

will be given until April 1, 1998 to convert to the spectrum identified in their LMS system license. Such licensees may continue to operate their systems during this period. Licensees of multilateration AVM constructed and operational systems that do not file applications to modify on or before May 22, 1995, will be permitted to continue operations under the provisions of former Section 90.239 until April 1, 1998 or the end of their original license term, whichever occurs first, at which time such licenses will cancel automatically and will not be renewed.

(d) Multilateration AVM licensees for stations that were not constructed and placed in operation on or before February 3, 1995 must construct their LMS systems and place them in operation on the spectrum identified in their LMS system license on or before April 1, 1996, or their licenses will cancel automatically (see § 90.155(e)). Also, these licenses will cancel automatically on May 22, 1995 unless timely modification applications are filed on or before this date (see paragraph (a) of this section).

(e) Non-multilateration systems licensed in spectrum other than the 902.00–904.00 and 909.75–921.75 MHz bands must modify their licenses by April 1, 1998 to specify operation solely in the bands provided in § 90.357(b) for non-multilateration systems and to operate their systems consistently with the provisions of § 90.353.

BILLING CODE 6712–01–M

47 CFR Part 73

[MM Docket No. 90–44; RM–7123 and RM–7367]

Radio Broadcasting Services; East Los Angeles, Long Beach, and Frazier Park, California

AGENCY: Federal Communications Commission.

ACTION: Final rule.

SUMMARY: The Commission grants the rule making petition (RM–7123) of Spanish Broadcasting System of Florida, Inc., licensee of Station KLAX-FM, Channel 250B, Long Beach, California, requesting a reallocation of its Class B channel in Long Beach to the community of East Los Angeles, California. See *Notice of Proposed Rule Making*, 55 FR 6808, published February 27, 1990. The Commission dismisses the counterproposal (RM–7367) of Richard A. Cramer, to allot Channel 251A to Frazier Park, California as its first local service.

EFFECTIVE DATE: May 1, 1995.

FOR FURTHER INFORMATION CONTACT: J. Bertron Withers, Jr., Mass Media Bureau, (202) 418–2180.

SUPPLEMENTARY INFORMATION: The Commission ordered modification of the license of Station KLAX-FM, Long Beach, to specify East Los Angeles as the new community of license. Channel 250B can be allotted to East Los Angeles in compliance with the Commission's requirements for minimum interstation distance separations with a site restricted to 18.9 kilometers (11.7 miles) east of East Los Angeles, located at coordinates North Latitude 34–02–45 and West Longitude 118–21–20. Because East Los Angeles is within 320 kilometers (199 miles) of the Mexican border, concurrence of the Mexican government in this proposal was obtained. With this action, the proceeding is terminated.

BILLING CODE 6712–01–F

47 CFR Part 73

[MM Docket No. 90–522; RM–7493, RM–7499]

Radio Broadcasting Services; LaCrosse, Florida and Douglas, Georgia

AGENCY: Federal Communications Commission.

ACTION: Final rule.

SUMMARY: This document allots Channel 258A to LaCrosse, Florida, as that community's first local aural transmission service, at the request of Robert E. Wideman (RM–7499), and denies the substitution of Channel 258C for Channel 258C1 at Douglas, Georgia at the request of WDMG, Inc., (RM–7493). In doing so, this document sets aside the *Report and Order* in this proceeding, upgrading Station WDMG(FM), Douglas, Georgia to Channel 258C. See 58 FR 7194, February 5, 1993. Channel 258A can be allotted to LaCrosse in compliance with the Commission's minimum distance separation requirements with a site restriction of 13.1 kilometers (8.2 miles) southeast, in order to avoid a short-spacing to Station WDMG(FM), Channel 258C1, Douglas, Georgia, and Station WQIK(FM), Channel 256C, Jacksonville, Florida, at coordinates North Latitude 29–44–38 and West Longitude 82–19–52. This document also reopens the filing window for Channel 258A at LaCrosse, Florida, which was stayed by a previous *Order*. See 58 FR 16780, March 31, 1993. With this action, this proceeding is terminated.

DATES: Effective May 1, 1995. The window period for filing applications for Channel 258A at LaCrosse, Florida, will be open on May 1, 1995, and close on June 1, 1995.
