BILLING CODE 4310-55-P

Finding of No Significant Impact for an Incidental Take Permit for the Construction and Operation of the Davenport Ranch Subdivision in Austin, Travis County, Texas

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Notice.

SUMMARY: The U.S. Fish and Wildlife Service (Service) has prepared an Environmental Assessment for issuance of a Section 10(a)(1)(B) permit for the incidental take of the Federally endangered black-capped vireo (*Vireo atricapillus*) during the construction and operation of a residential

development in western Travis County, Texas.

Proposed Action

The proposed action is the issuance of a permit under Section 10(a)(1)(2) of the Endangered Species Act to authorize the incidental take of the black-capped vireo.

The Applicant plans to construct single-family residences on approximately 210 acres in western Travis County, Texas. The proposed development will comply with all local, State, and Federal environmental regulations addressing environmental impacts associated with this type of development. Details of the mitigation are provided in the Davenport Ranch Subdivision Environmental Assessment/Habitat Conservation Plan. Guarantees for implementation are provided in the Agreement. These conservation plan actions ensure that the criteria established for issuance of an incidental take permit will be fully satisfied.

Alternatives Considered

1. No action,
2. Development of the 107.8 acres of the 210-acre tract (Preferred Alternative),
3. A reduced development plan,
4. Alternative location, and
5. Wait for issuance of a Regional 10(a)(1)(B) incidental take permit.

Determination

Based upon information contained in the Environmental Assessment/Habitat Conservation Plan, the Service has determined that this action is not a major Federal action which would significantly affect the quality of the human environment with the meaning of Section 102(2)(c) of the National Environmental Policy Act of 1969. Accordingly, the preparation of an Environmental Impact Statement on the proposed action is not warranted.

It is my decision to issue the Section 10(a)(1)(B) permit for the construction and operation of the Davenport Ranch Subdivision development in Travis County, Texas.

A. Robyn Thorson,

Acting Regional Director, Region 2, Albuquerque, New Mexico.
