### Office of Arms Control and Nonproliferation; Proposed Subsequent Arrangement

Pursuant to Section 131 of the Atomic Energy Act of 1954, as amended (42 U.S.C. 2160), notice is hereby given of a proposed "subsequent arrangement" under the Agreement for Cooperation between the Government of the United States of America and the Government of Switzerland concerning Civil Uses of Atomic Energy, as amended, and the Additional Agreement for Cooperation between the Government of the United States of America and the European Atomic Energy Community (EURATOM) concerning Peaceful Uses of Atomic Energy, as amended.

The subsequent arrangement to be carried out under the above-mentioned agreements involves approval for the transfer of 315 kilograms of fissile plutonium from the reprocessing site in France to either the Siemens facility in Hanau, the Federal Republic of Germany, the Compagnie Generale des Matieres Nucleaires (COGEMA) in France or the British Nuclear Fuels, plc in the United Kingdom. The plutonium will be used for fabrication of mixed plutonium-uranium oxide fuel for use in power reactors within the European Community.

In accordance with Section 131 of the Atomic Energy Act of 1954, as amended, it has been determined that this subsequent arrangement will not be inimical to the common defense and security.

This subsequent arrangement will take effect no sooner than fifteen days after the date of publication of this notice and after fifteen days of continuous session of the Congress, beginning the day after the date on which the reports required by section 131(b)(1) of the Atomic Energy Act of 1954, as amended (42 U.S.C. 2160), are

submitted to the Committee on International Relations of the House of Representatives and the Committee on Foreign Relations of the Senate. The two time periods referred to above may run concurrently.

Issued in Washington, D.C., on March 8, 1995.
