Hartz Mountain Corporation Harrison, NJ; Amended Certification Regarding Eligibility To Apply for Worker Adjustment Assistance

In accordance with Section 223 of the Trade Act of 1974 (19 U.S.C. 2273) the Department of Labor issued a Certification of Eligibility to Apply for Worker Adjustment Assistance on December 2, 1994, applicable to all workers of the subject firm engaged in employment related to the production of aquariums and reflectors.

The certification notice was published in the **Federal Register** on December 16, 1994 (59 FR 65077).

At the request of the State Agency, the Department reviewed the certification for workers of the subject firm. New findings show that a few workers were laid off a few weeks before the impact date of June 16, 1993. Accordingly, the Department is amending the certification by deleting the June 16, 1993 impact date and inserting a new impact date of April 1, 1993.

The intent of the Department's certification is to include all workers who were adversely affected by increased imports.

The amended notice applicable to TA-W-30,049 is hereby issued as follows:

All workers of Hartz Mountain Corporation who became totally or partially separated from employment on or after April 1, 1993 are eligible to apply for adjustment assistance under Section 223 of the Trade Act of 1974.

Signed in Washington, DC, this 17th day of March 1995.

Victor J. Trunzo,

Program Manager, Policy and Reemployment Services, Office of Trade Adjustment Assistance.

Determinations Regarding Eligibility To Apply for Worker Adjustment Assistance and NAFTA Transitional Adjustment Assistance

In accordance with section 223 of the Trade Act of 1974, as amended, the Department of Labor herein presents summaries of determinations regarding eligibility to apply for trade adjustment assistance for workers (TA-W) issued during the period of March, 1995.

In order for an affirmative determination to be made and a certification of eligibility to apply for worker adjustment assistance to be issued, each of the group eligibility requirements of section 222 of the Act must be met.

(1) That a significant number or proportion of the workers in the workers' firm, or an appropriate subdivision thereof, have become totally or partially separated,

(2) That sales or production, or both, of the firm or subdivision have decreased absolutely, and

(3) That increases of imports of articles like or directly competitive with articles produced by the firm or appropriate subdivision have contributed importantly to the separations, or threat thereof, and to the absolute decline in sales or production.

Negative Determinations for Worker Adjustment Assistance

In each of the following cases the investigation revealed that criterion (3) has not been met. A survey of customers indicated that increased imports did not contribute importantly to worker separations at the firm.
