

486, 52 FR 47897), the Office of Hydropower Licensing has reviewed the applications for new license for two existing licensed hydropower projects on the St. Joseph River owned and operated by the Indiana Michigan Power Company: the Buchanan Project, No. 2551, located in Berrien County, Michigan; and the Twin Branch Project, No. 2579, located in St. Joseph County, Indiana. Subsequently, the Commission's staff prepared one Draft Environmental Assessment (DEA) that discusses the relicensing of the two projects.

In the DEA, staff evaluates the potential environmental impacts that would result from the continued operation of the projects. Staff concludes that relicensing the projects with appropriate enhancement measures would not constitute a major federal action significantly affecting the quality of the human environment.

Copies of the DEA are available for review in the Public Reference Branch, Room 3104, of the Commission's offices at 941 North Capitol Street, NE., Washington, DC 20426.

Any comments should be filed within 45 days from the date of this notice and should be addressed to Lois D. Cashell, Secretary, Federal Energy Regulatory Commission, 825 North Capitol Street, NE., Washington, DC 20426. Please affix Project Nos. 2551 and 2579 to the first page of all comments.

For further information, please contact Jim Haimes, Environmental Coordinator, at (202) 219-2780.

BILLING CODE 6717-01-M

[Project No. 11285-001 California]

**Lake Casitas Municipal Water District;  
Notice of Availability of Final  
Environmental Assessment**

February 22, 1995.

In accordance with the National Environmental Policy Act of 1969 and the Federal Energy Regulatory Commission's (Commission) regulations, 18 CFR Part 380 (Order No. 486, 52 FR 47897), the Office of Hydropower Licensing has reviewed the application for an original, minor license for the Lake Casitas Power Recovery Facility (project), and has prepared a Final Environmental Assessment (FEA) for the project. The project is located on the Bureau of Reclamation's existing pipeline between its Casitas dam Venture, in Ventura County, California.

In the FEA, the Commission's staff has analyzed the potential future environmental impacts of the project and has concluded that approval of the project, with appropriate environmental protective measures, would not constitute a major federal action that would significantly affect quality of the human environment.

Copies of the FEA are available for review in the Public Reference Branch, Room 3104, of the Commission's offices at 941 North Capitol Street, NE., Washington, DC 20426.

BILLING CODE 6717-01-M

[Docket No. CP95-207-000]

**East Tennessee Natural Gas Company;  
Notice of Request Under Blanket  
Authorization**

February 22, 1995.

Take notice that on February 17, 1995, East Tennessee Natural Gas Company (East Tennessee), P.O. Box 2511, Houston, Texas 77252, filed in Docket No. CP95-207-000, a request pursuant to Sections 157.205 and 157.212 of the Commission's Regulations under the Natural Gas Act (18 CFR 157.205, and 157.212) for authorization to establish a new delivery point for its firm transportation customer, Sevier County Utility District (Sevier County) under East Tennessee's blanket certificate issued in Docket No. CP82-412-000, pursuant to Sections 7(b) and 7(c) of the Natural Gas Act, all as more fully set forth in the request which is on file with the Commission and open to public inspection.

East Tennessee proposes to establish a new delivery point for Sevier County on its 3300 Mainline System at M.P. 3302-1+6.28 located in Sevier County, Tennessee. East Tennessee states that a 4-inch hot tap assembly and approximately 40-feet of 4-inch interconnecting pipe will be installed on its existing right-of-way; and that the measurement facilities will be located on property provided by Sevier County located immediately adjacent to East Tennessee's right-of-way.

East Tennessee estimates that the cost for the construction of this new facility will be \$68,596, which will be fully reimbursed by Sevier County. East Tennessee states that the purpose of this installation is to provide Sevier County with delivery point flexibility.

East Tennessee asserts that the total quantities to be delivered to Sevier County after installation of the new

delivery point will not exceed the total quantities currently authorized to be delivered. East Tennessee notes that the installation of this new delivery point is not prohibited by its existing tariff. Further, East Tennessee states that it has sufficient capacity to accomplish the delivery of natural gas without detriment or disadvantage to its other customers. Any person or the Commission's staff may, within 45 days after issuance of the instant notice by the Commission, file pursuant to Rule 214 of the Commission's Procedural Rules (18 CFR 385.214) a motion to intervene or notice of intervention and pursuant to Section 157.205 of the Regulations under the Natural Gas Act (18 CFR 157.205) a protest to the request. If no protest is filed within the time allowed therefor, the proposed activity shall be deemed to be authorized effective the day after the time allowed for filing a protest. If a protest is filed and not withdrawn within 30 days after the time allowed for filing a protest, the instant request shall be treated as an application for authorization pursuant to Section 7 of the Natural Gas Act.
