

Secretariat of non-government institutions and associations authorized to validate Bluefin Tuna Statistical Documents.

**§ 285.204 Ports of entry.**

The Assistant Administrator shall monitor the importation of bluefin tuna into the United States. If the Assistant Administrator determines that the diversity of handling practices at certain ports at which bluefin tuna is being imported into the United States allow for circumvention of the Bluefin Tuna Statistical Document requirement, he/she may designate, after consultation with the U.S. Customs Service, those ports at which Pacific or Atlantic bluefin tuna may be imported into the United States. The Assistant Administrator shall announce in the **Federal Register** the names of ports so designated and the effective dates of entry restrictions.

**§ 285.205 Prohibitions.**

It is unlawful for any person to do any of the following:

(a) Import or attempt to import any bluefin tuna into the United States without an accompanying original form of an approved Bluefin Tuna Statistical Document correctly completed with the appropriate certification and government validation.

(b) Import any bluefin tuna into the United States from a country that requires all such tuna to be tagged, without said tag accompanying the bluefin tuna.

(c) Remove a tag from any bluefin tuna imported into the United States accompanied by a tag, prior to its being cut into portions for a destination in the United States or for export.

(d) Fail to write legibly and indelibly the tag number and the issuing country on the outside of any package containing a part or parts of a bluefin tuna that was imported into the United States accompanied by said tag.

(e) Export or re-export from the United States any bluefin tuna without an accompanying original approved Bluefin Tuna Statistical Document correctly completed with the appropriate certification and, if applicable, validated by a designated official of the United States government or an official of an institution authorized by the Regional Director pursuant to § 285.203(c) to validate such documents.

(f) Fail to provide in a timely manner any originals or copies of Bluefin Tuna Statistical Documents required to be submitted to the Regional Director pursuant to § 285.201.

(g) Write false information on or modify any information previously written on any Bluefin Tuna Statistical Document required by this subpart or to validate such document if not authorized to do so by the Regional Director.

(h) Fail to maintain copies of completed Bluefin Tuna Statistical Documents as required under § 285.201.

(i) Import any bluefin tuna in a manner inconsistent with any ports of entry designated by the Assistant Administrator pursuant to § 285.204.

(j) Reuse, or transfer to another dealer, any numbered Bluefin Tuna Statistical Document issued to a dealer under this subpart.

BILLING CODE 3510-22-P

**50 CFR Part 672**

[Docket No. 950206041-5041-01; I.D. 031095E]

**Groundfish of the Gulf of Alaska; Pacific Cod in the Central Regulatory Area**

**AGENCY:** National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

**ACTION:** Closure.

**SUMMARY:** NMFS is closing the directed fishery for Pacific cod by vessels catching Pacific cod for processing by the offshore component in the Central Regulatory Area of the Gulf of Alaska (GOA). This action is necessary to prevent exceeding the allocation of Pacific cod for the offshore component in this area.

**EFFECTIVE DATE:** 12 noon, Alaska local time (A.l.t.), March 13, 1995, until 12 midnight, A.l.t., December 31, 1995.

**FOR FURTHER INFORMATION CONTACT:** Andrew N. Smoker, 907-586-7228.

**SUPPLEMENTARY INFORMATION:** The groundfish fishery in the GOA exclusive economic zone is managed by NMFS according to the Fishery Management Plan for Groundfish of the Gulf of Alaska (FMP) prepared by the North Pacific Fishery Management Council under authority of the Magnuson Fishery Conservation and Management Act. Fishing by U.S. vessels is governed by regulations implementing the FMP at 50 CFR parts 620 and 672.

In accordance with § 672.20(c)(1)(ii)(B), the allocation of Pacific cod for the offshore component in the Central Regulatory Area was established by the final groundfish

specifications (60 FR 8470, February 14, 1995), as 4,565 metric tons (mt).

The Director, Alaska Region, NMFS (Regional Director), has determined, in accordance with § 672.20(c)(2)(ii), that the allocation of Pacific cod total allowable catch for the offshore component in the Central Regulatory Area soon will be reached. The Regional Director established a directed fishing allowance of 3,565 mt, with consideration that 1,000 mt will be taken as incidental catch in directed fishing for other species in the Central Regulatory Area. The Regional Director has determined that the directed fishing allowance has been reached. Consequently, NMFS is prohibiting directed fishing for Pacific cod by operators of vessels catching Pacific cod for processing by the offshore component in the Central Regulatory Area.

Directed fishing standards for applicable gear types may be found in the regulations at § 672.20(g).

**Classification**

This action is taken under 50 CFR 672.20 and is exempt from review under E.O. 12866.

**Authority:** 16 U.S.C. 1801 *et seq.*

Dated: March 13, 1995.

[Docket No. 950206040-5040-01; I.D. 031095F]

**Groundfish of the Bering Sea and Aleutian Islands Area; Offshore Component Pollock in the Aleutian Islands Subarea**

**AGENCY:** National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

**ACTION:** Closure.

**SUMMARY:** NMFS is prohibiting directed fishing for pollock by vessels catching pollock for processing by the offshore component in the Aleutian Islands subarea (AI) of the Bering Sea and Aleutian Islands management area (BSAI). This action is necessary to prevent exceeding the "A" season allowance of pollock for the offshore component in the Aleutian Islands subarea.
