

Special Recreation Management Area (171 acres) located within the Powder River Depot Area of Critical Environmental Concern, and rights-of-way construction would be avoided.

The Seline Cultural Site (80 public surface acres) in Dawson County would be designated an area of critical environmental concern. This area would be managed to enhance and protect cultural resources. Management actions affecting this area are: Off-road vehicle travel would be limited to existing roads and trails, locatable minerals would be withdrawn from mineral entry, mineral material sales and permits would not be allowed, nonenergy leasable minerals and coal would not be available for leasing, oil and gas leasing would be allowed with a no-surface occupancy stipulation, geophysical exploration would not be permitted, livestock grazing would be allowed, and rights-of-way construction would be avoided.

The Ash Creek Divide Paleontology Area (7,931 public surface acres) in Garfield County would be designated an area of critical environmental concern. This area would be managed to enhance and protect paleontology resources. Management actions affecting this area are: Off-road vehicle travel would be limited to existing roads and trails, locatable minerals would be withdrawn from mineral entry, mineral material sales and permits would not be allowed, nonenergy leasable minerals and coal would not be available for leasing, oil and gas leasing would be allowed with a no-surface occupancy stipulation, geophysical exploration would not be permitted, livestock grazing would be allowed, and rights-of-way construction would be permitted.

The Bug Creek Paleontology Area (3,840 public surface acres) in McCone County would be designated an area of critical environmental concern. This area would be managed to enhance and protect paleontology resources. Management actions affecting this area are: Off-road vehicle travel would be limited to existing roads and trails, locatable minerals would be withdrawn from mineral entry, mineral material sales and permits would not be allowed, nonenergy leasable minerals and coal would not be available for leasing, oil and gas leasing would be allowed with a no-surface occupancy stipulation, geophysical exploration would not be permitted, livestock grazing would be allowed, and rights-of-way construction would be permitted.

The Hell Creek Paleontology Area (19,169 public surface acres) in Garfield County would be designated an area of critical environmental concern. This area would be managed to enhance and

protect paleontology resources. Management actions affecting this area are: Off-road vehicle travel would be limited to existing roads and trails, locatable minerals would be withdrawn from mineral entry, mineral material sales and permits would not be allowed, nonenergy leasable minerals and coal would not be available for leasing, oil and gas leasing would be allowed with a no-surface occupancy stipulation, geophysical exploration would not be permitted, livestock grazing would be allowed, and rights-of-way construction would be permitted.

The Sand Arroyo Paleontology Area (9,056 public surface acres) in McCone County would be designated an area of critical environmental concern. This area would be managed to enhance and protect paleontology resources. Management actions affecting this area are: Off-road vehicle travel would be limited to existing roads and trails, locatable minerals would be withdrawn from mineral entry, mineral material sales and permits would not be allowed, nonenergy leasable minerals and coal would not be available for leasing, oil and gas leasing would be allowed with a no-surface occupancy stipulation, geophysical exploration would not be permitted, livestock grazing would be allowed, and rights-of-way construction would be permitted.

The Black-Footed Ferret Area (11,166 public surface acres) in Prairie and Custer Counties would be designated an area of critical environmental concern. This area would be managed as a potential black-footed ferret reintroduction area and for associated species. Management actions affecting this area are: Off-road vehicle travel would be limited to existing roads and trails, locatable mineral entry would be allowed, mineral material sales and permits would not be allowed, nonenergy leasable minerals and coal would not be available for leasing, oil and gas leasing would be allowed with controlled surface use on 5,164 public mineral acres, geophysical exploration would not be permitted on 5,164 public mineral acres, prairie dog colonies would be allowed to expand within the 11,166 acre area of critical environmental concern, livestock grazing would be allowed, and rights-of-way construction would be avoided.

The Piping Plover Wildlife Site (16 public surface acres) in Sheridan County would be designated an area of critical environmental concern. This area would be managed to enhance and protect the piping plover. Management actions affecting this area are: Off-road vehicle travel would be limited to existing roads and trails, locatable

minerals would be withdrawn from mineral entry, mineral material sales and permits would not be allowed, nonenergy leasable minerals would not be available for leasing, oil and gas leasing would be allowed with a no-surface occupancy stipulation, geophysical exploration would not be permitted, livestock grazing would not be allowed, and rights-of-way construction would be avoided.

The Smoky Butte Area (80 public surface acres) in Garfield County would be designated an area of critical environmental concern. This area would be managed to protect the unique geologic values. Management actions affecting this area are: The area would be closed to motorized vehicles, locatable minerals would be withdrawn from mineral entry subject to valid existing rights, mineral material sales and permits would not be allowed, nonenergy leasable minerals and coal would not be available for leasing, oil and gas leasing would be allowed with a no-surface occupancy stipulation, geophysical exploration would be permitted, livestock grazing would be allowed, and rights-of-way construction would be excluded.

