(Catalog of Federal Domestic Assistance No. 83.100, "Flood Insurance")

Dated: March 1, 1995.

**Richard T. Moore,**  
Associate Director for Mitigation.

[FR Doc. 95-5972 Filed 3-9-95; 8:45 am]

BILLING CODE 6718-03-P

**44 CFR Part 67**

**Final Flood Elevation Determinations**

**AGENCY:** Federal Emergency Management Agency (FEMA).

**ACTION:** Final rule.

**SUMMARY:** Base (100-year) flood elevations and modified base (100-year) flood elevations are made final for the communities listed below. The base (100-year) flood elevations and modified base flood elevations are the basis for the floodplain management measures

that each community is required either to adopt or to show evidence of being already in effect in order to qualify or remain qualified for participation in the National Flood Insurance Program (NFIP).

**EFFECTIVE DATE:** The date of issuance of the Flood Insurance Rate Map (FIRM) showing base flood elevations and modified base flood elevations for each community. This date may be obtained by contacting the office where the maps are available for inspection as indicated on the table below.

**ADDRESSES:** The final base flood elevations for each community are available for inspection at the office of the Chief Executive Officer of each community. The respective addresses are listed in the table below.

**FOR FURTHER INFORMATION CONTACT:** Michael K. Buckley, P.E., Chief, Hazard Identification Branch, Mitigation

Directorate, 500 C Street SW., Washington, DC 20472, (202) 646-2756.

**SUPPLEMENTARY INFORMATION:** The Federal Emergency Management Agency (FEMA or Agency) makes final determinations listed below of base flood elevations and modified base flood elevations for each community listed. The proposed base flood elevations and proposed modified base flood elevations were published in newspapers of local circulation and an opportunity for the community or individuals to appeal the proposed determinations to or through the community was provided for a period of ninety (90) days. The proposed base flood elevations and proposed modified base flood elevations were also published in the **Federal Register**.

This final rule is issued in accordance with section 110 of the Flood Disaster

Protection Act of 1973, 42 U.S.C. 4104, and 44 CFR part 67.

The Agency has developed criteria for floodplain management in floodprone areas in accordance with 44 CFR part 60.

Interested lessees and owners of real property are encouraged to review the proof Flood Insurance Study and Flood Insurance Rate Map available at the address cited below for each community.

The base flood elevations and modified base flood elevations are made final in the communities listed below. Elevations at selected locations in each community are shown.

**National Environmental Policy Act.** This rule is categorically excluded from the requirements of 44 CFR Part 10, Environmental Consideration. No environmental impact assessment has been prepared.

**Regulatory Flexibility Act.** The Associate Director, Mitigation Directorate, certifies that this rule is exempt from the requirements of the Regulatory Flexibility Act because final or modified base flood elevations are required by the Flood Disaster Protection Act of 1973, 42 U.S.C. 4104, and are required to establish and maintain community eligibility in the National Flood Insurance Program. No regulatory flexibility analysis has been prepared.

**Regulatory Classification.** This final rule is not a significant regulatory action under the criteria of section 3(f) of Executive Order 12866 of September 30, 1993, Regulatory Planning and Review, 58 FR 51735.

**Executive Order 12612, Federalism.** This rule involves no policies that have federalism implications under Executive Order 12612, Federalism, dated October 26, 1987.

**Executive Order 12778, Civil Justice Reform.** This rule meets the applicable standards of section 2(b)(2) of Executive Order 12778.

**List of Subjects in 44 CFR Part 67**

Administrative practice and procedure, Flood insurance, Reporting and recordkeeping requirements.

Accordingly, 44 CFR part 67 is amended as follows:

**PART 67—[AMENDED]**

1. The authority citation for part 67 continues to read as follows:

**Authority:** 42 U.S.C. 4001 et seq.; Reorganization Plan No. 3 of 1978, 3 CFR, 1978 Comp., p. 329; E.O. 12127, 44 FR 19367, 3 CFR, 1979 Comp., p. 376.

**§ 67.11 [Amended]**

2. The tables published under the authority of § 67.11 are amended as follows:

## CORPORATION FOR NATIONAL AND COMMUNITY SERVICE

### 45 CFR Part 2543

#### Uniform Administrative Requirements for Grants and Agreements With Institutions of Higher Education, Hospitals and Other Non-Profit Organizations

**AGENCY:** Corporation for National and Community Service.

**ACTION:** Final rule.

**SUMMARY:** This final rule amends the Corporation for National and Community Services regulations to incorporate the changes established by revised OMB Circular 1-110, "Uniform Administrative Requirements for Grants and Agreements with Institutions of Higher Education, Hospitals and Other Non-Profit Organizations," published by the Office of Management and Budget (OMB) on November 29, 1993.

Consistent with the Circular, this rule applies to Corporation for National and Community Service awards to institutions of higher education, hospitals, and other non-profit organizations.

**EFFECTIVE DATE:** March 10, 1995.

**ADDRESSES:** The Corporation for National and Community Service, 1201 New York Ave. NW., Washington, DC. 20525.

**FOR FURTHER INFORMATION CONTACT:** Rina Tucker, (202) 606-5000 x257 between the hours of 9 a.m. and 5 p.m. This document will be made available in an alternative format upon request.

#### SUPPLEMENTARY INFORMATION:

##### I. Background and Purpose

In November of 1990, OMB established an interagency task force to review the Circular with a view toward

its revision based on recommendations solicited from affected organizations such as universities and other non-profit groups. The task force developed a proposed revision of the Circular, which OMB published on August 27, 1992 (57 FR 39018). After considering the over 200 comments from a wide variety of federal and non-federal respondents, OMB published the final revised Circular in the **Federal Register** on November 29, 1993 (58 FR 62992).

OMB Circular A-110 sets forth government-wide standards governing Federal agency administration of grants and other agreements with institutions of higher education, hospitals, and other non-profit organizations. Federal agencies must apply the provisions of the Circular in making awards to the covered entities; all primary recipients (including governments) of Federal awards must also apply the Circular's provisions to any subawards they make to such entities. Those provisions that affect Federal agencies were effective on December 29, 1993 (58 FR 62992-93). With respect to the Circular's application to recipients of Federal agency awards, OMB's notice directed each affect agency to promulgate its own rules adopting the provisions of the Circular (58 FR 62992-93).

Accordingly, the Corporation is publishing this final rule whose primary purpose is to incorporate the provisions of OMB Circular A-110 into the Corporation's grants administration regulations at 45 CFR part 25. Consistent with the Circular, this rule applies to Corporation awards made to institutions of higher education, hospitals and other non-profit organizations.

##### II. Regulatory Impact Analysis

In keeping with the requirements of 44 U.S.C. 3504(h), the information collection requirements contained in this rule have been approved by OMB as Standard Forms. This rule will not have a substantial impact on a significant number of small entities, thus a regulatory flexibility analysis has not been prepared pursuant to the Regulatory Flexibility Act, 5 U.S.C. 601 et seq. The agency has determined that this rule does not have sufficient federalism implications to warrant the preparation of a Federalism Assessment pursuant to Executive Order 12612. In addition, the Agency has determined that implementation of this action will not have any significant impact on the quality of the human environment pursuant to the National Environmental Policy Act.

### List of Subjects in 45 CFR Part 2543

Accounting, Administrative practice and procedures, Grant programs—health, Grant programs—social, Grants administration, Reporting and recordkeeping requirements.

Dated: March 2, 1995.

**Terry Russell,**

*General Counsel.*

Accordingly, as set forth in the preamble, the Corporation amends title 45, chapter XXV of the Code of Federal Regulations by adding part 2543 to read as follows:

### PART 2543—GRANTS AND AGREEMENTS WITH INSTITUTIONS OF HIGHER EDUCATION, HOSPITALS, AND OTHER NON-PROFIT ORGANIZATIONS

#### Subpart A—General

Sec.

- 2543.1 Purpose.
- 2543.2 Definitions.
- 2543.3 Effect on other issuances.
- 2543.4 Deviations.
- 2543.5 Subawards.

#### Subpart B—Pre-Award Requirements

- 2543.10 Purpose.
- 2543.11 Pre-award policies.
- 2543.12 Forms for applying for Federal assistance.
- 2543.13 Debarment and suspension.
- 2543.14 Special award conditions.
- 2543.15 Metric system of measurement.
- 2543.16 Resource Conservation and Recovery Act.
- 2543.17 Certifications and representations.

#### Subpart C—Post-Award Requirements

##### Financial and Program Management

- 2543.20 Purpose of financial and program management.
- 2543.21 Standards for financial management systems.
- 2543.22 Payment.
- 2543.23 Cost sharing or matching.
- 2543.24 Program income.
- 2543.25 Revision of budget and program plans.
- 2543.26 Non-Federal audits.
- 2543.27 Allowable costs.
- 2543.28 Period of availability of funds.

##### Property Standards

- 2543.30 Purpose of property standards.
- 2543.31 Insurance coverage.
- 2543.32 Real property.
- 2543.33 Federally-owned and exempt property.
- 2543.34 Equipment.
- 2543.35 Supplies and other expendable property.
- 2543.36 Intangible property.
- 2543.37 Property trust relationship.

##### Procurement Standards

- 2543.40 Purpose of procurement standards.
- 2543.41 Recipient responsibilities.
