BILLING CODE 6717-01-M

[Docket No. CP95-260-000]

**Texas Eastern Transmission Corp.;
Notice of Request Under Blanket
Authorization**

March 16, 1995.

Take notice that on March 13, 1995, Texas Eastern Transmission Corporation (Texas Eastern), 5400 Westheimer Court, P.O. Box 1642, Houston, Texas 77251-1642, filed in Docket No. CP95-260-000 a request pursuant to Sections 157.205 and 157.211 of the Commission's Regulations under the Natural Gas Act (18 CFR 157.205, 157.211) for authorization to construct and operate a new delivery point in Colbert County, Alabama, under Texas Eastern's blanket certificate issued in Docket No. CP82-535-000 pursuant to section 7 of the Natural Gas Act, all as more fully set forth in the request that is on file with the Commission and open to public inspection.

Texas Eastern proposes to construct a new delivery point in Colbert County, Alabama, so that Texas Eastern may provide up to 10,000 Dekatherms per day of interruptible transportation service to Decatur Utilities, City of Decatur, Alabama (Decatur). Texas Eastern states that the interruptible transportation service for Decatur will be provided pursuant to Rate Schedule IT-1 of Texas Eastern's FERC Gas Tariff, Volume No. 1. Texas Eastern states that the existing tariff does not prohibit the additional volumes.

Texas Eastern states that Decatur has requested Texas Eastern to install a 4-inch hot tap, and 50 feet of 4-inch appurtenant piping (Hot Tap) to be

located on Texas Eastern's 30-inch Line No. 10 at approximate Mile Post 158.45 in Colbert County, Alabama. Texas Eastern states that approximate cost of the facilities is \$34,300 and will be 100% reimbursable by Decatur.

Texas Eastern also states that Decatur will cause to be installed a 4-inch meter station, consisting of a single 4-inch meter run, 100 feet of 4-inch interconnecting piping which will extend between the Hot Tap and Decatur's proposed meter station, and electronic gas measurement equipment. Texas Eastern states it will own, operate and maintain the Hot Tap and electronic gas measurement equipment, and operate and maintain Decatur's proposed meter station.

In addition, Texas Eastern states that Decatur will construct, own, operate, and maintain approximately 37 miles of new mainline trunk high pressure facilities (Trunk Facilities), extending from a point near Courtland, Alabama, to an interconnection with Tennessee Gas Pipeline Company near Barton, Alabama. Texas Eastern states that its proposed Hot Tap facilities will be connected to Decatur's Trunk Facilities by Decatur's 100 feet of 4-inch interconnecting piping.

Texas Eastern states that the installation of the delivery point will have no effect on Texas Eastern's peak day or annual deliveries. Texas Eastern submits that its proposal will be accomplished without detriment or disadvantage to Texas Eastern's other customers.

Any person or the Commission's staff may, within 45 days after issuance of the instant notice by the Commission, file pursuant to Rule 214 of the Commission's Procedural Rules (18 CFR 385.214) a motion to intervene or notice of intervention and pursuant to Section 157.205 of the Regulations under the Natural Gas Act (18 CFR 157.205) a protest to the request. If no protest is filed within the time allowed therefor, the proposed activity shall be deemed to be authorized effective the day after the time allowed for filing a protest. If a protest is filed and not withdrawn within 30 days after the time allowed for filing a protest, the instant request shall be treated as an application for authorization pursuant to section 7 of the Natural Gas Act.
