

ENVIRONMENTAL PROTECTION AGENCY**40 CFR Part 52****[OH61-1-6381b; FRL-5175-3]****Approval and Promulgation of Implementation Plans; Ohio****AGENCY:** United States Environmental Protection Agency (USEPA).**ACTION:** Proposed rule.

SUMMARY: The USEPA is taking action to approve, through direct final procedure, Ohio's 1990 base-year ozone precursor emissions inventory for the Toledo and Dayton ozone nonattainment areas as revisions to the ozone portion of the Ohio State Implementation Plan (SIP). The emissions inventories were submitted to satisfy a Federal requirement that States containing ozone nonattainment areas submit inventories of actual ozone precursor emissions for the year 1990. The Ohio ozone nonattainment areas covered by this rulemaking are Toledo (Lucas and Wood Counties) and Dayton (Clark, Greene, Miami, and Montgomery Counties).

In the final rules section of this **Federal Register**, USEPA is approving the State's SIP revision request as a direct final rule without prior proposal because USEPA views this as noncontroversial and anticipates no adverse comments. A detailed rationale for the approval is set forth in the direct final rule. If no adverse or critical comments are received in response to that direct final rule, no further activity is contemplated in relation to this proposed rule. If USEPA receives adverse comments, the direct final rule will be withdrawn and all public comments received will be addressed in a subsequent final rule based on this proposed rule. USEPA will institute a second comment period on this action only if warranted by revisions to the rulemaking based on comments received. Any parties interested in commenting on this action should do so at this time.

DATES: Comments on this action must be received by April 21, 1995.

ADDRESSES: Written comments should be mailed to: William L. MacDowell, Chief, Regulation Development Section, Air Enforcement Branch (AE-17J), USEPA, Region 5, 77 West Jackson Boulevard, Chicago, Illinois 60604.

Copies of the State submittal and USEPA's analysis of it are available for inspection at: Regulation Development Section, Air Enforcement Branch (AE-17J), USEPA, Region 5, 77 West Jackson Boulevard, Chicago, Illinois 60604.

FOR FURTHER INFORMATION CONTACT:

Richard Schleyer, Environmental Engineer, Regulation Development Section, Air Enforcement Branch (AE-17J), USEPA, Region 5, 77 West Jackson Boulevard, Chicago, Illinois 60604, (312) 353-5089.

SUPPLEMENTARY INFORMATION: For additional information see the direct final rule published in the Rules Section of this **Federal Register**.

Authority: 42 U.S.C. 4201-7601q.

Dated: March 3, 1995.

Valdas V. Adamkus,
Regional Administrator.

BILLING CODE 6560-50-P

40 CFR Part 52**[MT26-1-6692b; FRL-5163-9]****Clean Air Act Approval and Promulgation of State Implementation Plan for Montana; Butte; PM₁₀ Contingency Measures and Revisions to the Attainment and Maintenance Demonstrations**

AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed rule.

SUMMARY: EPA proposes to approve the State implementation plan (SIP) revisions submitted by the State of Montana with a letter dated August 26, 1994. This submittal addresses, for the Butte moderate PM₁₀ nonattainment area, the Federal Clean Air Act requirement to submit contingency measures for particulate matter with an aerodynamic diameter less than or equal to a nominal 10 micrometers (PM₁₀) for areas designated as nonattainment for the PM₁₀ National Ambient Air Quality Standards (NAAQS). This submittal also includes revisions to the attainment and maintenance demonstrations for the moderate PM₁₀ nonattainment area SIP for Butte due to the inclusion of new emission limits in a revised air quality permit for Montana Resources, Inc. Since the SIP adequately addresses the requirement for contingency measures and, with the new emission limits for Montana Resources, Inc., still adequately demonstrates attainment and maintenance of the PM₁₀ NAAQS in Butte, EPA proposes to approve these revisions.

In the final rules section of this **Federal Register**, EPA is acting on the State's SIP revisions as a direct final rule without prior proposal because the Agency views this as a noncontroversial revision amendment and anticipates no adverse comments. A detailed rationale

for EPA's actions is set forth in the direct final rule. If no adverse comments are received in response to this proposed rule, no further activity is contemplated and the direct final rule will become effective. If EPA receives adverse comments, the direct final rule will be withdrawn and all public comments received will be addressed in a subsequent final rule based on this proposed rule. EPA will not institute a second comment period on this action. Any parties interested in commenting on this document should do so at this time.

DATES: Comments on this proposed rule must be received in writing by April 21, 1995.

ADDRESSES: Written comments on this action should be addressed to Amy Platt, 8ART-AP, at the EPA Regional Office listed below. Copies of the State's submittal and documents relevant to this proposed rule are available for inspection during normal business hours at the following locations: Air Programs Branch, Environmental Protection Agency, Region VIII; 999 18th Street, suite 500, Denver, Colorado 80202-2405; and Montana Department of Health and Environmental Sciences, Air Quality Bureau, Cogswell Building, Helena, Montana 59620-0901.

FOR FURTHER INFORMATION CONTACT: Amy Platt at (303) 293-1769.

SUPPLEMENTARY INFORMATION: See the information provided in the Direct Final action which is located in the Rules Section of this **Federal Register**.

Dated: February 17, 1995.

Jack McGraw,

Acting Regional Administrator.

BILLING CODE 6560-50-P

40 CFR Part 52**[CA38-2-6232b; FRL-5171-4]****Approval and Promulgation of State Implementation Plans; California State Implementation Plan Revision, Bay Area Air Quality Management District (BAAQMD)**

AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed rule.

SUMMARY: EPA is proposing to approve revisions to the California State Implementation Plan (SIP) which concern the control of volatile organic compound (VOC) emissions from coating, cleaning, and manufacturing operations. These revisions also concern gasoline dispensing and the control of VOCs from municipal landfills.
