LIBRARY OF CONGRESS

Copyright Office

37 CFR Part 202

[Docket No. 95-2]

Registration of Claims to Copyright; Group Registration of Daily Newsletters

AGENCY: Copyright Office, Library of Congress.

ACTION: Final rule.

SUMMARY: The Copyright Office of the Library of Congress is adopting a new regulation that permits group registration of daily newsletters. Publishers of daily newsletters, which are issued routinely at least two times

per week, may register these newsletters in groups at a reduced fee, on a single application, if they meet certain requirements. The group registration privilege is contingent upon the publisher or claimant meeting the conditions specified in the regulation. The final rule implements a portion of section 408(c)(1) of the Copyright Act of 1976 relating to the deposit requirements for copyright registration.

EFFECTIVE DATE: This rule will become effective March 28, 1995.

FOR FURTHER INFORMATION CONTACT:

Marilyn J. Kretsinger, Acting General Counsel, Copyright GC/I&R, P.O. Box 70400, Southwest Station, Washington, D.C. 20024. Telephone: (202) 707-8380. Telefax: (202) 707-8366.

SUPPLEMENTARY INFORMATION: Under section 407 of the Copyright Act of 1976, title 17 of the U.S. Code, the owner of copyright, or of the exclusive right of publication, in a work published in the United States is required to deposit two copies of the work in the Copyright Office for the use or disposition of the Library of Congress. The deposit is to be made within three months after such publication. Failure to make the required deposit does not affect the copyright in the work, but may subject the copyright owner to fines and other monetary liability if the failure is continued after a demand for deposit is made by the Register of Copyrights.

Section 408 of title 17 requires deposit of material in connection with applications for voluntary registration of claims to copyright in unpublished and published works. Subsection 408(c)(1) authorizes the Register of Copyrights to establish by regulation the nature of the deposit that is required. These regulations may require or permit "a single registration for a group of related works."

On December 7, 1990, the Copyright Office issued regulations permitting group registration of serials (55 FR 50556 (Dec. 7, 1990)) and on September 1, 1992, it issued regulations permitting group registration of daily newspapers (57 FR 39615 (Sept. 1, 1992)). Both of those regulations are unchanged and continue to govern group registration of serials, other than daily newsletters. For purposes of this regulation, a daily newsletter is defined as a serial published and distributed by mail or electronic media (telefacsimile, cassette tape, diskette or CD-ROM). Publication must occur at least two days per week and the newsletter must contain news or information of interest chiefly to a special group (for example, trade and professional associations, corporate

house organs, schools, colleges, and churches). Daily newsletters are published series that are not available on newsstands. They are customarily sold by subscription and distributed electronically or by mail.

The Copyright Office is now publishing a regulation that permits group registration of daily newsletters that meet all of the specified conditions. Under the regulation, daily newsletters that are published routinely at least two times per week may be registered in groups at a reduced fee if all other requirements are met. Publishers that meet these qualifications may register all newsletters bearing issue dates within a single calendar month under the same continuing title on a single Form SE/Group with the deposit of a single copy of each issue and a \$10 filing fee for each issue. Each issue must be an essentially new collective work or all new issue that has not been published before and must be a work made for hire. The author(s) and claimant(s) must be the same for all of the issues. If the Library of Congress makes a written request, the publisher must give the Library up to two complimentary subscriptions of the specified newsletter.

Registration of claims to copyright is optional, although registration confers several benefits. If a publisher cannot meet any one of the specified conditions and he or she wishes to register then a separate registration is required for each issue. Form SE or Short Form SE should be used.

The Copyright Office is also amending § 202.3(b)(3)(ii) and footnote 6 to § 202.3(c)(2) to conform to the addition of a new § 202.3(b)(8).

(iii) Each issue must be a work made for hire.

(iv) The author(s) and claimant(s) must be the same person(s) or organization(s) for all of the issues.

(v) All the items in the group must bear issue dates within a single calendar month under the same continuing title.

(vi) If requested in writing by the Copyright Acquisitions Division of the Library of Congress, the publisher of the newsletter must give the Library of Congress up to two complimentary subscriptions of the newsletter in the edition most suitable to the Library's needs. Subscription copies must be mailed or transmitted to the separate address specified by the Copyright Acquisitions Division in its request. Subscription copies are not required unless expressly requested by the Library of Congress.

ENVIRONMENTAL PROTECTION AGENCY

40 CFR Part 52

[CA-144-2-6918b; FRL-5179-4]

California State Implementation Plan Revision; Interim Final Determination That State Has Corrected Deficiencies

AGENCY: Environmental Protection Agency (EPA).

ACTION: Interim final determination.

SUMMARY: Elsewhere in today's **Federal Register**, EPA has published a notice of proposed rulemaking fully approving revisions to the California State Implementation Plan. The revisions concern rules from the San Diego County Air Pollution Control District (SDCAPCD) and the San Joaquin Valley Unified Air Pollution Control District (SJVUAPCD): SDCAPCD Rule 61.1, Receiving and Storing Volatile Organic Compounds at Bulk Plants and Bulk Terminals; and SJVUAPCD Rule 4403, Components Serving Light Crude Oil or Gases at Light Crude Oil and Gas Production Facilities and Components at Natural Gas Processing Facilities. Based on the proposed full approval, EPA is making an interim final determination by this action that the State has corrected the deficiencies for which sanctions clocks were activated on September 30, 1993. This action will defer the application of the offset sanctions and defer the application of the highway sanctions. Although the interim final action is effective upon publication, EPA will take comment. If no comments are received on EPA's proposed approval of the State's submittal, EPA will finalize its determination that the State has corrected the deficiencies that started the sanctions clocks by publishing a notice of final rulemaking in the **Federal Register**. If comments are received on EPA's proposed approval and this interim final action, EPA will publish a final notice taking into consideration any comments received.

DATES: *Effective Date:* March 28, 1995.

Comments: Comments must be received by April 27, 1995.
