## Substance Abuse and Mental Health Services Administration

### Minority Fellowship Program (MFP)

**AGENCY:** Center for Mental Health Services, Substance Abuse and Mental Health Services Administration (SAMHSA), HHS.

**ACTION:** Notice of planned award for a competing renewal clinical training grant for the Minority Fellowship Program (MFP) to the American Psychiatric Association.

**SUMMARY:** The Center for Mental Health Services (CMHS), within SAMHSA, plans to award a competing renewal MFP grant to the American Psychiatric Association for the clinical training of psychiatry trainees who are ethnic minorities for entry into service careers in mental and addictive health areas. The project period for the competing renewal grant is anticipated to be 3 years. The first year will be funded with approximately \$221,000. This is not a general request for applications. The competitive renewal clinical training grant will only be made to the American Psychiatric Association (APA) based on the receipt of satisfactory application that is recommended for approval by an Initial Review Group and the CMHS National Advisory Council.

**AUTHORITY:** The award will be made under the authority of section 303 of the Public Health Service (PHS) Act. The authority to administer this program has been delegated to the Director, CMHS. The Catalog of Federal Domestic Assistance number for this program is 93.244.

**BACKGROUND:** CMHS has the responsibility for mental health workforce development, including the clinical training of mental health professionals concerned with the treatment of underserved priority populations including: Seriously mentally ill adults; seriously emotionally disturbed children; and

elderly, ethnic minorities and rural populations with mental and addictive disorders. CMHS also has the responsibility for training ethnic minorities to become mental health professionals, which is a very significant task in light of the gap between the growing ethnic minority populations requiring mental and addictive health services (approaching 25% of the total population) and the much smaller number of ethnic minority mental health professionals (less than 10% of the total).

Over the past several decades, the Federal mental health clinical training program at CMHS (and previously at NIMH) has addressed this gap primarily by attempting to increase the numbers of ethnic minority professionals. Ethnic minority professionals understand the customs and language of their own particular ethnic group and, therefore, are more likely to render high-quality mental health services to mentally ill minorities.

The CMHS MFP is designed to facilitate the entry of minority students into mental health careers. The long-term goal is to increase the number of professionals trained at the doctoral level to teach and provide mental health services, especially to ethnic minority groups.

The MFP was started at NIMH in the 1970s. This program for clinical training provides grants to each of the four core mental health professional organizations: the American Nurses Association, the American Psychological Association, and the American Psychiatric Association, and the Council on Social Work Education. These four MFP grantees, in turn, conduct national competitions to make individual graduate fellowship awards to minority students throughout the country. Each of the four professional organizations has unique access to those students entering its profession. Each has recruited the best students, assured that all program requirements were satisfied, and monitored the progress of fellows during and after the fellowship period. In short, there has been no reason to change the program structure or the grantees administering the four-discipline program; thus, the mechanism of a peer-reviewed competing renewal clinical training grant has been appropriate.

Therefore, because the American Psychiatric Association's MFP grant support will end in FY 1995, the CMHS is providing additional support for up to three years via a competing renewal grant award. The American Nurses Association, the American Psychological Association and the

Council on Social Work Education have ongoing CMHS MFP grant support.

**FOR FURTHER INFORMATION:** Questions concerning the CMHS MFP may be directed to Paul Wohlford, Ph.D., Human Resources Planning and Development Branch, CMHS, Room 15C-18, 5600 Fishers Lane, Rockville, Maryland 20857, telephone (301) 443-3503.

Dated: March 2, 1995.

## DEPARTMENT OF THE INTERIOR

### Bureau of Land Management

[UT-934-95-1610-00]

#### Diamond Mountain Resource Area Approved Resource Management Plan and Record of Decision

**AGENCY:** Bureau of Land Management, Interior.

**ACTION:** Notice of availability.

**SUMMARY:** In accordance with the National Environmental Policy Act of 1969 (40 CFR 1550.2), and the Federal Land Policy and Management Act of 1976, the Department of the Interior, Bureau of Land Management (BLM), Vernal District provides notice of the availability of the Approved Resource Management Plan (ARMP) and Record of Decision (ROD) for the Diamond Mountain Resource Area (DMRA). This ARMP/ROD supersedes the existing management framework plans and other related documents for managing BLM-administered lands. The DMRA is responsible for management of BLM-administered lands and minerals in all of Daggett and Duchesne Counties and that portion of Uintah County northwest of the Green River. These counties are located in northeastern Utah. The DMRA is administratively responsible for 854,000 acres of surface and subsurface lands.

**ADDRESSES:** Copies of the ARMP/ROD are available upon request by contacting the Vernal District Office, Bureau of Land Management, 170 South 500 East, Vernal, Utah 84078. The telephone number is (801) 789-1362.

**FOR FURTHER INFORMATION CONTACT:** Ron Trogstad, Diamond Mountain Resource Area Manager, Bureau of Land Management, 170 South 500 East, Vernal, Utah 84078. He can be reached by telephone at (801) 789-1362.

