BILLING CODE 6560-50-F

FEDERAL EMERGENCY MANAGEMENT AGENCY

44 CFR Part 67

[Docket No. FEMA-7128]

Proposed Flood Elevation Determinations

AGENCY: Federal Emergency Management Agency, FEMA.

ACTION: Proposed rule.

SUMMARY: Technical information or comments are requested on the proposed base (100-year) flood elevations and proposed base flood elevation modifications for the communities listed below. The base (100-year) flood elevations are the basis for the floodplain management measures that the community is required either to adopt or to show evidence of being already in effect in order to qualify or remain qualified for participation in the National Flood Insurance Program (NFIP).

DATES: The comment period is ninety (90) days following the second publication of this proposed rule in a newspaper of local circulation in each community.

ADDRESSES: The proposed base flood elevations for each community are available for inspection at the office of the Chief Executive Officer of each community. The respective addresses are listed in the following table.

FOR FURTHER INFORMATION CONTACT: Michael K. Buckley, P.E., Chief, Hazard Identification Branch, Mitigation Directorate, 500 C Street, SW., Washington, DC 20472, (202) 646-2756.

SUPPLEMENTARY INFORMATION: The Federal Emergency Management Agency (FEMA or Agency) proposes to make determinations of base (100-year) flood elevations and modified base flood elevations for each community listed below, in accordance with section 110 of the Flood Disaster Protection Act of 1973, 42 U.S.C. 4104, and 44 CFR 67.4(a).

These proposed base flood and modified base flood elevations, together with the floodplain management criteria required by 44 CFR 60.3, are the minimum that are required. They should not be construed to mean that the community must change any existing ordinances that are more stringent in their floodplain management requirements. The community may at any time enact stricter requirements of its own, or pursuant to policies established by other Federal, state or regional entities. These proposed elevations are used to meet the floodplain management requirements of the NFIP and are also used to calculate the appropriate flood insurance premium rates for new buildings built after these elevations are made final, and for the contents in these buildings.

National Environmental Policy Act. This proposed rule is categorically excluded from the requirements of 44 CFR Part 10, Environmental

Consideration. No environmental impact assessment has been prepared.

Regulatory Flexibility Act. The Associate Director, Mitigation Directorate, certifies that this proposed rule is exempt from the requirements of the Regulatory Flexibility Act because proposed or modified base flood elevations are required by the Flood Disaster Protection Act of 1973, 42 U.S.C. 4104, and are required to establish and maintain community eligibility in the National Flood Insurance Program. As a result, a regulatory flexibility analysis has not been prepared.

Regulatory Classification. This proposed rule is not a significant regulatory action under the criteria of section 3(f) of Executive Order 12866 of September 30, 1993, Regulatory Planning and Review, 58 FR 51735.

Executive Order 12612, Federalism. This proposed rule involves no policies that have federalism implications under Executive Order 12612, Federalism, dated October 26, 1987.

Executive Order 12778, Civil Justice Reform. This proposed rule meets the applicable standards of section 2(b)(2) of Executive Order 12778.

List of Subjects in 44 CFR Part 67

Administrative practice and procedure, Flood insurance, Reporting and recordkeeping requirements.

Accordingly, 44 CFR part 67 is proposed to be amended as follows:

PART 67—[AMENDED]

1. The authority citation for part 67 continues to read as follows:

Authority: 42 U.S.C. 4001 et seq.; Reorganization Plan No. 3 of 1978, 3 CFR, 1978 Comp., p. 329; E.O. 12127, 44 FR 19367, 3 CFR, 1979 Comp., p. 376.

§ 67.4 [Amended]

2. The tables published under the authority of § 67.4 are proposed to be amended as follows:

State	City/town/county	Source of flooding	Location	#Depth in feet above ground. *Elevation in feet (NGVD)	
				Existing	Modified
Connecticut	East Lyme (Town) New London County.	Latimer Brook	Approximately 0.3 mile downstream of Rock Fill Dam.	None	*79
			Approximately 1,100 feet upstream of Chapman Drive.	None	*98

State	City/town/county	Source of flooding	Location	#Depth in feet above ground. *Elevation in feet (NGVD)	
				Existing	Modified

Maps available for inspection at the Office of Zoning Enforcement, Town Hall, 108 Pennsylvania Avenue, Niantic, Connecticut.
Send comments to Mr. David L. Cini, First Selectman, Town of East Lyme, P.O. Box 519, Niantic, Connecticut 06357.

Connecticut	Montville (Town) New London County.	Latimer Brook	Approximately 280 feet downstream of Silver Falls Road.	None	*99
			Approximately 380 feet upstream of Beckwith Road.	None	*150
		Trading Cove Brook	Approximately 300 feet upstream of confluence of Ford Brook and Great Plain Brook.	*29	*30
			Approximately 300 feet upstream of the confluence of Goldmine Brook.	*70	*71

Maps available for inspection at the Office of Planning and Zoning, 310 Norwich-New London Turnpike, Uncasville, Connecticut.
Send comments to The Honorable Wayne Scott, 310 Norwich-New London Turnpike, Uncasville, Connecticut 06382.

