

Department of Energy Richland Operations Office, P.O. Box 550, Richland, WA, 99352.

SUPPLEMENTARY INFORMATION: Purpose of the Board: The purpose of the Board is to make recommendations to DOE and its regulators in the areas of environmental restoration, waste management, and related activities.

Tentative Agenda

April Meeting Topics

The Hanford Advisory Board will receive information on and discuss issues related to: Pump and Treat Issues, Privatization, 100 Area Operable Unit Plans, and the '97 Budget Overview. The Committee will also receive updates from various Subcommittees, including reports on: the Facility Transition TPA Negotiations, Tank Safety and Emergency Response (C-106), Public Involvement, USDOE Environmental Justice Strategy, Double Shell Tanks, and the CERE Report.

Public Participation: The meeting is open to the public. Written statements may be filed with the Committee either before or after the meeting. Individuals who wish to make oral statements pertaining to agenda items should contact Jon Yerxa's office at the address or telephone number listed above. Requests must be received 5 days prior to the meeting and reasonable provision will be made to include the presentation in the agenda. The Designated Federal Official is empowered to conduct the meeting in a fashion that will facilitate the orderly conduct of business. Each individual wishing to make public comment will be provided a maximum of 5 minutes to present their comments.

Minutes: The minutes of this meeting will be available for public review and copying at the Freedom of Information Public Reading Room, 1E-190, Forrestal Building, 1000 Independence Avenue, SW, Washington, DC 20585 between 9:00 a.m. and 4 p.m., Monday-Friday, except Federal holidays. Minutes will also be available by writing to Jon Yerxa, Department of Energy Richland Operations Office, P.O. Box 550, Richland, WA 99352, or by calling him at (509) 376-9628.

Issued at Washington, DC on March 17, 1995.

Gail Cephas,

Acting Deputy Advisory Committee Management Officer.

BILLING CODE 6450-01-P

Federal Energy Regulatory Commission

[Project Nos. 2113, 2239, 2476, and 1999, 2212, 2590, and 2256, 2255, 2291, and 2292—WI]

Wisconsin Valley Improvement Company, Tomahawk Power and Pulp Company, Wisconsin Public Service Corporation, Weyerhaeuser Paper Company, Consolidated Water Power Company, Nekoosa Papers, Inc.; Notice of Intent To Hold Public Meetings in Rhinelander and Rib Mountain, Wisconsin, To Discuss the Draft Environmental Impact Statement (DEIS) for the Proposed Relicensing of the Existing Wisconsin River Headquarters, Kings Dam, Jersey, Wausau, Rothschild, Wisconsin River Division, Wisconsin Rapids, Centralia, Port Edwards and Nekoosa Projects

March 16, 1995.

On February 23, 1995, the Commission staff mailed the Wisconsin River Basin DEIS to the Environmental Protection Agency, resource and land management agencies, and interested organizations and individuals. This document evaluates the environmental consequences of the proposed relicensing of the Wisconsin River Headquarters project (no power; regulates flows to the Wisconsin River); 2.7 megawatt (MW) Kings Dam; 0.512 MW Jersey; 5.4 MW Wausau; 4.66 MW Rothschild; 6.4 MW Wisconsin River Division; 9.02 MW Wisconsin Rapids; 3.2 MW Centralia; 3.592 MW Port Edwards; and 3.78 MW Nekoosa projects. The projects are located in Vilas, Forest, Oneida, Lincoln, Marathon, Portage, and Wood counties, Wisconsin, and in Gogebic County, Michigan.

The public meetings will be recorded by a court reporter and are scheduled as follows: (1) A meeting on the Wisconsin Headwaters Project No. 2113, will be held at 7 p.m. on Tuesday, April 4, 1995, at the Claridge Motor Inn (Best Western), 70 N. Stevens Street, Rhinelander, Wisconsin; and (2) a meeting on the 9 hydropower projects will be held at 7 p.m. on Wednesday, April 5, 1995, at Wausau Inn and Conference Center, 2001 N. Mountain Road, Rib Mountain, Wisconsin.

At the meetings, Commission staff will summarize major DEIS findings and recommendations. Resource agency personnel and other interested persons will be provided an opportunity to submit oral and written comments regarding the DEIS for the Commission's public record. Written comments on the DEIS may also be sent to: The Secretary, Federal Energy Regulatory Commission,

825 N. Capitol Street NE., Washington, D.C. 20426.

Comments must be received by April 17, 1995. All correspondence should include the appropriate project name(s) and number(s) on the first page of the correspondence.

The DEIS considers over 400 resource recommendations received from license applicants, citizens, resource agencies, and organizations. Resource enhancements relating to hydrologic flow regulation, recreation, land use, fish, wildlife, water quality, reservoir shoreline erosion, vegetation resources and other resource issues are proposed.

All of the projects are proposed to continue operation in a run-of-river mode with no expansion of hydroelectric generating capacity. In major findings, staff recommends adoption of the licensee's hydrological flow regime for the 21 headwater reservoirs together with staff recommended enhancements which would protect water quality in the Wisconsin River, enhance recreation in certain headwater man-made lakes, and generally maintain existing fishing and flood control benefits throughout the Wisconsin River. For entrainment issues at the nine hydroelectric reservoirs, the DEIS finds that avoidance and protection measures are not feasible, that entrainment is biologically insignificant, and that limited payments for enhancement of fishery resources may be appropriate.

Lois D. Cashell,

Secretary.

BILLING CODE 6717-01-M

[Docket No. EG95-32-000, et al.]

Coastal Technology Salvador, S.A. de C.V., et al.; Electric Rate and Corporate Regulation Filings

March 15, 1995.

Take notice that the following filings have been made with the Commission:

1. Coastal Technology Salvador, S.A. de C.V.)

[Docket No. EG95-32-000]

On February 27, 1995, Coastal Technology Salvador, S.A. de C.V. ("Applicant"), Calle Arturo Ambrogi #124, Colonia Escalon, San Salvador, El Salvador, C.A., filed with the Federal Energy Regulatory Commission an application for determination of exempt wholesale generator (EWG) status pursuant to part 365 of the Commission's regulations.

Applicant states that it is an El Salvador corporation which intends to