**SUPPLEMENTARY INFORMATION:** The Diamond Mountain ARMP/ROD is

essentially the same as the Diamond Mountain Proposed Resource Management Plan and Final Environmental Impact Statement (PRMP/FEIS). No changes to the proposed decisions have been made. However, some clarifying language has been included as a result of four protests the BLM received on the PRMP/FEIS. The clarifying language concerned the intent of the priority management level concept as used in the PRMP/FEIS; current livestock forage assignments and practices as affected by wildlife reintroductions and recreation area developments; and corrective actions involving existing airports in trespass. Five alternatives that encompass a spectrum of realistic management options were considered in the planning process. The final plan is a mixture of the management objectives and actions that, in the opinion of the BLM, best resolve the issues and concerns that drove the preparation of the plan.

#### Wild and Scenic Rivers

The Upper Green River Segment (between Little Hole and the Colorado stateline) is determined to be suitable and recommended for designation as a scenic river.

The Lower Green River Segment (between public land boundary south of Ouray and the Carbon County line) is determined to be suitable as a scenic river. This segment is not recommended for designation because studies have not yet been completed on the adjacent downstream segment through Desolation Canyon.

#### Areas of Critical Environmental Concern (ACEC)

The plan designates the following seven areas as ACECs: Browns Park Complex (55,700 public acres), Lears Canyon (1,400 public acres), Lower Green River (7,900 public acres), Nine Mile Canyon (50,800 public acres), Pariette Wetlands (11,600 public acres), Red Creek Watershed (24,200 public acres), and Red Mountain-Dry Fork Complex (25,800 public acres). Coordinated resource management activity plans will be prepared for each ACEC to detail protective measures.

#### Conformance to Survey; Alaska

**AGENCY:** Bureau of Land Management, Interior.

**ACTION:** Notice.

**SUMMARY:** This notice provides official publication of the surveyed description for the Noatak National Guard Site at Noatak, Alaska. The site was withdrawn by Public Land Order No. 2020 for use by the Department of the Army. The plat of survey was officially filed in the Department of the Interior, Bureau of Land Management, Washington, D.C., on June 21, 1961. United States Survey No. 3778, Lot 3, containing 0.50 acre, represents the land that was previously described as follows:

A tract of land on the Noatak River, north of Kotzebue, at approximate latitude 67°35' N., longitude 163°00' W. Beginning at Corner No. 1 of U.S. Survey No. 2037, being the northwest corner thereof;

Thence along an extension of the west line of U.S. Survey No. 2037, N. 18°51' E., 29 feet;

Thence N. 71°09' W., 180 feet;

Thence N. 14°58' W., 221.49 feet to the point of beginning;

Thence N. 68°18' W., 140 feet;

Thence N. 21°42' E., 200 feet;

Thence S. 68°18' E., 220 feet;

Thence S. 21°42' W., 200 feet;

Thence N. 68°18' W., 80 feet to the point of beginning.

The area as described contained approximately 1.01 acres.

**ADDRESSES:** Inquiries about this land should be sent to the Alaska State Office, Bureau of Land Management, 222 W. 7th Avenue, No. 13, Anchorage, Alaska 99513-7599.

**FOR FURTHER INFORMATION CONTACT:** Sue A. Wolf, BLM Alaska State Office, 907-271-5477.

Dated: February 17, 1995.

#### Fish and Wildlife Service

##### Finding of No Significant Impact for an incidental Take Permit for the Proposed Westminster Glen Subdivision, Austin, Travis County, TX

**AGENCY:** Fish and Wildlife Service, Interior.

**ACTION:** Notice.

**SUMMARY:** The U.S. Fish and Wildlife Service has prepared an Environmental Assessment for issuance of a Section 10(a)(1)(B) permit for the incidental take of the Federally endangered golden-cheeked warbler (*Dendroica chrysoparia*) during the construction and operation of a residential development in northwest Travis County, Texas.

#### Proposed Action

The proposed action is the issuance of a permit under Section 10(a)(1)(B) of the Endangered Species Act to authorize the incidental take of the golden-cheeked warbler.

The Applicant plans to construct single-family residences on 270 acres in northwest Travis County, Texas. The proposed development will comply with all local, regional, State, and Federal environmental regulations addressing environmental impacts associated with this type of development. Details of the mitigation are provided in the MaBe, Inc., (Applicant) Westminster Glen Subdivision Environmental Assessment/Habitat Conservation Plan. Guarantees for implementation are provided in the Implementing Agreement. These conservation plan actions ensure that the criteria established for issuance of an incidental take permit will be fully satisfied.

#### Alternatives Considered

1. Proposed action,
2. Wait for issuance of a Regional 10(a) permit,
3. No action.

#### Determination

Based upon information contained in the Environmental Assessment/Habitat Conservation Plan, the Service has determined that this action is not a major Federal action which would significantly affect the quality of the human environment within the meaning of Section 102(2)(c) of the National Environmental Policy Act of 1969. Accordingly, the preparation of an Environmental Impact Statement on the proposed action is not warranted.

It is my decision to issue the Section 10(a)(1)(B) permit for the construction and operation of the Westminster Glen residential development in Travis County, Texas.

**James A. Young,**

*Acting Regional Director, Region 2, Albuquerque, New Mexico.*
