Federal Highway Administration

Environmental Impact Statement: Grant and Lafayette Counties, WI

AGENCY: Federal Highway Administration (FHWA), DOT.

ACTION: Notice of intent.

SUMMARY: The FHWA is issuing this notice to advise the public that an Environmental Impact Statement (EIS) will be prepared for the proposed improvement of USH 151 between Belmont and Dickeyville in Grant and Lafayette Counties, Wisconsin.

FOR FURTHER INFORMATION CONTACT: Mr. Richard C. Madrzak, Statewide Projects Engineer, Federal Highway Administration, 4502 Vernon Boulevard, Madison, Wisconsin 53705-4905. Telephone (608) 264-5968.

SUPPLEMENTARY INFORMATION: The FHWA, in cooperation with the Wisconsin Department of Transportation, will prepare an Environmental Impact Statement to improve US Highway 151 (USH 151) from west of the Village of Belmont to south of the Village of Dickeyville, a distance of about 29 km (18 mi).

The improvement of USH 151, which is primarily a two-lane rural highway, is being considered to improve traffic operation and safety while enhancing economic development potential for the USH 151 corridor from Dubuque, Iowa to Madison, Wisconsin. The Wisconsin Department of Transportation's Corridors 2020 Program, which provides a network of multi-lane highways serving statewide and regional transportation needs, includes this segment of USH 151 on the backbone network. Service expectation for the backbone network is for improvement to a 4-lane divided highway built to expressway standards, with full access control on relocation portions of the route.

Planning, environmental and engineering studies are underway to develop transportation alternatives. The EIS will assess the environmental impacts of alternatives including (1) No-build; (2) improvements along the existing rural corridor, with possible relocated alignments along portions of the route; (3) bypass corridors around the Village of Dickeyville; and (4) bypass corridors around the City of Platteville.

Information describing the proposed action and soliciting comments will be sent to appropriate Federal, State and local agencies and to private organizations and citizens who have previously expressed, or are known to have interest in this proposal. A series of public meetings will be held in the project corridor throughout the data gathering and development of alternatives. In addition, a public hearing will be held. Public notice will be given of the time and place of the meetings and hearing. The Draft EIS will be available for public and agency review and comment prior to the hearing. As part of the scoping process, coordination activities have begun. Scoping meetings will continue to be held on an individual or group meeting basis. Agency coordination will be accomplished during these meetings.

To ensure that the full range of issues related to this proposed action are addressed and all significant issues are identified, comments and suggestions are invited from all interested parties. Comments or questions concerning this proposed action and the EIS should be directed to FHWA at the address provided above.

(Catalog of Federal Domestic Assistance Program Number 20.205, Highway Planning and Construction. The regulations implementing Executive Order 112372 regarding intergovernmental consultation on Federal programs and activities apply to this program)

Issued: March 15, 1995.

"Diversity" should be interpreted in the broadest sense and encompass differences including but not limited to race, gender, religion, geographic location, socio-economic status, and physical challenges. Applicants are

strongly encouraged to adhere to the advancement of this principle.

Overview

The goal of the program is to support the economic and democratic development of Burma by helping to educate potential leaders of Burma who could assist that country in future transition to a democratic government. It is USIA's intent to provide grantees with programs of the highest quality that meet their academic and personal needs and to further the Agency's mission to promote mutual understanding.

Guidelines

Project Description

A. The applicant shall design a proposal to recruit, nominate, select, place and monitor the Burmese students in accredited U.S. academic institutions for academic programs lasting a minimum of one year.

Note: Funding for the entire period of the student program should be projected in the proposal.

B. Students should be selected for either an undergraduate program or a graduate level program as appropriate. Programs shall include such enhancements as pre-departure and arrival orientations and interim workshops focusing on assessment of skills development and transition into the workplace and related adjustments.

C. Given the language difficulties experienced by most of the previous Burmese Refugee grantees, the programs may include an intensive English language study component.

D. The organization must work with USIA, INS and the American Embassy in Bangkok to coordinate public interest parole status for the grantees since they are not eligible for J-1 visas.

E. Since it is unlikely that the grantees will be able to return to Burma at the conclusion of the program, the organization must provide relocation assistance to them at the time their studies are terminated.

F. Program participants must carry the requisite level of health and accident insurance.

Proposed Budget

USIA anticipates awarding one grant not to exceed \$300,000 for this program.

Organizations must submit a comprehensive line item budget, including a budget summary page, based on the specific guidance in the Application Package.

Please note that it is required that requested administrative funds, including indirect costs and