Kentucky	Pineville (City) Bell County.	Cumberland River	At downstream corporate limits approximately 0.52 miles downstream of Tennessee Avenue.	*1018	*1019
			At corporate limits approximately 530 feet upstream of Route 119.	*1025	*1027
		Straight Creek	At its confluence with Cumberland River .	*1021	*1022
			At its upstream corporate limit, approximately 0.48 mile upstream of its confluence with Cumberland River.	*1021	*1022

Maps available for inspection at the City Hall, Corner of Walnut and Virginia, Pineville, Kentucky.
Send comments to The Honorable Robert L. Madon, Mayor of the City of Pineville, Bell County, P.O. Box 688, Pineville, Kentucky 40977.

Maine	Madison (Town) Somerset County.	Kennebec River	At downstream corporate limits	*184	*193
			At approximately 500 feet upstream of upstream corporate limits.	*272	*275
		Jones Brook	At confluence with Kennebec River	*231	*234
			At approximately 0.66 mile downstream of Jones Street.	*275	*276
		Cold Brook	At approximately 1,800 feet downstream of Snowmobile bridge.	None	*205
			At approximately 30 feet upstream of Snowmobile bridge.	None	*206

BILLING CODE 6718-03-P

FEDERAL COMMUNICATIONS COMMISSION

47 CFR Chapter I

[ET Docket No. 94-32; FCC No. 95-47]

Allocation of Spectrum Below 5 GHz Transferred From Federal Government Use

AGENCY: Federal Communications Commission.

ACTION: Proposed rule.

SUMMARY: This Second Notice of Proposed Rule Making, proposes rules to govern assignment and use of the 50 megahertz of spectrum transferred from Federal Government use to private use and allocated in the companion First Report and Order, published elsewhere in this issue. This action is necessary to comply with provisions of the Omnibus Budget Reconciliation Act of 1993 (Reconciliation Act), that require the Commission to allocate, and propose regulations to assign, this spectrum within 18 months of adoption of the Reconciliation Act. Our goal in taking this action is to provide for use of spectrum transferred from Federal

Government to private sector use in a way that will benefit the public by providing for the introduction of new services and devices and enhance existing services and devices.

DATES: Comments must be filed on or before March 20, 1995, and reply comments must be filed on or before April 4, 1995.

ADDRESSES: Federal Communications Commission, 1919 M St., NW., Washington, DC 20554.

FOR FURTHER INFORMATION CONTACT: Karen Rackley, Wireless Telecommunication Bureau, (202) 418-0620.

SUPPLEMENTARY INFORMATION: This is a summary of the Commission's Second Notice of Proposed Rule Making, ET Docket No. 94-32, FCC No. 95-47, adopted February 7, 1995, and released February 17, 1995 (Notice). The full text of this Notice is available for inspection during normal business hours in the Records Room of the Federal Communications Commission, Room 239, 1919 M St., NW., Washington, DC. The complete text may be purchased from the Commission's copy contractor, ITS, Inc., 2100 M St., NW., Suite 140, Washington, DC 20037, telephone (202) 857-3800.

Summary of Second Notice of Proposed Rule Making

1. By this action, the Commission proposes rules governing the use of 50 megahertz of spectrum, at 2390-2400 MHz, 2402-2417 MHz, and 4660-4685

MHz, that has been transferred from Federal Government to private sector use. In the First Report and Order, the Commission allocated the 2390-2400 MHz band for use by unlicensed Personal Communications Services (PCS) devices, provided for continued use of the 2402-2417 MHz band by devices operating in accordance with Part 15 of the Commission's Rules allocated both of these bands for use by the Amateur service on a primary basis, and allocated the 4660-4685 MHz band for use by Fixed and Mobile services.

2390-2400 MHz

2. Because the Commission already has rules in place governing unlicensed PCS, the Notice does not seek additional comment on services rules. The Notice, however, seeks comment on whether some allowance should be made to accommodate operations that combine use of the 2390-2400 MHz with the adjacent 2400-2483.5 MHz band for use as a single, large Part 15 band. The Notice proposes to specifically prohibit aeronautical use of unlicensed PCS devices operating at 2390-2400 MHz as requested by some commenters, but does not propose to restrict use of unlicensed PCS devices in the vicinity of the National Astronomy and Ionospheric Center. Finally, the Notice requests comment on whether it is unnecessary to propose any formal standards for sharing between unlicensed PCS and Amateur service, whether there is a need to restrict certain uses by either the Amateur
