) on 1-800-877-8339.

Copies of the minutes will be available upon request 30 days after the meeting.

FOR FURTHER INFORMATION CONTACT:

Inquires may be addressed to the Executive Secretary, SPAC, Mr. Richard A. Lancaster, National Telecommunications and Information Administration, Room 1617M-7, U.S. Department of Commerce, 14th Street and Constitution Avenue, N.W., Washington, D.C. 20230, telephone 202-482-4487.

Dated: February 21, 1995.

Richard A. Lancaster,

Executive Secretary, Spectrum Planning and Policy Advisory Committee, National Telecommunications and Information Administration.

BILLING CODE 3510-60-M

DEPARTMENT OF DEFENSE

Public Information Collection Requirement Submitted to OMB for Review

ACTION: Notice.

The Department of Defense has submitted to OMB for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. Chapter 35).

Title, Applicable Form, and Applicable OMB Control Number: Registration for Scientific and Technical Information Services; DD Form 1540; OMB Control Number 0704-0264.

Type of Request: Reinstatement.

Average Burden Hours Per Response: 25 minutes.

Responses Per Respondent: 1.

Number of Respondents: 500.

Annual Burden Hours: 208 hours.

Annual Responses: 500.

Needs and Uses: The information collected hereby, is utilized to register Federal Government agencies and their contractor community to access Defense-related information services from the Defense Technical Information Center (DTIC). The collected information is retained in an automated system at DTIC as the ongoing authority to release information against each year's certification.

Affected Public: State or local governments; Businesses or other for profit; Non-profit institutions; Small businesses or organizations.

Frequency: On occasion.

Respondent's Obligation: Required to obtain or retain a benefit.

OMB Desk Officer: Mr. Peter N. Weiss. Written comments and recommendations on the proposed information collection should be sent to Mr. Weiss at the Office of Management and Budget, Desk Officer for DoD, Room 10236, New Executive Office Building, Washington, DC 20503.

DOD Clearance Officer: Mr. William P. Pearce. Written requests for copies of the information collection proposal should be sent to Mr. Pearce, WHS/DIOR, 1215 Jefferson Davis Highway, Suite 1204, Arlington, Virginia 22202-4302.

Dated: February 22, 1995.

L.M. Bynum,

Alternate OSD Federal Register, Liaison Officer, Department of Defense.
