BILLING CODE 4190-29

Privacy Act of 1974; Report of New Routine Use

AGENCY: Social Security Administration (SSA), Department of Health and Human Services (HHS).

ACTION: Amended routine use.

SUMMARY: In accordance with the Privacy Act (5 U.S.C. 552a(e)(4) and (11)), we are issuing public notice of our intent to amend a routine use applicable to SSA's system of records entitled "Master Files of Social Security Number (SSN) Holders and SSN Applications, HHS/SSA/OSR, 09-60-0058." The proposed routine use would provide for disclosure from the system of records to the Department of the Treasury, United States Secret Service (USSS), for purposes of investigating crimes (within the jurisdiction of the USSS) involving violations of the Social Security Act. The disclosure under the relevant routine use is currently limited to the Department of Justice (the Federal Bureau of Investigation and United States Attorneys Offices).

We invite public comment on this publication.

DATES: We have filed a report of a new routine use with the Chairman, Committee on Government Reform and Oversight of the House of Representatives, the Chairman, Committee on Governmental Affairs of the Senate, and the Administrator, Office of Information and Regulatory Affairs, Office of Management and Budget on March 3, 1995. The routine use will become effective, as proposed, without further notice April 14, 1995, unless we receive comments on or before that date that would result in a contrary determination.

ADDRESSES: Interested individuals may comment on this publication by writing to the SSA Privacy Officer, Social Security Administration, Room 3-A-6 Operations Building, 6401 Security Boulevard, Baltimore, Maryland 21235. All comments received will be available for public inspection at that address.

FOR FURTHER INFORMATION CONTACT: Mr. John Kattler, Social Insurance Specialist, Standards and Compliance Branch, Office of Disclosure Policy, Social Security Administration, 3-D-1 Operations Building, 6401 Security Boulevard, Baltimore, Maryland 21235, telephone 410-965-1738.

SUPPLEMENTARY INFORMATION:

I. Discussion of the Proposed Routine Use

A. Background

We propose to add a routine use to the system of records entitled "Master Files of Social Security Number (SSN) Holders and SSN Applications, HHS/SSA/OSR, 09-60-0058." The proposed routine use is necessary for the USSS to carry out its responsibilities to investigate various crimes involving violations of the Social Security Act.

B. Disclosures to Law Enforcement and Security Agencies

SSA discloses information from this system of records to certain entities that use the information for a purpose that is compatible with the purpose for which SSA collects it. One such category of disclosures is to the Department of Justice (the Federal Bureau of Investigation (FBI) and United States Attorneys Offices) for purposes of investigating or prosecuting violations of the Social Security Act. Disclosures are most often made from the system to investigate or prosecute those violations of section 208 of the Social Security Act (42 U.S.C. 408) involving criminal misuse of the SSN.

SSA proposes to alter the system by amending an existing routine use to authorize disclosure of SSN information to the USSS for use in investigating crimes involving violations of the Social Security Act. We are doing this because the investigative jurisdiction of the USSS includes various offenses which often involve violations of the Social Security Act. These offenses include fraud associated with electronic fund transfers; crimes involving financial institutions; the counterfeiting or fraudulent use of identification documents; the fraudulent use of "access devices" such as credit and debit cards; and certain crimes involving computer fraud (18 U.S.C. 1029, 1030, 3056; Pub.L. 101-509, Title
