

their share of the amounts paid to El Paso Natural Gas Company as a result of the Commission decision in their rate case.

Any person desiring to protest said filing should file a protest with the Federal Energy Regulatory Commission, 825 North Capitol Street, NE., Washington, DC 20426, in accordance with § 385.211 of the Commission's Rules and Regulations. All such protests should be filed on or before March 6, 1995. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make the protestants parties to the proceeding. Copies of this filing are on file with the Commission and are available for public inspection.

Lois D. Cashell,

*Secretary.*

BILLING CODE 6717-01-M

**[Docket No. RP95-170-000]**

**Granite State Gas Transmission, Inc.;  
Notice of Proposed Changes in FERC  
Gas Tariff**

February 27, 1995.

Take notice that on February 22, 1995, Granite State Gas Transmission, Inc. (Granite State) tendered for filing with the Commission the revised tariff sheets listed below in its FERC Gas Tariff, Third Revised Volume No. 1, revising the provisions of Rate Schedule LMS (Load Management Service), effective December 1, 1994:

Third Revised Sheet No. 24  
First Revised Sheet No. 141  
First Revised Sheet No. 142  
First Revised Sheet No. 143  
First Revised Sheet No. 144  
First Revised Sheet No. 437

According to Granite State its tariff for restructured operations, approved in Docket No. RS93-1-000 and effective November 1, 1993, included Rate Schedule LMS (Load Management Service) which provided a monthly balancing service and a Daily Demand Service to cover swings in excess of the daily variance tolerances for transportation services at delivery points to its former sales customers, Bay State Gas Company (Bay State) and Northern Utilities, Inc. (Northern Utilities). Granite State further states that both services were tied to underlying services provided by Tennessee Gas Pipeline Company (Tennessee), which had been Granite State's principal upstream supplier of natural gas supplies prior to

restructuring. The monthly balancing service was tied to an Operational Balancing Agreement between Tennessee and Granite State, and Granite State contracted for the Daily Demand Service under Tennessee's Rate Schedule LMS-MA.

Granite State further states that, during the latter half of 1994, Tennessee offered its customers an option to convert Daily Demand Service to a storage service under its Rate Schedule FS-MA. According to Granite State, it and its customers accepted the option; Granite State assigned its conversion rights to Bay State and Northern Utilities and both customers contracted separately with Tennessee for storage services under Tennessee's Rate Schedule FS-MA, effective December 1, 1994.

According to Granite State, the revised tariff sheets submitted herewith eliminate the Daily Demand Service and references to the service from its Rate Schedule LMS but continue the availability of the monthly balancing service through the Operational Balancing Agreement with Tennessee.

According to Granite State, copies of its filing were served upon its customers, Bay State and Northern Utilities, and the regulatory commissions of the States of Maine, Massachusetts, and New Hampshire.

Any person desiring to be heard or to make any protest with reference to said filing should file a motion to intervene or protest with the Federal Energy Regulatory Commission, 825 North Capitol Street, N.E., Washington, D.C. 20426 in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211 and 385.214). All such motions or protests should be filed on or before March 6, 1995. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party to the proceeding must file a motion to intervene in accordance with the Commission's Rules. Copies of this filing are on file with the Commission and are available for public inspection.

Lois D. Cashell,

BILLING CODE 6717-01-M

**Office of Energy Efficiency and  
Renewable Energy**

**Energy Conservation Program for  
Consumer Products: Granting of the  
Application for Interim Waiver and  
Publishing of the Petition for Waiver of  
Kool-Fire From the Department of  
Energy Central Air Conditioner and  
Central Air Conditioning Heat Pump  
Test Procedure (Case No. CAC-007)**

**AGENCY:** Office of Energy Efficiency and Renewable Energy, Department of Energy.

**ACTION:** Notice.

**SUMMARY:** Today's notice publishes a letter granting an Interim Waiver to Kool-Fire from the existing Department of Energy central air conditioner and central air conditioning heat pump test procedure for the company's lines of HC and LTH burner-assisted heat pumps.

Today's notice also publishes a "Petition for Waiver" from Kool-Fire. Kool-Fire's Petition for Waiver requests DOE to grant relief from the DOE heat pump test procedure for the Kool-Fire lines of HC and LTH burner-assisted heat pumps, which operate in both the cooling and heating modes. Kool-Fire requests that the heating mode tests be waived for its burner-assisted heat pumps because the DOE procedure has no provision for testing burner-assisted heat pumps. The Department is soliciting comments, data, and information respecting the Petition for Waiver.

**DATES:** DOE will accept comments, data, and information not later than April 3, 1995.

**ADDRESSES:** Written comments and statements shall be sent to: Department of Energy, Office of Energy Efficiency and Renewable Energy, Case No. CAC-007, Mail Stop EE-43, Room 5E-066, Forrestal Building, 1000 Independence Avenue, SW, Washington, DC 20585, (202) 586-7574.
