Supplementary Information: This general management plan provides management objectives and visions for the entire park, with alternative plans for the park's developed areas (South Rim, North Rim, Tuweep, and corridor trails). The proposed action, the no-action alternative, and three other alternatives are presented in this document, and their environmental consequences are analyzed.

The proposed action (alternative 2) would emphasize regional cooperation for information distribution, regional resource preservation, and a quality visitor experience. A major shift away from the use of private automobiles

would occur. Alternative modes of transportation would be emphasized throughout the region, with staging areas linked to regional private transit services in outlying communities and a public transit system within the park. Private vehicles would be removed from the heaviest use areas in the park, creating pedestrian-only areas. The number of private vehicles allowed into the park at any one time would be limited in certain areas. The adaptive use of historic structures and other structures would be maximized. The construction of new facilities within the park would be almost entirely within disturbed areas. The visitor experience would be defined by the unique qualities of each individual area, and the number of visitors allowed into some areas of the park would be determined by a carrying capacity analysis. With respect to environmental consequences, the proposed action would stabilize the growth of infrastructure within the park, enhance natural and cultural resource preservation, improve significantly the visitor experience, create better living and working conditions for park employees, and benefit local economies.

The other alternatives include: Continuing existing conditions (the no-action alternative), a minimum requirements alternative (alternative 1), reduced development within the park (alternative 3), and increased development within the park (alternative 4).

The responsible official for a decision on the proposed action is the Regional Director, Western Region, National Park Service.

Dated: February 28, 1995.

Stanley T. Albright,

Regional Director, Western Region.

Antitrust Division

Proposed Termination of Final Judgment; Bardahl Manufacturing Corporation, et al.

Notice is hereby given that defendant Bardahl Manufacturing Corporation ("Bardahl") has filed with the United States District Court for the Western District of Washington a motion to terminate the Final Judgment in *United States v. Bardahl Manufacturing Corporation, et al.*, Civil No. 83-71; and that the Department of Justice ("Department"), in a stipulation also filed with the Court, has consented to termination of the Final Judgment but has reserved the right for at least seventy (70) days after the publication of the notice to withdraw its consent. The complaint in this case (filed June 30, 1969) alleged that Bardahl and other companies affiliated with Bardahl had conspired to fix uniform prices and allocate exclusive geographical sales territories for the sale of motor oils, greases and lubricants manufactured by Bardahl and sold by Bardahl distributors in the United States.

The Final Judgment (entered August 11, 1969) enjoined the defendants from selling any finished Bardahl products to any person upon any conditions which restrict the persons to whom, the prices at which, or the territory within which such products may be sold.

The Department has filed with the court a memorandum setting forth the reasons why the Government believes that termination of the Final Judgment would serve the public interest. Copies of the Complaint and Final Judgment, Bardahl's motion papers, the stipulation containing the Government's consent, the Government's memorandum, and all further papers filed with the court in connection with this motion will be available for inspection at Room 10-437, Antitrust Division, Department of Justice, 10th Street and Pennsylvania Avenue, N.W., Washington, D.C. 20001, and at the Office of the Clerk of the United States District Court for the Western District of Washington, 1010 Fifth Avenue, Room 215, Seattle, Washington 98104. Copies of any of these materials may be obtained from the Antitrust Division upon request and payment of the copying fee set by Department of Justice regulations.

Interested persons may submit comments regarding the proposed termination of the decree to the Government. Such comments must be received by the Division within sixty (60) days and will be filed with the court by the Government. Comments should be addressed to Christopher S.
