SUPPLEMENTARY INFORMATION: Section 9 of the Act prohibits the "taking" of endangered species such as the golden-cheeked warbler. However, the Service, under limited circumstances, may issue permits to take endangered wildlife species incidental to, and not the purpose of, otherwise lawful activities. Regulations governing permits for endangered species are at 50 CFR 17.22.

Peter Van Cuylenburg plans to construct a single-family residence on Lots 9 and 10, Block C, Section 6, Rob Roy on the Creek Subdivision, Travis County, Texas. This action will eliminate less than one half acre of land and indirectly impact less than four additional acres of golden-cheeked warbler per residence. The applicant proposes to compensate for this incidental take of golden-cheeked warbler habitat by placing \$1,500 into the City of Austin Balcones Canyonlands Conservation Fund to acquire/manage lands for the conservation of the golden-cheeked warbler.

Alternatives to this action were rejected because selling or not developing the subject property with federally listed species present was not economically feasible.
