Gas Tariff**

March 3, 1995.

Take notice that on March 1, 1995, Columbia Gas Transmission Corporation (Columbia), tendered for filing the following tariff sheet to its FERC Gas Tariff, Second Revised Volume No. 1, to be effective April 1, 1995:

First Revised Sheet No. 405

Columbia states that the instant filing represents Columbia's annual filing pursuant to Section 35, Transportation Retainage Adjustment (TRA), of the General Terms and Conditions (GTC) of its FERC Gas Tariff, Second Revised

Volume No. 1. Columbia states that its transportation retainage percentage or factor consists of a current and an unrecovered component for company-use, lost, and unaccounted for quantities. In this filing, Columbia is not adjusting the current component of the transportation retainage factor. The unrecovered component is being adjusted to account for an under recovery of these quantities during the deferral period.

First Revised Sheet No. 44 sets forth the transportation retainage factors as a result of this filing. First Revised Sheet No. 405 is being filed to correct a typographical error in GTC Section 25.3(d), Gas Quality, to correctly refer to Sheet No. 44.

Columbia states that copies of its filing have been mailed to all firm customers and affected state regulatory commissions.

Any person desiring to be heard or to protest said filing should file a motion to intervene or protest with the Federal Energy Regulatory Commission, 825 North Capitol Street, N.E., Washington, D.C. 20426, in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure.
