

to balance the perceived anticompetitive effects of a regulatory policy or decision against the purpose of the Act that would be advanced by the policy or decisions and the costs associated therewith. The Commission notes that any anticompetitive effects pointed to by Thomson are not caused by the proposed rule change being approved by this order but rather by an existing Phlx rule. The Commission is reviewing Thomson's claim but does not believe that approval of this proposal will itself create any burdens on competition. Moreover, as discussed above, the rule advances fundamental purposes under the Act, namely the efficient clearance and settlement of securities.

IV. Conclusion

For the reasons stated above, the Commission finds that Phlx's proposal is consistent with Section 6 of the Act.¹¹

It Is Therefore Ordered, pursuant to Section 19(b)(2) of the Act,¹² that the proposed rule change (File No. SR-Phlx-94-55) be and hereby is approved and will become effective June 7, 1995.

For the Commission by the Division of Market Regulation, pursuant to delegated authority.¹³

Deputy Secretary.
