Title: Application and Summary Report for an Emergency Exemption for Pesticides. (EPA ICR No. 0596.05; OMB No. 2070-0032). This is a request to extend the expiration date of a presently approved collection.

Abstract: Under section 18 of the Federal Insecticide, Fungicide, and Rodenticide Act, the EPA may temporarily authorize states, territories, and Federal agencies to ship and use unregistered pesticides in emergency situations. To ensure that an emergency actually exists, and that use of the pesticide will not pose an unreasonable risk to human health or the environment, the EPA requires exemption applicants to explain the circumstances necessitating the emergency use and to provide details on the pesticide and its proposed application. Following the application of the pesticide, applicants must submit a report to the EPA describing the pesticide treatment and its effectiveness, as well as any adverse effects.

Burden Statement: The public burden for this collection of information is estimated to average 101 hours per response for reporting and 2 hours per recordkeeper annually. This estimate includes the initial request for an emergency exemption and the time needed to complete and submit the summary report after the pesticide application. Included in this estimate is also the time needed to review instructions, search existing data sources, gather and maintain data needed, and review the collection of information.

Respondents: States, territories and Federal agencies.

Estimated No. of Responses per Respondents: 1.

Estimated Total Annual Burden on Respondents: 30,500 hours.
