Conveyance of Mineral Interests in California

AGENCY: Bureau of Land Management,
Interior.

ACTION: Notice of segregation.

SUMMARY: The private land described in
this notice, aggregating 319.84 acres, is
segregated and made unavailable for
filings under the general mining laws
and the mineral leasing laws to
determine its suitability for conveyance
of the reserved mineral interest
pursuant to section 209 of the Federal
Land Policy and Management Act of
October 21, 1976.

The mineral interests will be
conveyed in whole or in part upon
favorable mineral examination. The
purpose is to allow consolidation of
surface and subsurface of minerals
ownership where there are no known

mineral values or in those instances
where the reservation interferes with or
precludes appropriate nonmineral
development and such development is a
more beneficial use of the land than the
mineral development.
