First Revised Sheet No. 452
First Revised Sheet No. 453

The proposed tariff sheets bear an issue date of March 1, 1995 and a proposed effective date of April 1, 1995.

Columbia states that this filing comprises Columbia's annual filing pursuant to Section 36, Transportation Costs Rate Adjustment (TCRA), of the General Terms and Conditions (GTC) of Columbia's FERC Gas Tariff, Second Revised Volume No. 1. The first six of the above referenced tariff sheets reflect changes to Columbia's TCRA rates as a result of this filing. First Revised Sheet No. 395 is a modification of GTC Section 20, discounting, in Columbia's FERC Gas Tariff, Second Revised

Volume No. 1, to reflect Columbia's implementation of the Commission's change in policy in *Natural Gas Pipeline Company of America*, 69 FERC 61,029 (1994). First Revised Sheet Nos. 452 and 453 reflect revisions to the TCRA provision to also take into account *Natural*, and provide for its administration by separating the TCRA Adjustment into two portions: a Current Operational TCRA Rate and a Current Stranded TCRA Rate. These two components will continue to be calculated in the same manner as the TCRA Adjustment has been. Columbia is requesting a waiver to include certain refunds received in 1995 within the deferral period addressed in this annual filing.

Columbia states that copies of its filing have been mailed to all firm customers and affected state regulatory commissions.

Any person desiring to be heard or to protest said filing should file a motion to intervene or protest with the Federal Energy Regulatory Commission, 825 North Capitol Street, N.E., Washington, D.C. 20426, in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure. Gas Tariff**

March 3, 1995.

Take notice that on March 1, 1995, Columbia Gas Transmission Corporation (Columbia), tendered for filing the following tariff sheet to its FERC Gas Tariff, Second Revised Volume No. 1, to be effective April 1, 1995:

First Revised Sheet No. 44
First Revised Sheet No. 405

Columbia states that the instant filing represents Columbia's annual filing pursuant to Section 35, Transportation Retainage Adjustment (TRA), of the General Terms and Conditions (GTC) of its FERC Gas Tariff, Second Revised

Volume No. 1. Columbia states that its transportation retainage percentage or factor consists of a current and an unrecovered component for company-use, lost, and unaccounted for quantities. In this filing, Columbia is not adjusting the current component of the transportation retainage factor. The unrecovered component is being adjusted to account for an under recovery of these quantities during the deferral period.

Furthermore, Columbia is requesting a waiver to permit using a 14-month deferral period in calculating the unrecovered component. First Revised Sheet No. 44 sets forth the transportation retainage factors as a result of this filing. First Revised Sheet No. 405 is being filed to correct a typographical error in GTC Section 25.3(d), Gas Quality, to correctly refer to Sheet No. 44.

Columbia states that copies of its filing have been mailed to all firm customers and affected state regulatory commissions.

Any person desiring to be heard or to protest said filing should file a motion to intervene or protest with the Federal Energy Regulatory Commission, 825 North Capitol Street, N.E., Washington, D.C. 20426, in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure. All such motions or protests should be filed on or before March 10, 1995. Any person wishing to become a party must file a motion to intervene. Copies of Columbia's filings are on file with the Commission and are available for public inspection.
