BILLING CODE 4310-40-M

Bureau of Land Management

[WY-040-05-1310-01]

Texaco's Stagecoach Draw Unit; Wyoming; Availability of Draft Environmental Impact Statement

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice of availability of draft environmental impact statement (EIS).

SUMMARY: The Bureau of Land Management (BLM) announces the availability of Texaco's Stagecoach Draw Draft EIS analyzing the environmental consequences of a proposed natural gas development and production operation in the Stagecoach Draw Unit approximately 7 miles southwest of Farson, Wyoming, Sweetwater County. The project area encompasses 23,575 acres within portions of Townships 22, 23, and 24 north, ranges 107 and 108 North.

DATES: Comments on the Draft EIS will be accepted for 45 days following the date that the Environmental Protection Agency (EPA) publishes their Notice of Availability in the **Federal Register**. The EPA notice is expected to be published on March 10, 1995. There are presently no plans to hold a public hearing on the Texaco Stagecoach Draw Unit Draft EIS because of apparent lack of substantial environmental controversy concerning the proposed project. Reviewers are encouraged to visit the local BLM offices in Cheyenne and Rock Springs, Wyoming and talk with the Managers about any concerns. If enough people indicate a desire to testify by returning the tear-out sheet provided in the Draft EIS, a public hearing(s) will be

scheduled. Information on the hearing(s) will be published in state and local newspapers and other media sources, and direct mailing to the recipients of the Draft EIS to give the public enough notice.

ADDRESSES: Comments on the Draft EIS should be sent to Bureau of Land Management, Bill McMahan (Project Coordinator), P.O. Box 1869, Rock Springs, WY 82902-1869.

SUPPLEMENTARY INFORMATION: The Draft EIS analyzes a proposed action, one development alternative, and the no action alternative. Texaco USA proposes to develop a 23,575 acre natural gas field by drilling 72 wells on an average spacing of 320 acres over the next 6 to 10 years. Texaco's plans and drilling schedules would be contingent upon both an increased demand for natural gas supplies in response to the Clean Air Act amendments of 1990 and an adequate price for the gas at the wellhead. The Draft EIS describes the physical, biological, cultural, historic, and socioeconomic resources in and surrounding the project area. The focus for impact analysis was based upon resource issues and concerns identified during the public scoping. Potential impacts of concern from development were to antelope migrations and crucial winter range; sage grouse and raptor breeding and nesting; sediment increases to the Big Sandy River; groundwater contamination; Oregon, Mormon Pioneer, Pony Express, and California Historic Trails condition and viewshed; changes in livestock and wild horse management; and cumulative effects. The Draft EIS, in compliance with Section 7(c) of the Endangered Species Act (as amended), includes the Biological Assessment for the purpose of identifying any endangered or threatened species which are likely to be affected by the proposed action.

Dated: March 2, 1995.

Alan L. Kesterke,

Associate State Director.

Notice of Realty Action, Sale of Public Lands in Owyhee County, Idaho

AGENCY: Bureau of Land Management, Interior.

ACTION: Sale of public lands in Owyhee County.

SUMMARY: The following-described public land has been examined and through the public-supported land use planning process has been determined to be suitable for disposal by direct sale pursuant to Section 203 of the Federal Land Policy and Management Act of 1976 at no less than appraised fair market value. The lands will not be offered for sale until at least 60 days after the date of publication of this notice in the **Federal Register**.

Boise Meridian, Idaho

T. 5 S., R. 3 W.,

Sec. 6: Lot 70.

The area described contains .06 acres, more or less.

DATES: Upon publication of this notice in the **Federal Register**, the land described above will be segregated from appropriation under the public land laws, including the mining laws, except the sale provision of the Federal Land Policy and Management Act. The segregative effect will end upon issuance of patent or 270 days from the date of publication, whichever occurs first.

ADDRESSES: Boise District Office, 3948 Development Avenue, Boise, Idaho 83705.

FOR FURTHER INFORMATION CONTACT: Kelley Moore, Land Law Examiner, at the address shown above or (208) 384-3452.

SUPPLEMENTARY INFORMATION: This land is being offered by direct sale to Kenneth M. and Linda R. Jantz, and Erik A. Jantz, of Elkhorn, Nebraska, the current building owners, at fair market value in order to give the Silver City community a more permanent character and the building owners a tenure interest in the land on which the building is located. Selling this parcel to the building owners will provide incentive to maintain the building in the historical nature in which it was built, thus maintaining a valuable part of our
