

ACTION: Cancellation.

SUMMARY: The Minority Business Development Agency is cancelling the announcement to solicit competitive applications under its Minority Business Development Center (MBDC) Program to operate its Seattle MBDC. This solicitation was originally published in the **Federal Register**, Wednesday, February 15, 1995, Vol. 60, No. 31, 8641.

11.800 Minority Business Development Center

(Catalog of Federal Domestic Assistance)

Dated: March 13, 1995.

Donald L. Powers,

Federal Register Liaison Officer, Minority Business Development Agency.

BILLING CODE 3510-21-P

National Oceanic and Atmospheric Administration

[I.D. 031495E]

Endangered Species; Permits

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of receipt of two applications for scientific research permits (P497C and P45S) and receipt of an application for Modification 4 to scientific research Permit 817 (P45K).

Notice is hereby given that Dr. Theodore Bjornn of the Idaho Cooperative Fish and Wildlife Research Unit (ICFW) in Moscow, ID, in association with Lowell Stuehnenberg of NMFS, and Stanley Smith of the National Biological Service (NBS) in Cook, WA have applied in due form for scientific research permits (P497C and P45S respectively) and that Stanley Smith of NBS has applied for Modification 4 to scientific research Permit 817 (P45K) to take listed species as authorized by section 10 of the Endangered Species Act of 1973 (ESA) (16 U.S.C. 1531-1543) and the NMFS regulations governing listed fish and wildlife permits (50 CFR parts 217-227).

ICFW requests an ESA section 10 permit to capture adult, endangered, Snake River spring/summer chinook salmon (*Oncorhynchus tshawytscha*) to test the efficiency of Merwin traps at six sites downstream of Bonneville Dam on the Columbia River under variable flow conditions. The Merwin traps will be used for a study, which will begin in 1996, to evaluate the passage of migrating adult salmon and steelhead around the dams and through the

reservoirs on the lower Columbia River and the lower Snake River. The adult anadromous fish will be migrating to upstream natal tributaries to spawn. A separate ESA section 10 permit will be requested for the study. The requested duration of this permit is mid-April to the end of May and mid-June to the end of July in 1995 only.

NBS requests an ESA section 10 scientific research permit to take juvenile, endangered, artificially propagated Snake River spring/summer chinook salmon (*Oncorhynchus tshawytscha*) as part of a study designed to provide managers with data on the distribution, abundance, movement, and habitat use by the anadromous fish that migrate through Lower Granite Reservoir. The study will provide detailed information on the response of migrating smolts to environmental changes that attend proposed reservoir drawdown and other river regulation scenarios. Project objectives and sampling plans will accommodate endangered species recovery needs and constraints. The juvenile fish to be used for the study will be collected at trap sites and by using purse seines, tagged with radio transmitters, and monitored electronically for their migratory patterns as far downriver as possible. The annual dates of collection will be from April 1 to May 26. The requested duration of the permit is 4 years.

Permit 817 authorizes NBS to take juvenile, endangered, Snake River fall and spring/summer chinook salmon (*Oncorhynchus tshawytscha*) as part of a study designed to assess the migration timing of juvenile anadromous salmon using passive integrated transponder (PIT) tags and Panjet marks. For Modification 4, NBS requests an increase in the number of their annual authorized take and approval to use an additional sampling gear type. The increase in the annual take is requested to obtain a sufficient sample size to estimate the migration timing of fish produced in the upper Snake and Clearwater Rivers to Lower Monumental Dam on the lower Snake River. Similar increases in the authorized take for this permit were processed in 1993 and 1994. In addition, NBS requests approval to use modified fyke nets instead of beach seines to capture fish for tagging and to assess nearshore movements of the marked fish in the Snake and Clearwater Rivers. Modification 4 is requested for the duration of the permit. The permit expires on December 31, 1996.

Written data or views, or requests for a public hearing on these applications should be submitted to the Chief, Endangered Species Division, Office of

Protected Resources, F/PR8, NMFS, 1315 East-West Highway, Silver Spring, MD 20910-3226, within 30 days of the publication of this notice. Those individuals requesting a hearing should set out the specific reasons why a hearing on this particular application would be appropriate. The holding of such hearing is at the discretion of the Assistant Administrator for Fisheries, NOAA. All statements and opinions contained in this application summary are those of the applicant and do not necessarily reflect the views of NMFS.

Documents submitted in connection with the above application are available for review by interested persons in the following offices by appointment:

Office of Protected Resources, NMFS, NOAA, 1315 East-West Highway, Silver Spring, MD 20910-3226 (301-713-1401); and

Environmental and Technical Services Division, NMFS, NOAA, 525 North East Oregon St., Suite 500, Portland, OR 97232 (503-230-5400).

Dated: March 14, 1995.

Russell J. Bellmer,

Chief, Endangered Species Division, National Marine Fisheries Service.

BILLING CODE 3510-22-F

[I.D. 030695C]

Marine Mammals

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Modification no. 3 to scientific research permit no. 717 (P77#44).

SUMMARY: Notice is hereby given that a request for modification of scientific research permit no. 717 submitted by Dr. Howard W. Braham, Alaska Fisheries Science Center, NMFS, NOAA, National Marine Mammal Laboratory, 7600 Sand Point Way, NE., Building 4, Seattle, WA 98115, has been granted.

