

SUMMARY: This notice proposes to amend the Class E5 airspace at Claremont Municipal Airport, Claremont, NH. This revision is necessary to provide adequate controlled airspace for the new GPS Runway 29, Standard Instrument Approach Procedure (SIAP). The proposal would add an extension running easterly from the basic radius of Class E airspace that extends from 700 feet above the surface.

DATES: Comments must be received on or before April 27, 1995.

ADDRESSES: Send comments on the proposal in triplicate to: Manager, System Management Branch, ANE-530, Federal Aviation Administration, 12 New England Executive Park, Burlington, MA 01803-5299.

The official docket may be examined in the Office of the Assistant Chief Counsel for the New England Region, ANE-7, 12 New England Executive Park, Burlington, MA 01803-5299; telephone (617) 238-7049; fax (617) 238-7055.

An informal docket may also be examined during normal business hours in the Office of the Manager, System Management Branch, Air Traffic Division, ANE-530, at the first address shown above.

FOR FURTHER INFORMATION CONTACT: Joseph A. Bellabona, System Management Branch, ANE-536, Federal Aviation Administration, 12 New England Executive Park, Burlington, MA 01803-5299; telephone (617) 238-7536; fax (617) 238-7596.

SUPPLEMENTARY INFORMATION:

Comments Invited

Interested parties are invited to participate in this proposed rulemaking by submitting such written data, views, or arguments as they may desire, event that provides the factual basis supporting the view and suggestions presented are particularly helpful in developing reasoned regulatory decisions on the proposal. Comments are specifically invited on the overall regulatory, economic, environmental, and energy-related aspects of the proposal. Communications should identify the airspace docket number and be submitted in triplicate to the address listed above. Commenters wishing the FAA to acknowledge receipt of their comments on this notice must submit with those comments a self-addressed, stamped postcard on which the following statement is made: "Comment to Airspace Docket No. 95-ANE-07." The postcard will be date/time stamped and returned to the commenter. All communications received on or before

the closing date for comments will be considered before taking action on the proposed rule. The proposal contained in this notice may be changed in light of comments received. All comments submitted will be available for examination in the Rules Docket both before and after the closing date for comments. A report summarizing each substantive public contact with FAA personnel concerned with this rulemaking will be filed in the docket.

Availability of NPRM's

Any person may obtain a copy of this Notice of Proposed Rulemaking (NPRM) by submitting a request to the Federal Aviation Administration, System Management Branch, Air Traffic Division, 12 New England Executive Park, Burlington, MA 02108-5299. Communications must identify the notice number of this NPRM. Persons interested in being placed on a mailing list for future NPRM's should also request a copy of Advisory Circular No. 11-2A which describes the application procedure.

The Proposal

The FAA is considering an amendment to part 71 of the Federal Aviation Regulations (14 CFR part 71) to increase the Class E airspace in the vicinity of Claremont Municipal Airport, Claremont, NH. The proposal would add to the basic radius of Class E airspace that extends upward from 700 feet above the surface, airspace within 2 miles on each side of the 094° bearing from the Claremont Non-Directional Beacon (NDB) extending from the 5.5-mile radius to 15.3 miles east of the Claremont NDB. This proposal would not affect that airspace within the Springfield, VT, Concord, NH, and Lebanon, NH, Class E areas. This proposal is necessary to provide adequate controlled airspace for the new GPS Runway 29, Standard Instrument Approach Procedure at Claremont Municipal Airport, Claremont, NH. Class E airspace designations for airspace areas extending upward from 700 feet or more above the surface of the earth are published in paragraph 6005 of FAA Order 7400.9B, dated July 18, 1994, and effective September 16, 1994, which is incorporated by reference in 14 CFR 71.1. The Class E airspace designation listed in this document would be published subsequently in the Order.

The FAA has determined that this proposed regulation involves only an established body of technical regulations for which frequent and routine amendments are necessary to keep these regulations operationally

current. It, therefore—(1) is not a "significant regulatory action" under Executive Order 12866; (2) is not a "significant rule" under DOT Regulatory Policies and Procedures (44 FR 11034, February 26, 1979); and (3) does not warrant preparation of a Regulatory Evaluation as the anticipated economic cost will be so minimal. Since this is a routine matter that will only affect air traffic procedures and air navigation, the FAA certifies that this rule will not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

List of Subjects in 14 CFR Part 71

Airspace, Incorporation by reference, Navigation (air).

The Proposed Amendment

Accordingly, pursuant to the authority delegated to me, the Federal Aviation Administration proposes to amend part 71 of the Federal Aviation Regulations (14 CFR part 71) as follows:

PART 71—[AMENDED]

1. The authority citation for part 71 continues to read as follows:

Authority: 49 U.S.C. app. 1348(a), 1354(a), 1510; E.O. 10854, 24 FR 9565, 3 CFR, 1959-1963, Comp., p. 389; 49 U.S.C. 106(g); 14 CFR 11.69.

§71.1 [Amended]

2. The incorporation by reference in 14 CFR 71.1 of the Federal Aviation Administration Order 7400.9B, Airspace Designations and Reporting Points, dated July 18, 1994, and effective September 16, 1994, is amended as follows:

Paragraph 6005 Class E airspace areas extending upward from 700 feet or more above the surface of the earth.

* * * * *

ANE NH E5 Claremont, NH [Amended]

Claremont NDB
(lat. 43°22'10" N, long. 72°22'16" W)

That airspace extending upward from 700 feet above the surface within a 5.5 mile radius of the Claremont NDB; and within 2 miles on each side of the 094° bearing from the Claremont NDB, extending from 5.5-mile radius to 15.3 miles east of the Claremont NDB; excluding that airspace within the Springfield, VT, Concord, NH, and Lebanon, NH, Class E areas.
