

1995, the rule change proposal has become effective pursuant to Section 19(b)(3)(A) of the Act and Rule 19b-4(e)(6) thereunder. In particular, the Commission believes the proposal would qualify as a "noncontroversial filing" in that the proposed standards do not significantly affect the protection of investors or the public interest and do not impose any significant burden on competition. At any time within 60 days of the filing of the proposed rule change, the Commission may summarily abrogate such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

##### **Environmental Impact Statement: Water Supply Development for the Catoosa Utility District and Upper Cumberland Plateau Region of East Tennessee**

**AGENCIES:** Rural Utilities Service (RUS) and the Tennessee Valley Authority (TVA).

**ACTION:** Extension of comment period on notice of intent and announcement of public scoping meeting.

**SUMMARY:** RUS and TVA published a Notice of Intent to prepare an Environmental Impact Statement on alternatives for water supply development for the Catoosa Utility District and the upper Cumberland Plateau region of East Tennessee in the **Federal Register** on February 8, 1995. This original notice stated comments would be received on the scope of the EIS on or before March 10, 1995. RUS and TVA are today extending that comment period until June 5, 1995, and announcing the location of a public scoping meeting.

**DATES:** Comments on the scope of the EIS must be received on or before June 5, 1995. A public scoping meeting will be held on Tuesday, April 4, 1995 at 6 p.m. Central Standard Time at Glenn Martin Junior High School, 314 South Miller Avenue, Crossville, Cumberland County, Tennessee.

**ADDRESSES:** Comments should be sent to Dale V. Wilhelm, NEPA Liaison, Tennessee Valley Authority, WT 8C, 400 West Summit Hill Drive, Knoxville, Tennessee 37902.

**FOR FURTHER INFORMATION CONTACT:** Jack L. Davis, Manager, Water Resource Projects, Tennessee Valley Authority, 400 West Summit Hill Drive, Knoxville Tennessee 37902, phone (615) 632-4678.

**SUPPLEMENTARY INFORMATION:** A Notice of Intent (NOI) to prepare an EIS on alternatives for establishing a water supply for the Catoosa Utility District and the Upper Cumberland Plateau area of East Tennessee was published in the **Federal Register** on February 8, 1995. The NOI stated that comments would be received until March 10, 1995. It was not possible to hold a public meeting on the scope of the EIS during that timeframe, and project schedules allows for a longer public scoping period. Therefore, RUS and TVA are extending the EIS scoping period until June 5, 1995, to allow sufficient time to hold the public meeting and allow the interested public to comment on the suggested scope of the EIS alternatives and important issues.

A public meeting will be held on Tuesday, April 4, 1995, at 6 p.m. Central Standard Time at Glenn Martin Junior High School, 314 South Miller Avenue, Crossville, Cumberland County, Tennessee. The purpose of this meeting will be to gain information regarding the scope of the EIS and the resources that may be affected by any proposed water supply activities. Written Comments on these issues should be mailed to the address noted above. Oral and additional written comments will be received at the public meeting.

Dated: March 17, 1995.