Management prescriptions for these areas of critical environmental concern vary by alternative and are described in the RMP and EIS.

Public participation has occurred throughout the RMP process. A Notice of Intent was filed in the **Federal Register** in October 1989. Since that time several public meetings, mailings, and briefings were conducted to solicit comments and ideas. All comments presented throughout the process have been considered.

This notice meets the requirements of 43 CFR 1610.7-2 for designation of areas of critical environmental concern and the requirements of the Final Revised USDI-USDA Guidelines for Eligibility, Classification, and Management of Rivers (47 FR 39454).

Dated: March 1, 1995.

John E. Moorhouse,

Acting Deputy State Director, Division of Lands and Renewable Resources.

BILLING CODE 4310-DN-P

[WY-989-1050-00-P]

Filing of Plats of Survey; Wyoming

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice.

SUMMARY: The plats of survey of the following described lands are scheduled

to be officially filed in the Wyoming State Office, Cheyenne, Wyoming, thirty (30) calendar days from the date of this publication.

Sixth Principal Meridian, Wyoming

T. 50 N., R. 73 W., accepted February 15, 1995
T. 51 N., R. 73 W., accepted February 14, 1995

If protests against a survey, as shown on any of the above plats, are received prior to the official filing, the filing will be stayed pending consideration of the protest(s) and or appeal(s). A plat will not be officially filed until after disposition of protests(s) and or appeal(s). These plats will be placed in the open files of the Wyoming State Office, Bureau of Land Management, 2515 Warren Ave., Cheyenne, Wyoming, and will be available to the public as a matter of information only. Copies of the plats will be made available upon request and prepayment of the reproduction fee of \$1.10 per copy.

A person or party who wishes to protest a survey must file with the State Director, Bureau of Land Management, Cheyenne, Wyoming, a notice of protest prior to thirty (30) calendar days from the date of this publication. If the protest notice did not include a statement of reasons for the protest, the protestant shall file such a statement with the State Director within thirty (30) calendar days after the notice of protest was filed.

The above-listed plats represent dependent resurveys, subdivision of sections.

FOR FURTHER INFORMATION CONTACT:

Bureau of Land Management, P.O. Box 1828, 2515 Warren Avenue, Cheyenne, Wyoming 82003.

Dated: March 1, 1995.

John P. Lee,

Chief Branch of Cadastral Survey.

[AZ-930-1430-01; AZA-28980]

Notice of Proposed Withdrawal and Opportunity for Public Meeting; Arizona

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice.

SUMMARY: On January 19, 1995, the U.S. Postal Service filed application AZA-

28980 to withdraw approximately 2,514 acres (109,510 square feet) of public land as a post office site for the community of San Luis, Arizona. The land is located within the San Luis Townsite in Yuma County. The withdrawal is to be from mineral entry only.

DATES: Comments and requests for a meeting should be received on or before June 8, 1995.

ADDRESSES: Comments and meeting requests should be sent to the Arizona State Director, Bureau of Land Management (BLM), 3707 North 7th Street, Phoenix, Arizona 85014-5080.

FOR FURTHER INFORMATION CONTACT: John Mezes, BLM, Arizona State Office, 602-650-0518.

SUPPLEMENTARY INFORMATION: On January 19, 1995, the U.S. Postal Service filed application AZA-28980 to withdraw the following described public land from location and entry under the United States mining laws, subject to valid existing rights.

The legal description of the proposed withdrawal is as follows:

Gila and Salt River Meridian

T. 11 S., R. 25 W.,

sec. 12, lots 1-5, block 26 of the San Luis

Townsite delineated and designated on the approved Townsite Plat 35-300-68;

The area described aggregates 2,514 acres, more or less, or 109,510 square feet of public land in Yuma County, Arizona.

For a period of 90 days from the date of publication of this notice, all persons who wish to submit comments, suggestions or objections in connection with the proposed withdrawal may present their views in writing to the undersigned officer of the Bureau of Land Management.

Notice is hereby given that an opportunity for a public meeting is afforded in connection with the proposed withdrawal. All interested persons who desire a public meeting for the purpose of being heard on the proposal must submit a written request to the Arizona State Director within 90 days from the date of publication of this notice. Upon a determination by the authorized officer that a public meeting will be held, a notice of time and place will be published in the **Federal Register** at least 30 days before the scheduled date of the meeting.

The application will be processed in accordance with the regulations set forth in 43 CFR 2300.

For a period of 2 years from the date of publication of this notice in the **Federal Register**, the lands will be segregated as specified above unless an application is denied or canceled or the
