(A) That sales or production, or both, of such firm or subdivision have decreased absolutely;

(B) That imports from Mexico or Canada of articles like or directly competitive with articles produced by such firm or subdivision have increased;

(C) That the increase in imports contributed importantly to such workers' separations or threat of separation and to the decline in sales or production of such firm or subdivision; or

(2) That there has been a shift in production by such workers' firm or subdivision to Mexico or Canada of articles like or directly competitive with articles which are produced by the firm or subdivision.

#### Negative Determinations NAFTA-TAA
