Notice of Determinations Regarding Eligibility To Apply for Worker Adjustment Assistance and NAFTA Transitional Adjustment Assistance

In accordance with Section 223 of the Trade Act of 1974, as amended, the Department of Labor herein presents summaries of determinations regarding eligibility to apply for trade adjustment assistance for workers (TA-W) issued during the period of February, 1995.

In order for an affirmative determination to be made and a certification of eligibility to apply for worker adjustment assistance to be issued, each of the group eligibility requirements of Section 222 of the Act must be met.

(1) That a significant number of proportion of the workers in the workers' firm, or an appropriate subdivision thereof, have become totally or partially separated,

(2) That sales or production, or both, of the firm or subdivision have decreased absolutely, and

(3) That increases of imports of articles like or directly competitive with articles produced by the firm or appropriate subdivision have contributed importantly to the separations, or threat thereof, and to the absolute decline in sales or production.

Negative Determinations for Worker Adjustment Assistance

In each of the following cases the investigation revealed that criterion (3) has not been met. A survey of customers indicated that increased imports did not contribute importantly to worker separations at the firm.

TA-W-30,659; Johnson Controls Battery Group, Inc., Owosso, MI

TA-W-30,591; Pigeon Manufacturing, Bad Axe, MI

In the following cases, the investigation revealed that the criteria for eligibility have not been met for the reasons specified.

TA-W-30,656; Becton Dickinson & Co., Franklin Lakes, NJ

Under the terms of the Trade Act of 1974, employment declines in activities supporting export sales cannot be used as the basis for certification.

TA-W-30,617; Shaw Pipe, Inc., Highspire, PA

The workers' firm does not produce an article as required for certification under Section 222 of the Trade Act of 1974.

TA-W-30,589; Fenestra Corp., Erie, PA

The investigation revealed that criterion (2) and criterion (3) have not been met. Sales or production did not decline during the relevant period as required for certification. Increases of imports of articles like or directly competitive with articles produced by the firm or appropriate subdivision have not contributed importantly to the separations or threat thereof, and the absolute decline in sales or production.

Woodward Governor Company; Stevens Point, WI; Amended Certification Regarding Eligibility To Apply for Worker Adjustment Assistance

In accordance with Section 223 of the Trade Act of 1974 (19 U.S.C. 2273) the Department of Labor issued a Certification of Eligibility to Apply for Worker Adjustment Assistance on February 14, 1995 applicable to the workers engaged in employment related to the production of aircraft fuel controls at the subject firm.

The certification notice will soon be published in the **Federal Register**.

At the request of the State Agency and the company, the Department reviewed the certification for workers of the subject firm. The findings show that some production was in hydromatic controls. The workers were not entirely separately identifiable by product line and the plant will close in 1995. Accordingly, the Department is amending the certification to include all
