

permission and approval to abandon an offshore lateral which was authorized in Docket No. CP75-329, all as more fully set forth in the application on file with the Commission and open to public inspection.

Stingray proposes to abandon 7 miles of 6-inch lateral located in East Cameron Block 322, offshore Louisiana. Stingray states that there are leaks in a small segment of the lateral and Stingray has determined that it would be uneconomical to make the necessary repairs. The lateral will be abandoned in place with the exception of approximately 500 feet of lateral which Stingray intends to cut and remove in order for the producer to position a rig near its platform.
