**H. Grabell & Sons, Inc., Paterson, NJ;
Notice of Revised Determination on
Reopening**

On February 21, 1995, the Department, on its own motion, reopened its investigation for the former workers of the subject firm. The initial investigation resulted in a negative determination on January 20, 1995 because the "contributed importantly" test of the Group Eligibility Requirements of the Trade Act was not met and there was no shift in production to Mexico or Canada. The denial notice will soon be published in the **Federal Register**.

An investigation for trade adjustment assistance under petition TA-W-30,565 resulted in a certification for workers of H. Grabell & Sons, Inc., in Paterson, New Jersey. The certification was issued on February 11, 1995 and will soon be published in the **Federal Register**. The investigation revealed that the subject firm imported lamp shades and increased its reliance on imported lamp shades while discontinuing lamp shade production at Paterson, New Jersey.

Other findings show that sales and production decreased in the relevant periods and substantial worker separations occurred in 1994.

Conclusion

After careful consideration of the new facts obtained on reopening, it is concluded that increased imports of articles like or directly competitive with lamp shades produced by the subject firm contributed importantly to the decline in production and to the total or partial separation of workers at the subject firm. In accordance with the provisions of the Trade Act of 1974, I make the following revised determination:

All workers and former workers of H. Grabell & Sons, Inc., Paterson, New Jersey who became totally or partially separated from employment on or after December 8, 1993 are eligible to apply for NAFTA-TAA under Section 250 of the Trade Act of 1974.

Signed at Washington, DC, this 21st day of February 1995.

Victor J. Trunzo;

Program Manager, Policy and Reemployment Services, Office of Trade Adjustment Assistance.

**NAFTA—00302; Washington Public
Power Supply Systems Nuclear
Project; Amended Certification
Regarding Eligibility To Apply for
NAFTA Transitional Adjustment
Assistance**

NAFTA—00302 WPN-2 Richland,
Washington
NAFTA—00302A WPN-1 Richland,
Washington
NAFTA—00302B WPN-3 Satsop,
Washington

In accordance with Section 250(a), Subchapter D, Chapter 2, Title II, of the Trade Act of 1974, as amended (19 USC 2273), the Department of Labor issued a Certification for NAFTA Transitional Adjustment Assistance on January 13, 1995, applicable to all workers of the Washington Public Power System (WPN-2) in Richland, Washington. The notice will soon be published in the **Federal Register**.

At the request of the company and the workers the Department reviewed the certification for workers of the subject firm. New findings show that the worker group for the Washington Public Power Supply System Nuclear Project, WPN-2 plant, in Richland, Washington should include workers at the WPN-1 in Richland as well as the WPN-3 plant in Satsop, Washington. The workers are rotated among the three plants.

The investigation revealed that sales declined and significant worker separations occurred at all three plants. A Departmental survey of Washington Public Power's customers showed that the respondents decreased their purchases for Washington Public Power and increased their imports of electrical energy from Canada.

The intent of the Department's certification is to include all workers who were adversely affected by increased imports. Accordingly, the Department is amending the certification to include Washington Public Power's plants in Satsop, Washington and Richland, Washington.

The amended notice applicable to NAFTA—00302 is hereby issued as follows:

"All workers of the Washington Public Power Supply System Nuclear Project at the WPN-2 plant in Richland Washington; WPN-1 plant in Richland, Washington and the WPN-3 plant in Satsop, Washington who became totally or partially separated from employment on or after December 8, 1993 are eligible to apply for NAFTA-TAA under Section 250 of the Trade Act of 1974."

Signed at Washington, D.C., this 21st day of February 1995.
