

be deemed to be fair and equitable and not in excess of an amount which interstate pipelines would be permitted to charge for similar transportation service. The Commission may, prior to the expiration of the 150-day period, extend the time for action or institute a proceeding to afford parties an opportunity for written comments and for the oral presentation of views, data, and arguments.

Any person desiring to participate in this rate proceeding must file a motion to intervene in accordance with sections 385.211 and 385.214 of the Commission's Rules of Practice and Procedures. All motions must be filed with the Secretary of the Commission on or before March 31, 1995. The petition for rate approval is on file with the Commission and is available for public inspection.

Lois D. Cashell,

Secretary.

ENVIRONMENTAL PROTECTION AGENCY

[FRL-5176-4]

Public Water System Supervision Program Revision for the State of Ohio

AGENCY: Environmental Protection Agency.

ACTION: Notice.

SUMMARY: Public notice is hereby given in accordance with the provision of Section 1413 of the Safe Drinking Water Act, as amended, 42 U.S.C. 300f *et seq.*, and 40 CFR part 142, subpart B, the National Primary Drinking Water Regulations (NPDWR), that the State of Ohio is revising its approved Public Water System Supervision (PWSS) primacy program. The Ohio Environmental Protection Agency (OEPA), has adopted drinking water regulations for Lead and Copper that correspond to the NPDWR for Lead and Copper promulgated by the U.S. Environmental Protection Agency (U.S. EPA) on June 7, 1991, (56 FR 26460-26564). The U.S. EPA has completed its review of Ohio's PWSS primacy program revision.

The U.S. EPA has determined that the Ohio rule meets the requirements of the Federal rule. Therefore, the U.S. EPA has determined that this state program revision is no less stringent than the corresponding Federal regulations, and is proposing to approve the OEPA's rule revisions.

This proposed approval includes the entire adopted Ohio Lead and Copper

Rule, except for the use of Standard Method-CU E (Bathocuproine) for measuring copper levels in finished drinking water. This method is not a Federally approved analytical method. Any systems which monitor for copper using this method will be considered to be in violation of copper monitoring and reporting requirements.

All interested parties are invited to submit written comments on this proposed determination, and may request a public hearing on or before April 21, 1995. If a public hearing is requested and granted, the corresponding determination shall not become effective until such time following the hearing, at which the Regional Administrator issues an order affirming or rescinding this action.

Requests for public hearing should be addressed to: William Spaulding (WD-17J), U.S. Environmental Protection Agency, Region 5, 77 West Jackson Boulevard, Chicago, Illinois 60604.

Any request for a public hearing shall include the following: (1) The name, address, and telephone number of the individual, organization, or other entity requesting a hearing. (2) A brief statement of the requesting person's interest in the Regional Administrator's determinations and of information that the requesting person intends to submit at such hearing. (3) The signature of the individual making the request; or, if the request is made on behalf of an organization or other entity, the signature of a responsible official of the organization or other entity.

Notice of any hearing shall be given not less than fifteen (15) days prior to the time scheduled for the hearing. Such notice will be made by the Regional Administrator in the **Federal Register** and in newspapers of general circulation in the State of Ohio. A notice will be sent to the person(s) requesting the hearing as well as to the State of Ohio. The hearing notice will include a statement of purpose, information regarding the time and location, and the address and telephone number where interested persons may obtain further information. The Regional Administrator will issue an order affirming or rescinding his determination upon review of the hearing record. Should the determination be affirmed, it will become effective as of the date of the order.

Should no timely and appropriate request for a hearing be received, and should the Regional Administrator not elect to hold a hearing on his own motion, these determinations shall become effective on April 22, 1995. Please bring this notice to the attention

of any persons known by you to have an interest in these determinations.

All documents related to these determinations are available for inspection between the hours of 8:30 a.m. and 4:30 p.m., Monday through Friday, at the following offices:

Ohio Environmental Protection Agency, Division of Drinking and Ground Waters, P.O. Box 163669, 1800 WaterMark Drive, Columbus, Ohio 43216-3669, State Docket Officer: Mr. Kirk Leifheit, (614) 644-2752
Safe Drinking Water Branch, Drinking Water Section (WD-17J), U.S. Environmental Protection Agency, Region 5, 77 West Jackson Boulevard, Chicago, Illinois 60604

FOR FURTHER INFORMATION CONTACT: William Spaulding, Region 5, Drinking Water Section at the Chicago address given above, telephone 312/886-7242.

(Section 1413 of the Safe Drinking Water Act, as amended (1986), and 40 CFR 142.10 of the National Primary Drinking Water Regulations)

Signed this 8th day of March, 1995.

David A. Ullrich,

Acting Regional Administrator, U.S. EPA, Region 5.

BILLING CODE 6560-50-P

[OPP-180962; FRL 4942-3]

Mancozeb; Receipt of Application for Emergency Exemption, Solicitation of Public Comment

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: EPA has received a specific exemption request from the Wisconsin Department of Agriculture, Trade and Consumer Protection (hereafter referred to as the "Applicant") for use of the pesticide mancozeb (CAS 8018-01-7) to control leaf, stem blight on ginseng. In accordance with 40 CFR 166.24, EPA is soliciting public comment before making the decision whether or not to grant the exemption.

DATES: Comments must be received on or before April 6, 1995.

ADDRESSES: Three copies of written comments, bearing the identification notation "OPP-180962," should be submitted by mail to: Public Response and Human Resource Branch, Field Operations Division (7506C), Office of Pesticide Programs, Environmental Protection Agency, 401 M St., SW., Washington, DC 20460. In person, bring comments to: Rm. 1128, Crystal Mall #2, 1921 Jefferson Davis Highway, Arlington, VA.
