#### Extension of Comment Period for the Proposed Identification and Listing of Hazardous Waste/Dye and Pigment Industries

**AGENCY:** Environmental Protection Agency.

**ACTION:** Proposed rule; extension of comment period.

**SUMMARY:** The U.S. Environmental Protection Agency (EPA or Agency) is extending the comment period for the proposed listing determination on a number of wastes generated during the production of dyes and pigments, which appeared in the Federal Register on December 22, 1994 (see 59 FR 66072-114). The public comment period for this proposed rule was to end on March 22, 1995. The purpose of this notice is to extend the comment period an additional 120 days beyond that, to end on July 19, 1995. This extension of the comment period is provided to allow commenters an opportunity to comment further on the proposal.

**DATES:** EPA will accept public comments on this proposed listing determination until July 19, 1995. Comments postmarked listing determination until July 19, 1995. Comments postmarked after the close of the comment period will be stamped "late."

**ADDRESSES:** The public must send an original and two copies of their comments to EPA RCRA Docket Number F-94-DPLP-FFFFF, Room 2616, U.S. EPA, 401 M Street SW., Washington, DC. The docket is open from 9 am to 4 pm, Monday through Friday, excluding Federal holidays. The public must make an appointment to review docket materials by calling (202) 260-9327. The public may copy material from any regulatory docket at no cost for the first 100 pages, and at \$0.15 per page for additional copies.

**FOR FURTHER INFORMATION CONTACT:** For technical information concerning this notice, please contact Wanda Levine, Office of Solid Waste (5304), U.S. Environmental Protection Agency, 401 M Street SW., Washington, DC 20460, (202) 260-7458.

**SUPPLEMENTARY INFORMATION:** This proposed rule was issued under Section 3001(b) of RCRA. EPA proposed to list certain wastes generated during the production of dyes and pigments because these wastes may pose a substantial present or potential risk to human health or the environment when improperly managed. See 59 FR 66072-114 (December 22, 1994) for a more detailed explanation of the proposed rule.

These proposed hazardous waste listings were based in part upon data claimed as confidential by certain dye and pigment manufacturers. Although EPA intends to publish these data or information derived from these data claimed as confidential (to the extent relevant to the proposed listing), the Agency is unable to do so at the present time. EPA is pursuing avenues to allow publication of the information, and intends to supplement the public record prior to issuance of a final listing. EPA is extending the comment period to provide sufficient time for the public to comment if and when additional data are published.

#### Postponement of Public Hearing on the Proposed Identification and Listing of Hazardous Waste/Dye and Pigment Industries

**AGENCY:** Environmental Protection Agency.

**ACTION:** Notice of postponement of public hearing.

**SUMMARY:** On December 22, 1994 (see 59 FR 66072-114), the U.S. Environmental Protection Agency (EPA or Agency) proposed to list as hazardous five wastes generated during the production of dyes and pigments, proposed not to list six other wastes from these industries, and proposed to defer action on three wastes due to insufficient information. At the request of the parties originally seeking a public hearing concerning this proposal, the Agency is announcing the postponement of the public hearing, previously scheduled to be held on March 15, 1995, in Washington, DC.

**DATES:** The public hearing has not been rescheduled.

**ADDRESSES:** The RCRA regulatory docket that contains the record for this proposed listing determination on wastes from the production of dyes and pigments is located at Room 2616, U.S. EPA, 401 M Street SW., Washington, DC. The docket is open from 9 am to 4 pm, Monday through Friday, excluding Federal holidays. The public must make an appointment to review docket materials by calling (202) 260-9327.

**FOR FURTHER INFORMATION CONTACT:** For technical information concerning this notice, please contact Wanda Levine, Office of Solid Waste (5304), U.S. Environmental Protection Agency, 401 M Street SW., Washington, DC 20460, (202) 260-7458.

**SUPPLEMENTARY INFORMATION:** Since publication of this proposed rule, the Agency had received requests for a public hearing from the trade association representing the pigments industry, the Color Pigments Manufacturers Association (CPMA); and the trade association representing the dyes industry, the Ecological and Toxicological Association of Dyes and Organic Pigments Manufacturers (ETAD). After the announcement of the public hearing in the Wednesday, February 8, 1995 Federal Register (see 60 FR 7513-4), both associations requested that it be postponed pending resolution of several outstanding issues. In response to these requests, EPA has decided to postpone the public hearing. EPA may reschedule the public hearing in the future, and will provide further notice at that time.
