Land Resource Management

AGENCY: Bureau of Land Management, Montana State Office, Interior.

ACTION: Notice.

SUMMARY: The plats of survey of the following described land are scheduled to be officially filed in the Montana State Office, Billings, Montana, thirty (30) days from the date of this publication.

Fifth Principal Meridian, North Dakota

T. 145 N., R. 102 W.

The plat representing the dependent resurvey of a portion of the subdivisional lines and the adjusted original meanders of the former right and left banks of the Little Missouri River, and the subdivision of section 26 and the survey of the meanders of the present right and left banks and certain median lines of the Little Missouri River and certain division of accretion lines, in Township 145 North, Range 102 West, Fifth Principal Meridian, North Dakota, was accepted February 9, 1995.

T. 146 N., R. 102 W.

The plat, in two sheets, representing the dependent resurvey of a portion of the subdivisional lines and the adjusted original meanders of the former right bank of the Little Missouri River, and the subdivision of section 26 and the survey of the meanders of the present right and left banks and certain median lines of the Little Missouri River and certain division of accretion lines in Township 146 North, Range 102 West, Fifth Principal Meridian, North Dakota was accepted February 9, 1995.

The above-mentioned surveys were executed at the request of Conoco Inc. and Meridian Oil Inc. to fix division of accretion lines and to apportion the bed of the Little Missouri River.

The triplicate original of the preceding described plats will be immediately placed in the open files and will be available to the public as a matter of information.

If a protest against these surveys, as shown on these plats, is received prior to the date of the official filings, the filings will be stayed pending consideration of the protest. These particular plats will not be officially filed until the day after all protests have been accepted or dismissed and become final, or appeals from the dismissal affirmed.

FOR FURTHER INFORMATION CONTACT: Bureau of Land Management, 222 North 32nd Street, P.O. Box 36800, Billings, Montana 59107-6800.

Dated: March 15, 1995.

Larry E. Hamilton,

State Director.

Realty Actions; Sales, Leases; etc.: Nevada

ACTION: FLPMA Section 302 Lease Application.

SUMMARY: Notice of Realty Action is hereby given indicating the availability of a parcel of public land for non-federal use through lease shall be issued. This lease would authorize a cemetery site on public lands administered by the Bureau of Land Management, Winnemucca District Office. An application for lease will be considered and negotiation for lease will be on a non-competitive basis. The realty action is being considered under the authority of the provisions of Section 302 of the Federal Land Policy and Management Act (FLPMA) of October 21, 1976.

The parcel is located in Humboldt County approximately five miles south of McDermitt, Nevada, on the following public lands:

Mount Diablo Meridian, Nevada,

T. 47 N., R. 38 E., Section 25: S $\frac{1}{2}$ N $\frac{1}{2}$ SE $\frac{1}{4}$ NW $\frac{1}{4}$ NW $\frac{1}{4}$, S $\frac{1}{2}$ SE $\frac{1}{4}$ NW $\frac{1}{4}$ NW $\frac{1}{4}$, N $\frac{1}{2}$ N $\frac{1}{2}$ NE $\frac{1}{4}$ SW $\frac{1}{4}$ NW $\frac{1}{4}$, containing 10 acres.

No other disposals for lease on the subject lands will be accepted due to the lack of competitive interest in the lands.

The proposal would be authorized by a lease for a term of 20 years. The lease could be renewed for a like period at the discretion of the Authorized Officer.

The parcel has not been appraised at this time, so no rental determination is available. The rent will not be less than the appraised fair market value as determined by the Bureau of Land Management.

For a period of 45 days from the date of publication of this notice in the **Federal Register**, interested parties may submit comments to the District Manager, 705 East Fourth Street, Winnemucca, Nevada 89445. In absence of adverse comments, an application for the proposed use will be processed in accordance with proper application procedures.

FOR FURTHER INFORMATION CONTACT: Chuck Valentine, Bureau of Land Management, 705 E. 4th Street, Winnemucca, Nevada 89445, (702) 623-1500.

Dated: March 10, 1995.

Ron Wenker,

District Manager, Winnemucca.

Notice of Intent to Consider Amending the Walker Resource Management Plan

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice of Intent to consider amending the Walker Resource Management Plan, prepare an environmental assessment and invite public participation.

SUMMARY: The Carson City District of the Bureau of Land Management is considering amending the Walker Resource Management Plan to address management of pinyon-juniper woodlands and off-highway vehicles (OHVs). The proposed amendment would cover public lands in the Pine Nut Mountains of Carson City, and Lyon and Douglas Counties, Nevada.

DATES AND ADDRESSES: Written comments on the proposed amendment and environmental assessment are welcomed until April 28, 1995. They should be sent to David Loomis, U.S. Bureau of Land Management, 1535 Hot Springs Road, Carson City, NV 89706. Please call Mr. Loomis at 702 885-6149 for further information.

SUPPLEMENTARY INFORMATION: The public is invited to participate in the identification of issues related to the management of pinyon-juniper woodlands and the management of off-highway vehicles in the Pine Nut Mountains of western Nevada. This plan amendment would address the expansion of pinyon-juniper woodlands and the rapid increase in population growth and OHV recreation in the Pine Nut Mountains.

The current patterns of vegetation in the Pine Nut Mountains have resulted from logging in the late 1800s, followed by a period of historic grazing by livestock. Then a long period of fire suppression limited the natural role of wildfires in the Pine Nut Mountains ecosystem. This reduced natural diversity in vegetation patterns and favored the spread of pinyon-juniper woodland. Fire suppression activities have contributed to an accumulation of fire hazard fuels that have caused a trend towards large, expensive, and destructive wildfires such as the Holbrook Junction fire of 1994.

Some of the pinyon-juniper management methods to be considered
