

Notices

Federal Register

Vol. 60, No. 40

Wednesday, March 1, 1995

This section of the FEDERAL REGISTER contains documents other than rules or proposed rules that are applicable to the public. Notices of hearings and investigations, committee meetings, agency decisions and rulings, delegations of authority, filing of petitions and applications and agency statements of organization and functions are examples of documents appearing in this section.

DEPARTMENT OF AGRICULTURE

Forms Under Review by Office of Management and Budget

February 24, 1995.

The Department of Agriculture has submitted to OMB for review the following proposal for the collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. Chapter 35) since the last list was published. This list is grouped into new proposals, revisions, extension, or reinstatements. Each entry contains the following information:

(1) Agency proposing the information collection; (2) Title the information collection; (3) Form number(s), if applicable; (4) Who will be required or asked to report; (5) An estimate of the number of responses; (6) An estimate of the total number of hours needed to provide the information; (7) Name and telephone number of the agency contact person.

Questions about the items in the listing should be directed to the agency person named at the end of each entry. Copies of the proposed forms and supporting documents may be obtained from: Department Clearance Officer, USDA, OIRM, Room 404-W Admin. Bldg., Washington, D.C. 20250, (202) 690-2118.

Revision

Office of the Secretary

Types and Quantities of Agricultural Commodities Available for Donation Overseas Under Section 416(b) of the Agricultural Act of 1949, as Amended, in Fiscal Year 1995

AGENCY: Office of the Secretary, USDA.

ACTION: Notice.

SUMMARY: This Notice sets forth the determination that 5,000 metric tons of nonfortified nonfat dry milk is available for donation overseas under section 416(b) of the Agricultural Act of 1949, as amended, during fiscal year 1995.

FOR FURTHER INFORMATION CONTACT: Glenn D. Whiteman, Assistant Deputy Administrator, Export Credits, FAS, USDA, (202) 720-4274.

Determination

I have determined that a total of 5,000 metric tons of nonfortified nonfat dry milk will be available for donation overseas under Section 416(b) of the Agricultural Act of 1949, as amended, during fiscal year 1995.

Done at Washington, DC, this 17th day of February, 1995.

Richard E. Rominger,*Acting Secretary of Agriculture.*

BILLING CODE 3410-10-M

Forest Service

Environmental Impact Statement, Bohemia Timber Sale, Tongass National Forest, AL

AGENCY: Forest Service, USDA.

ACTION: Revised notice of intent to prepare an environmental impact statement.

SUMMARY: The Forest Service will issue a supplemental Draft and Final EIS for the Bohemia Timber Sale, hereafter referred to as the 95 Supplement. The 95 Supplement will reroute Road 6031 around LUD II lands; include additional analysis of Unit 541; and identify management objectives for sensitive

species in the Bohemia Project Area. This Notice of Intent (NOI) updates and replaces the March 2, 1992 Notice. The original NOI was published at 55 FR 2123-01 in the 1/22/90 **Federal Register**. The second NOI was published at 57 FR 7363-01 in the 3/2/92 **Federal Register**.

Other than rerouting Road 6031, the proposed action remains the same, to harvest 10-40 million board feet of commercial timber within the Bohemia area and construct the associated road system. The timber would be sold in one or more timber sales beginning in September 1995.

The purpose of this project is to meet the goals of the Forest Plan by providing 10 to 40 million board feet of timber for harvest. Current inventories show that the area could provide this much volume while meeting all existing standards and guidelines for timber harvest and road construction. The Tongass Timber Reform Act directed the Forest Service, through the Secretary of Agriculture, "to the extent consistent with providing for multiple use and sustained use of all renewable forest resources, seek to provide a supply of timber from the Tongass National Forest which (1) Meets the annual market demand for timber and (2) meets the market demand from such forest for each planning cycle." This project is part of a timber management program designed to meet that direction. A recent timber market assessment (Morse, K. 1994) confirms that there is available capacity and strong market demand for this timber volume.

The study area includes Value Comparison Units 424, 441.1, and 442 on Kupreanof Island in southeast Alaska. This area, encompassing approximately 68,000 acres, has been allocated by the Tongass Land Management Plan to Land Use Designations (LUDs) II and IV. LUD II areas are to be managed in a roadless state except for specifically authorized uses. LUD IV areas are to be managed to emphasize primarily commodity or market resources.

The decision to be made is whether to harvest 10-40 million board feet of timber from the Bohemia Study Area, construct the associated road system, and if so, in which locations and under what conditions. This decision will be made by Abigail R. Kimbell, the Stikine Area Forest Supervisor.
