

that any owner or operator complying with provisions in a State/Tribal program approved by EPA should be considered to be in compliance with the Federal Criteria. See 56 FR 50978, 50995 (October 9, 1991).

Today's action takes effect on March 14, 1995. EPA believes it has good cause under section 553(d) of the Administrative Procedure Act, 5 U.S.C. 553(d), to put this action into effect less than 30 days after publication in the **Federal Register**.

All of the requirements and obligations in New York State program are already in effect as a matter of law. EPA's action today does not impose any new requirements that the regulated community must begin to comply with. Nor do these requirements become enforceable by EPA as Federal law. Consequently, EPA finds that it does not need to give notice prior to making its approval effective.

Compliance with Executive Order 12866

The Office of Management and Budget has exempted this notice from the requirements of Section 6 of Executive Order 12866.

Certification Under the Regulatory Flexibility Act

Pursuant to the provisions of 5 U.S.C. 605(b), I hereby certify that this approval will not have a significant economic impact on a substantial number of small entities.

It does not impose any new burdens on small entities. This notice, therefore, does not require a regulatory flexibility analysis.

Authority: This notice is issued under the authority of Sections 2002, 4005 and 4010(c) of the Solid Waste Disposal Act as amended; 42 U.S.C. 6912, 6945, 6949a(c).

Dated: February 21, 1995.

Title: Survey Governing Effects of the "Must Carry" Requirements

Action: New collection

Respondents: Businesses or other for-profit

Frequency of Response: One time collection

Estimated Annual Burden: 2,000 responses; .25 hours average burden per response; 500 hours total annual burden

Needs and Uses: In cooperation with the U.S. Department of Justice, the Federal Communications Commission seeks information from cable television operators in connection with pending litigation involving cable television "must carry" requirements (*Turner Broadcasting System v. FCC*, Civil Action No. 92-2247 and consolidated cases D.D.C.). The survey asks cable operators to indicate the number of broadcast stations carried on their systems under "must carry" requirements or "retransmission consent" so that the courts are fully informed of the "must carry" requirements' impact.

Acting Secretary.

Survey Concerning Effects of the "Must-Carry" Requirements

March _____, 1995.

In *Turner Broadcasting Co., Inc. v. FCC*, 114 S. Ct 2445 (1994), the United States Supreme Court considered the constitutionality of the "Must-Carry" requirements, the provisions of the Cable Television Consumer Protection and Competition Act of 1992 which require cable operators to carry local television broadcast stations on their cable systems. 47 U.S.C. §§ 534, 535. The Court did not rule on the constitutionality of Must-Carry, but returned the case to the lower court for additional inquiry into a number of issues. These include the impact of the Must-Carry requirements on cable

system operators. The Court described the extent to which Must-Carry requires cable operators to make changes in their programming selections as one of several questions "critical" to determining whether the Must-Carry requirements are constitutional.

Accordingly, the FCC, in cooperation with the United States Department of Justice, which is defending the constitutionality of the Must-Carry requirements in the *Turner Broadcasting* case, seeks your assistance in responding to the enclosed survey questionnaire, so that the Department can more fully inform the courts of Must-Carry's impact.
