

Categories of Issues Apparently Raised:

1. Effect on postal services [39 U.S.C. 404(b)(2)(C)].
2. Effect on the community [39 U.S.C. 404(b)(2)(A)].

After the Postal Service files the administrative record and the Commission reviews it, the Commission may find that there are more legal issues than those set forth above. Or, the Commission may find that the Postal Service's determination disposes of one or more of those issues.

The Postal Reorganization Act requires that the Commission issue its decision within 120 days from the date this appeal was filed (39 U.S.C. 404(b)(5)). In the interest of expedition, in light of the 120-day decision schedule, the Commission may request the Postal Service to submit memoranda of law on any appropriate issue. If requested, such memoranda will be due 20 days from the issuance of the request and the Postal Service shall serve a copy of its memoranda on the petitioners. The Postal Service may incorporate by reference in its briefs or motions, any arguments presented in memoranda it previously filed in this docket. If necessary, the Commission also may ask petitioners or the Postal Service for more information.

The Commission Orders

- (a) The Postal Service shall file the record in this appeal by March 9, 1995.
- (b) The Secretary of the Postal Rate Commission shall publish this Notice and Order and Procedural Schedule in the **Federal Register**.

By the Commission.

Margaret P. Crenshaw,
Secretary.

BILLING CODE 4910-14-M

Federal Highway Administration**Environmental Impact Statement: Winnebago, Outagamie and Waupaca Counties, Wisconsin**

AGENCY: Federal Highway Administration (FHWA), DOT.

ACTION: Notice of intent.

SUMMARY: The FHWA is issuing this notice to advise the public that an Environmental Impact Statement (EIS) will be prepared for a proposed highway improvement project in Winnebago, Outagamie and Waupaca Counties, in Wisconsin.

FOR FURTHER INFORMATION CONTACT: Mr. Richard C. Madrzak, Statewide Projects Engineer, Federal Highway Administration, 4502 Vernon Boulevard, Madison, Wisconsin 53705-4905; Telephone (608) 264-5968.

SUPPLEMENTARY INFORMATION: The FHWA, in cooperation with the Wisconsin Department of Transportation (WISDOT), is currently preparing an environmental impact statement for the construction of a four-lane facility for Highway 10. The project begins at Highway "U" west of the Village of Fremont and extends easterly for 38.6 km (24.7 mi) to Highway 45 (USH 10).

The improvement of USH 10, which is a two-lane rural highway, is considered necessary to reduce heavy congestion and the accident potential along the existing route.

Planning, environmental and engineering studies are underway to develop transportation alternatives. The EIS will assess the need, location, and environmental impacts of alternatives including: (1) No Build—This alternative assumes the continued use of existing facilities with the maintenance necessary to ensure their use; (2) Upgrade the Existing Facility—This alternative would improve the safety and traffic handling capability of the existing route; and (3) Construction on New Alignment—This alternative would involve constructing four lanes on new location. The proposed project would consist of adding two lanes to the existing facility, four lanes on new location or a combination of add lanes and new location.