ADDRESSES: The modified permit is available for review by interested persons in the following offices by appointment:

Permits Division, Office of Protected Resources, NMFS, 1315 East-West Highway, Room 13130, Silver Spring, MD 20910 (301/713-2289);

Director, Northwest Region, NMFS, NOAA, 7600 Sand Point Way, NE., B1N C15700, Seattle, WA 98115 (206/526-6150); and

Director, Southwest Region, NMFS, 501 West Ocean Boulevard, Suite 4200,

Long Beach, CA 90802-4213 (310/980-4016).

SUPPLEMENTARY INFORMATION: On January 20, 1995, notice was published in the **Federal Register** (60 FR 4148) that a modification of permit no. 717, issued October 22, 1990 (55 FR 35923), had been requested by the above-named organization. The requested modification has been granted under the authority of the Marine Mammal Protection Act of 1972, as amended (16 U.S.C. 1361 *et seq.*), and the provisions of §§ 216.33(d) and (e) of the Regulations Governing the Taking and Importing of Marine Mammals (50 CFR part 216).

The modification authorized the holder to take an additional 10 California sea lions (*Zalophus californianus*) for instrumentation and the permit was extended until December 31, 1996.

Dated: March 14, 1995.

Art Jeffers,

Acting Chief, Permits & Documentation Division, National Marine Fisheries Service.

BILLING CODE 3510-DR-F

COMMODITY FUTURES TRADING COMMISSION

Agricultural Advisory Committee Meeting

This is to give notice, pursuant to Section 10(a) of the Federal Advisory Committee Act, 5 U.S.C. App. 2, Section 10(a) and 41 CFR 101-6.1015(b), that the Commodity Futures Trading Commission's Agricultural Advisory Committee will conduct a public meeting on April 3, 1995 from 9:00 a.m.

to 12:00 p.m. in the lower-level hearing room of the Commodity Futures Trading Commission, 2033 K Street N.W., Washington, D.C. 20581. The agenda will consist of:

Agenda

- I. Introductory Remarks, Commissioner Joseph B. Dial;
- II. Summary of the 1994 Summit on Risk Management in American Agriculture;
- III. 1995—The beginning of the new age of combining yield and price risk management for agricultural commodities.
 1. The Chicago Board of Trade's Area Yield Insurance Futures/Options contract.
 2. Combining Multi-Peril Crop Insurance (MPCI) with replacement coverage, options, and forward contracts.
- IV. The proposed merger of the CFTC and the SEC;
- V. Updates on dual trading/audit trail;
- VI. The change in delivery specifications for the CME live cattle contract effective June 1995;
- VII. Other Committee Business; and
- VIII. Closing Remarks by Commissioner Joseph B. Dial.

The purpose of this meeting is to solicit the views of the Committee on the above-listed agenda matters. The Advisory Committee was created by the Commodity Futures Trading Commission for the purpose of receiving advice and recommendations on agricultural issues. The purposes and objectives of the Advisory Committee are more fully set forth in the fifth renewal charter of the Advisory Committee.

The meeting is open to the public. The Chairman of the Advisory Committee, Commissioner Joseph B. Dial, is empowered to conduct the meeting in a fashion that will, in his judgment, facilitate the orderly conduct of business. Any member of the public who wishes to file a written statement with the Advisory Committee should mail a copy of the statement to the attention of: the Commodity Futures Trading Commission Agricultural Advisory Committee c/o Kimberly N. Griles, Commodity Futures Trading Commission, 2033 K Street N.W., Washington, D.C. 20581, before the meeting. Members of the public who wish to make oral statements should also inform Ms. Griles in writing at the foregoing address at least three business days before the meeting. Reasonable provision will be made, if time permits, for an oral presentation of no more than five minutes each in duration.

Issued by the Commission in Washington, D.C. on March 15, 1995.

Jean A. Webb,

Secretary of the Commission.

BILLING CODE 6351-01-M

DEPARTMENT OF DEFENSE

Defense Logistics Agency

2nd Annual Product Shelf-Life Symposium

AGENCY: Defense Logistics Agency, Navy Ships Parts Control Center.

ACTION: Notice of symposium; call for papers.

SUMMARY: The Defense Logistics Agency and the Navy Ships Parts Control Center will conduct the 2nd Annual Product Shelf-Life Symposium, June 27-29, 1995 at the Hyatt Regency Hotel, San Diego, California. The purpose of this Symposium is to bring together government and industry representatives, in an open forum, to exchange ideas and discuss policies associated with product shelf-life. The 1995 symposium theme, "Partnering to Preserve Our Future" has been selected to reflect the need to continue a joint discussion of the many topics and issues affecting our nation's military readiness, as well as our national environment. Specifically, there are many questions within the government and industrial community that currently remain unanswered. We are confident that this symposium, by providing an open forum for the exchange of ideas and opportunities, will yield positive results for future methods of product shelf-life.

DATES: June 27-29, 1995.

ADDRESSES: Hyatt Regency Hotel—San Diego CA.

EFFECTIVE: Upon publication of this notice.

CONTACT: For information on submitting an abstract for the Product Shelf-Life Symposium contact Ms. Debbie Trautman, Navy Shelf-Life Program Administrator at (717) 790-1506, fax (717) 790-1615 or Ms. Heather Brinton at the American Defense Preparedness Association, at (703) 522-1820, fax (703) 522-1885.

Michael S. Pipan,

Director, DoD Shelf-Life Program.
