

SUMMARY: The USEPA proposes to approve the State Implementation Plan (SIP) revision request submitted by the State of Ohio for the purpose of satisfying Clean Air Act requirements. In the final rules section of this **Federal Register**, the USEPA is approving the State's SIP revision request as a direct final rule without prior proposal, because the USEPA views this as a noncontroversial revision amendment and anticipates no adverse comments. Approval and Promulgation of Implementation Plans; California State Implementation Plan Revision; South Coast Air Quality Management District

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of proposed rulemaking (NPRM).

SUMMARY: EPA is proposing a limited approval and limited disapproval of revisions to the California State Implementation Plan (SIP) for ozone. These revisions concern the control of oxides of nitrogen (NO_x) from stationary gas turbines. The intended effect of proposing limited approval and limited disapproval of this rule is to regulate emissions of NO_x in accordance with the requirements of the Clean Air Act, as amended in 1990 (CAA or the Act). EPA's final action on this notice of proposed rulemaking will incorporate this rule into the Federally approved SIP. EPA has evaluated this rule and is proposing a simultaneous limited approval and limited disapproval under provisions of the CAA regarding EPA actions on SIP submittals and general rulemaking authority because these revisions, while strengthening the SIP, also do not fully meet the CAA provisions regarding plan submissions and requirements for nonattainment areas.

DATES: Comments on this proposed action must be received in writing on or before April 24, 1995.

ADDRESSES: Comments may be mailed to: Daniel A. Meer, Rulemaking Section (A-5-3), Air and Toxics Division, U.S. Environmental Protection Agency, Region IX, 75 Hawthorne Street, San Francisco, CA 94105.

Copies of the rule and EPA's evaluation report of the rule are available for public inspection at EPA's Region IX office during normal business hours. Copies of the submitted rule are also available for inspection at the following locations:
