

GIPSA announced five possible pilot programs and requested comments on them in the March 14, 1994, Federal Register (59 FR 11759). Comments were due by April 22, 1994. GIPSA has analyzed the comments received based on this notice and plans to announce potential nationwide pilot programs based on the results of these comments.

The opening of a pilot program in the South Texas area is one of a limited geographic area. The nationwide pilot programs discussed above will be announced at a later date.

GIPSA has received several inquiries regarding designation of an organization to provide official services in South Texas. GIPSA is requesting comments on the need for official inspection services in South Texas (including estimates of the number of official inspections by carrier, type of service, and kind of grain). The South Texas region, being considered for assignment to the applicant or applicants selected for designation, pursuant to Section 7(2) of the Act, is as follows:

The Texas Counties of: Atascosa, Bexar, Brooks, Cameron, Dimmit, Duval, Frio, Hidalgo, Jim Hogg, Jim Wells, Kenedy, Kinney, Kleberg, La Salle, Live Oak, Maverick, McMullen, Medina, Nueces, San Patricio, Starr, Uvalde, Val Verde, Webb, Willacy, Zapata, and Zavala, excluding those export port locations served by GIPSA.

GIPSA also is requesting persons interested in providing official services in these South Texas Counties under a pilot program allowing more than one official agency to provide service in a

single geographic area to submit an application for designation. GIPSA plans to allow all designated official agencies to provide official services to any grain firm located within the geographic area specified above.

GIPSA will not designate any applicants unless it determines that there is sufficient need for official services in the South Texas region.

Interested persons are hereby given an opportunity to submit comments on the need for official inspection services in the region specified above, and to apply for designation under the provisions of Section 7(f) of the Act and section 800.196(d) of the regulations issued thereunder.

Designation in the South Texas area is for a 1 year period beginning about June 1, 1995. Persons wishing to apply for designation should contact the Compliance Division at the address listed above for forms and information.

Applications and other available information will be considered in determining which applicant or applicants will be designated after GIPSA determines that there is a need for official services in the South Texas region.

AUTHORITY: Pub. L. 94-582, 90 Stat. 2867, as amended (7 U.S.C. 71 *et seq.*)

Dated: February 15, 1995

Neil E. Porter,

Director, Compliance Division.

Rural Utilities Service

Announcement of Applications Received Under the Distance Learning and Medical Link Grant Program

AGENCY: Rural Utilities Service, USDA.

ACTION: Notice of applications received.

SUMMARY: The Administrator of the Rural Utilities Service (RUS) is hereby announcing the applications received prior to the January 14, 1995 application filing deadline for the Distance Learning and Medical Link Grant Program.

FOR FURTHER INFORMATION CONTACT: Lawrence L. Bryant, Jr., Chief, Distance Learning and Telemedicine Branch, Advanced Telecommunications Services Division, Rural Utilities Service, telephone number (202) 690-3594.

SUPPLEMENTARY INFORMATION: RUS is hereby publishing the names of the organizations which applied for grants under 7 CFR Section 1703 Subpart D, Distance Learning and Medical Link Grant Program (DLMLGP). These applications contained herein, submitted and postmarked prior to the January 14, 1995 filing deadline, will be considered for funding during fiscal year (FY) 1995. This list includes applications that were submitted under the April 14, 1994, July 14, 1994, and the October 14, 1994 filing periods.

The following information is being published in accordance with 7 CFR 1703, subpart D Section 1703.115, Public notice of applications received. The applicants are as follows:

State	Applicant	Funds requested
AR	St. Edward Mercy Medical Center	\$132,838
AR	University of Arkansas Cooperative Extension Service	350,000

Also to be considered for FY 1995 funding are applications submitted prior to the January 31, 1994 application deadline which were previously considered for FY 1994 funding, but not selected. The notices which contain the lists of FY 1994 applicants were published on December 21, 1993 at 58 FR 67931 and April 18, 1994 at 59 FR 18355. The total number of applications to be considered for funding during FY 1995 is 247.

Due to limited FY 1995 DLMLGP funding the amount awarded to any application selected for FY 1995 will not exceed \$350,000. Legislative authority for the DLMLGP expires September 30, 1995. Therefore interested persons should not submit applications for FY 1996 until further announcements regarding the DLMLGP are published.

Dated: February 24, 1995.

Adam Golodner,

Acting Administrator, Rural Utilities Services.

BILLING CODE 3410-15-P

DEPARTMENT OF COMMERCE

International Trade Administration

[A-583-009]

Color Television Receivers, Except for Video Monitors, From Taiwan; Amended Final Results of Antidumping Duty Administrative Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

ACTION: Notice of amendment to final results of antidumping duty administrative review.

SUMMARY: On October 21, 1994, in the case of *Zenith Electronics Corporation v. United States*, Slip-Op 94-170 (*Zenith*), the United States Court of International Trade (the Court) affirmed the Department of Commerce's (the Department's) third results of redetermination on remand and prior

remand determinations of the final results of the first administrative review of the antidumping duty order on color television receivers, except for video monitors, from Taiwan. In accordance with the Court's determination, we are hereby amending the final results of administrative review with respect to one company, Capetronic (BSR) Ltd. (Capetronic), for the period October 19, 1983, through March 31, 1985.

EFFECTIVE DATE: March 3, 1995.

FOR FURTHER INFORMATION CONTACT:

Karin Price or Maureen Flannery, Office of Antidumping Compliance, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Washington, DC 20230; telephone: (202) 482-4733.

SUPPLEMENTARY INFORMATION:

Background

On December 29, 1986, the Department published in the Federal Register (51 FR 46895) the final results of the first administrative review of the antidumping duty order on color television receivers, except for video monitors, from Taiwan, covering the period October 19, 1983, through March 31, 1985.

Subsequent to the Department's final results, Zenith Electronics Corporation (*Zenith*), a domestic producer, alleged before the Court that the Department erred in calculating Capetronic's constructed value. The Court agreed and remanded the issue to the Department to recalculate Capetronic's margin using certain production data on the record. As a result of the recalculation, Capetronic's margin increased from the *de minimis* margin of 0.46 percent to 1.36 percent. The decision became final on October 21, 1994, when the Court issued its final decision on this administrative review in *Zenith*.

Amended Final Results of Review

In its decision in *Timken Co. v. United States*, 893 F.2d 337 (Fed. Cir. 1990) (*Timken*), the United States Court of Appeals for the Federal Circuit (Federal Circuit) held that the

Department must publish notice of a decision of the Court or Federal Circuit which is not "in harmony" with the Department's determination. The Department published that notice with respect to the Court's October 21, 1994, decision in the Federal Register on January 17, 1995 (60 FR 3391). In *Timken*, the Federal Circuit also held that the Department must suspend liquidation until there is a "conclusive" decision in the action. An appeal was filed in this case. However, because no party has appealed an issue which would affect Capetronic, the Department is now publishing Capetronic's new margin in accordance with the Court's final and conclusive decision.

Based on our revised calculations, we have amended our final results of review for Capetronic for the period October 19, 1983, through March 31, 1985. The amended weighted-average margin is 1.36 percent. The Department shall determine, and the Customs Service shall assess, antidumping duties on all appropriate entries. Individual differences between U.S. price and foreign market value may vary from the percentage stated above. The Department will issue appraisal instructions directly to the Customs Service.

This notice is in accordance with section 751(a)(1) of the Act (19 U.S.C. 1675(a)(1)) and § 353.22 of the Department's regulations.

Dated: February 24, 1995.

Susan G. Esserman,

Assistant Secretary for Import Administration.
