## 50 CFR Part 17

**Endangered and Threatened Wildlife and Plants; Notice of Public Hearing and Reopening of Comment Period on Proposed Endangered Status for Four Plants From Vernal Pools and Mesic Areas in Northern California**

**AGENCY:** Fish and Wildlife Service, Interior.

**ACTION:** Proposed Rule; notice of public hearing and reopening of comment period.

**SUMMARY:** The Fish and Wildlife Service (Service), pursuant to the Endangered Species Act of 1973, as amended (Act), provides notice that a public hearing will be held on the proposed endangered status for *Lasthenia conjugens* (Contra Costa goldfields), *Navarretia leucocephala* ssp. *pauciflora* (few-flowered navarretia), *Navarretia leucocephala* ssp. *plieantha* (many-flowered navarretia), and *Parvisedum leiocarpum* (Lake County stonecrop). In addition, the Service has reopened the comment period. All parties are invited to submit comments on this proposal. **DATES:** The public hearing will be held from 6:00 p.m. to 8:00 p.m. on Thursday, April 6, 1995, in Napa, California. The public comment period now closes April 28, 1995. Any comments received by the closing date will be considered in the final decision on this proposal.

**ADDRESSES:** The public hearing will be held at the Napa Valley Marriott Hotel, 3425 Solano Avenue, Napa, California. Written comments and materials concerning this proposal may be submitted at the hearing or may be sent directly to Field Supervisor, Sacramento Field Office, 2800 Cottage Way, Room E-1803, Sacramento, California 95825-1846. Comments and materials received will be available for public inspection, by appointment, during normal business hours at the above address.

**FOR FURTHER INFORMATION CONTACT:** Betty Warne (see ADDRESSES section) or at 916/979-2120.

**SUPPLEMENTARY INFORMATION:****Background**

*Lasthenia conjugens* (Contra Costa goldfields), *Navarretia leucocephala* ssp. *pauciflora* (few-flowered navarretia), *Navarretia leucocephala* ssp. *plieantha* (many-flowered navarretia), and *Parvisedum leiocarpum* (Lake County stonecrop) grow in vernal pools and mesic grasslands and are found variously in Lake, Napa, Solano,

and Sonoma Counties. The three remaining populations of Lake County stonecrop occur on private lands in Lake County. The seven remaining populations of Contra Costa goldfields occur in Napa and Solano Counties. The five remaining populations of few-flowered navarretia occur in Napa and Lake Counties. The seven remaining populations of many-flowered navarretia occur in Lake and Sonoma counties.

These four vernal pool plants proposed for listing are imperiled by one or more of the following: commercial, residential, and agricultural development, hydrological changes in vernal pool and swale habitats, trampling by livestock, road widening, inadequate regulatory protection mechanisms, random stochastic events, off-highway vehicle use, feral pigs, and horseback riding. As a result of the immediate threats against these plant populations, the Service is proposing to list these four species as endangered to afford them protection of the Act.

On December 19, 1994, the Service published a proposed rule on proposed endangered status for *Lasthenia conjugens*, *Navarretia leucocephala* ssp. *pauciflora*, *Navarretia leucocephala* ssp. *plieantha*, and *Parvisedum leiocarpum* (59 FR 65311). Section 4(b)(5)(E) of the Act requires that a public hearing be held if one is requested within 45 days of the publication of the proposed rule in the **Federal Register**. Public hearing requests were received within the allotted time period from Michael Delbar, Executive Director, Lake County Farm Bureau, Lakeport, California and from Daniel Macon, Director Industry Affairs, California Cattlemen's Association, Sacramento, California. As a result, the Service has scheduled a public hearing on April 6, 1995, at Napa Valley Marriott Hotel, 3425 Solano Avenue, Napa, California.

Anyone wishing to make statements for the record should bring a written copy of their statements to the hearing. Oral statements may be limited in length if the number of parties present at the hearing necessitates such a limitation. Oral and written comments receive equal consideration. The Service places no limits to the length of written comments or materials presented at the hearing or mailed to the Service. Legal notices announcing the date, time, and location of the hearing are being published in newspapers concurrently with this **Federal Register** notice.

The comment period on the proposal was to close on February 17, 1995. To accommodate the hearing, the public comment period is reopened upon

publication of this notice. Written comments may now be submitted until April 28, 1995, to the Service office in the ADDRESSES section.

**Authority**

The authority for this action is the Endangered Species Act of 1973 (16 U.S.C. 1531 *et seq.*).

Dated: March 9, 1995.

**William F. Shake,**

*Acting Regional Director, Region 1 U.S. Fish and Wildlife Service.*

## DEPARTMENT OF COMMERCE

**National Oceanic and Atmospheric Administration**

[Docket No. 941084-4284; I.D. 080894C]

## 50 CFR Part 227

**Endangered and Threatened Species; Proposed Threatened Status for Southern Oregon and Northern California Steelhead**

**AGENCY:** National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

**ACTION:** Proposed rule; request for comments.

**SUMMARY:** NMFS is issuing a proposed rule to list natural steelhead (*Oncorhynchus mykiss*) populations (progeny of naturally-spawning fish) occurring between Cape Blanco, OR, and the Klamath River Basin, in Oregon and California (inclusive; hereinafter referred to as the Klamath Mountains Province) as threatened under the Endangered Species Act of 1973 (ESA). NMFS has determined that Klamath Mountains Province steelhead populations constitute a "species" as interpreted under the ESA. Should the proposed listing be made final, protective regulations under the ESA would be put into effect and a recovery program would be implemented. **DATES:** Comments must be received by May 15, 1995. Requests for a public hearing must be received by May 1, 1995.

**ADDRESSES:** Comments on this proposed rule, requests for public hearings, and requests for supporting documents should be sent to the Environmental and Technical Services Division, NMFS, Northwest Region, 911 NE. 11th Avenue, Suite 620, Portland, OR 97232.

**FOR FURTHER INFORMATION CONTACT:** Garth Griffin, 503-230-5430; R. Craig Wingert, 310-980-4021; or Marta Nammack, 301/713-2322.
